Jerry, you're pretty cool and it's
been fun being in the same class.
Be cool. Keep.

I think you're
a pretty cool guy
and a fun one in 3rd
period. Keep up the work in
photography and keep it together. I hope
you play basketball for our school again and I
wish you would become a member of the school
team. The way you are except for a few changes
you would be a great player.
Thank you.

Judge: This courtroom will now come to order. Our first case: The Prosecution vs. the co-defendants of America, White Settlement, and Brewer High School. Prosecution, will you present your opening statement?

Prosecution: I will prove that the co-defendants of America, White Settlement, and Brewer High School are guilty of unnecessary CHANGE that has drastically affected both them, and their people. I also intend to prove that the CHANGES they demand today are unnecessary. I conclude my opening statement.

Judge: Defense, will you present your opening statement?

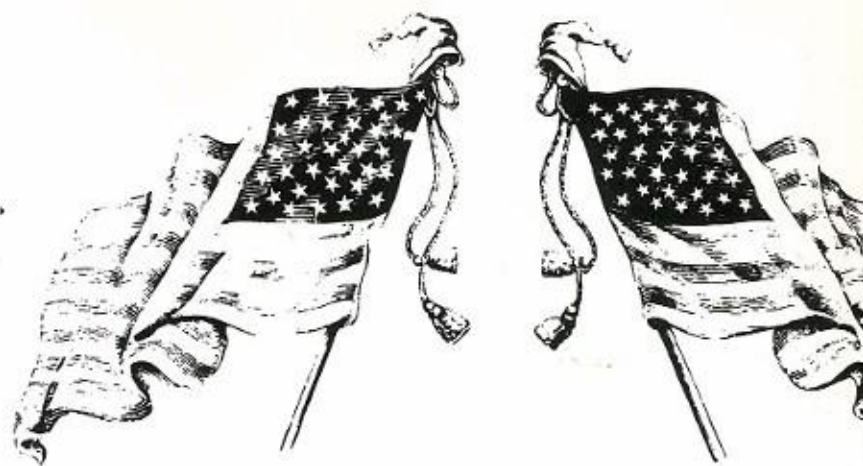

Defense: I will prove that the co-defendants are completely innocent of the charges brought against them. I will not attempt to deny the CHANGES the co-defendants have experienced and I will not deny the fact that they continue to demand CHANGE, but I will prove that the CHANGES were necessary then, and are necessary today. I conclude my opening statement.

Judge: Ladies and gentlemen of the jury, you have heard the opening remarks of both the Prosecution and Defense. Before Prosecution presents his evidence, I advise you: Listen carefully to the evidence given. The fate of the three defendants lies in your hands. Prosecution, you may state your case.

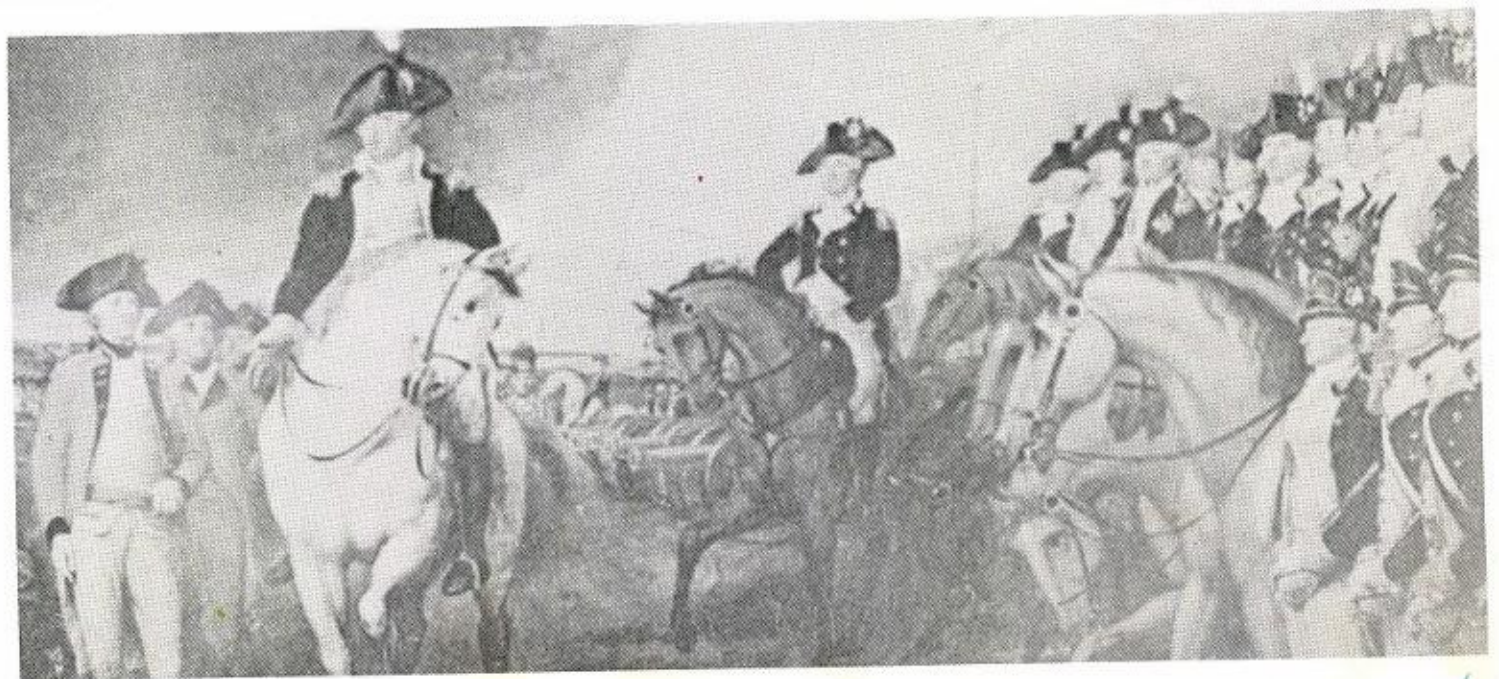

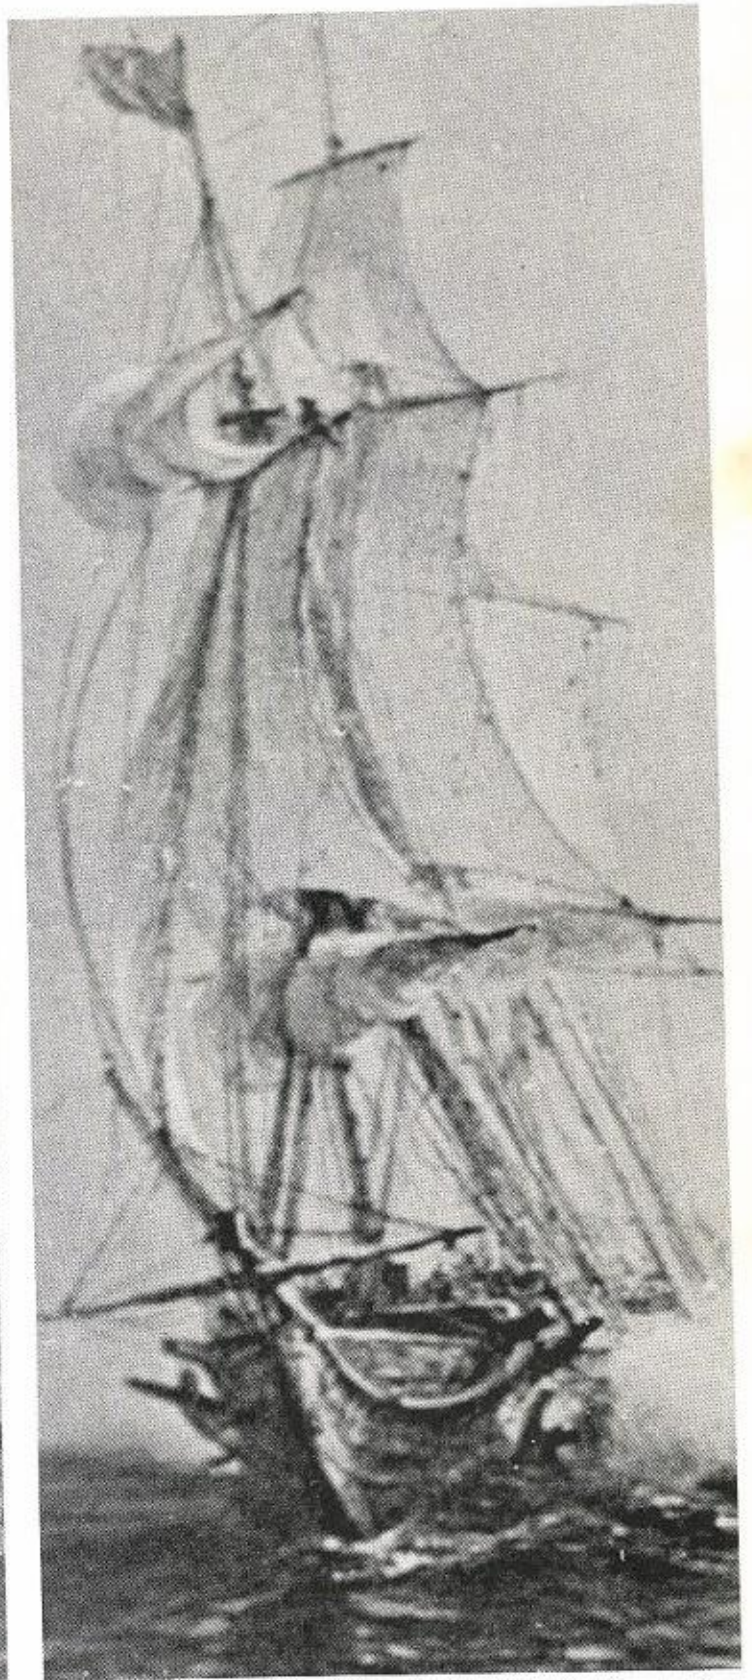

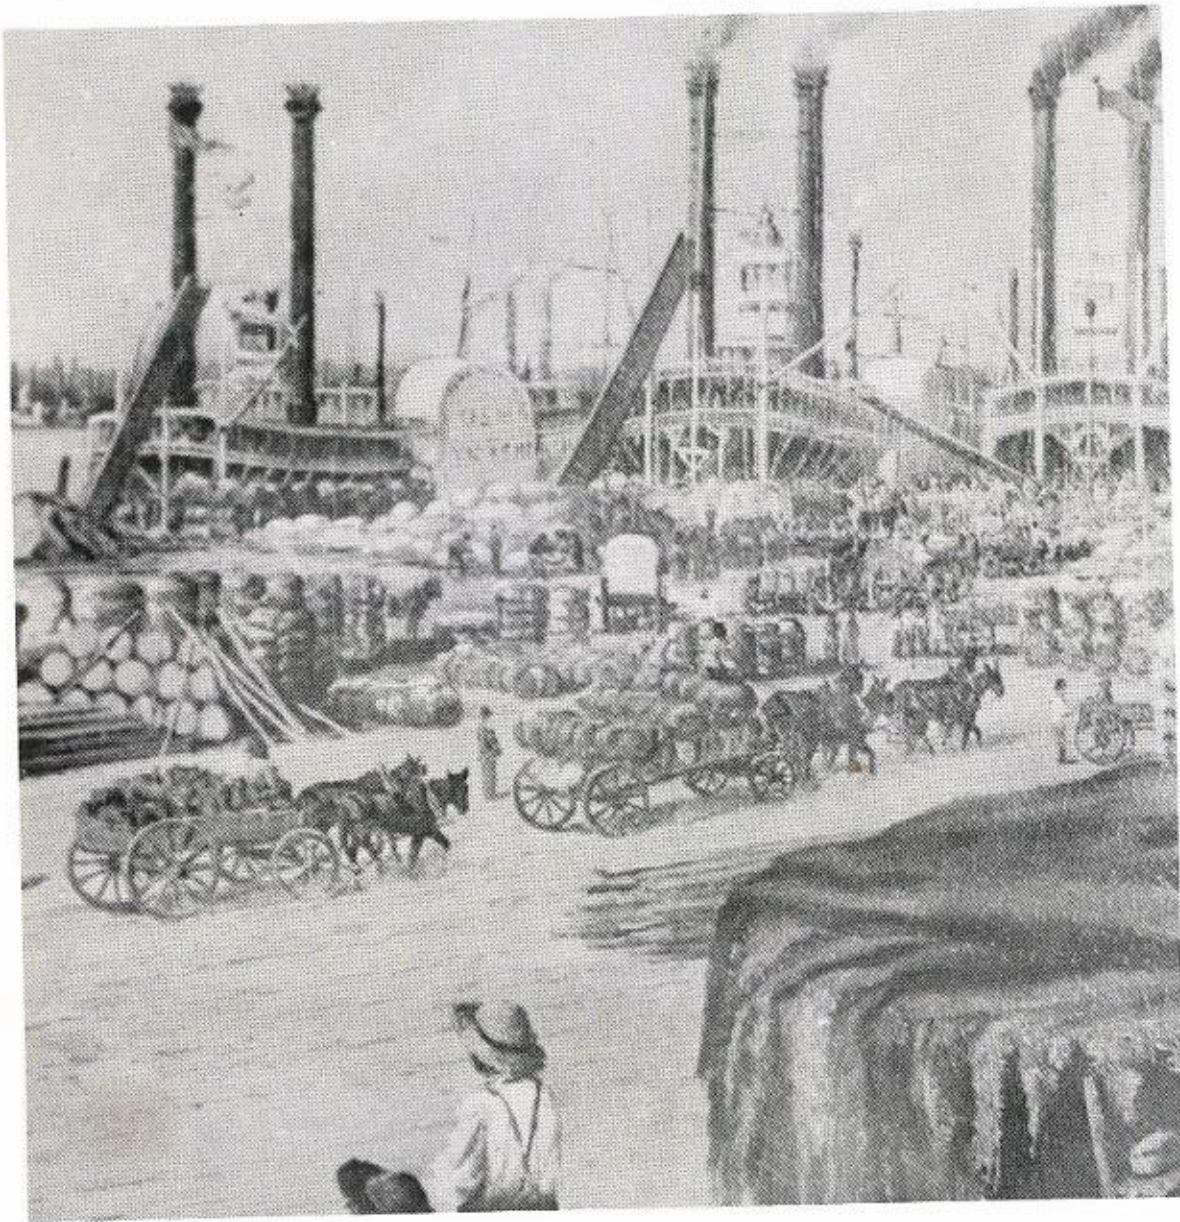

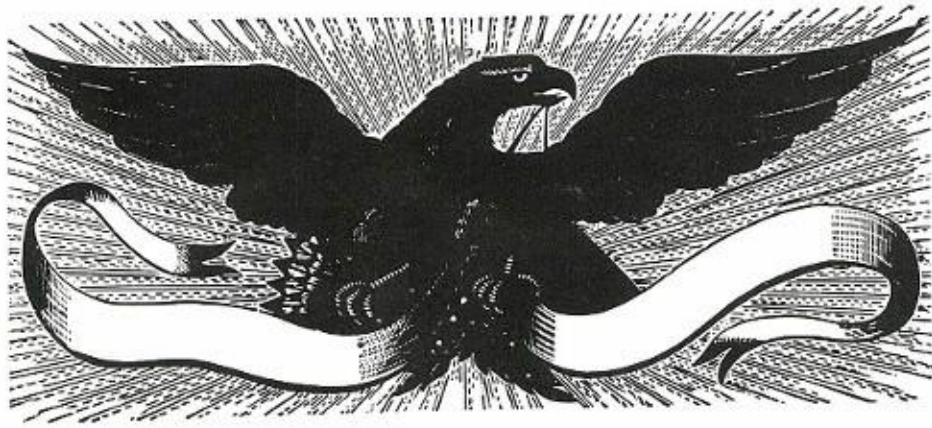

Prosecution: My first point of evidence occurred 200 years ago when your people, America, fought for the cause of freedom. As the result, a revolution of CHANGE swept the country and ravaged us to the present—1976. During this time, technology produced never-dreamed-of inventions and vehicles that allowed men to construct . . . and destroy. Consequently, the face of your land became disfigured with the scars of PROGRESS.

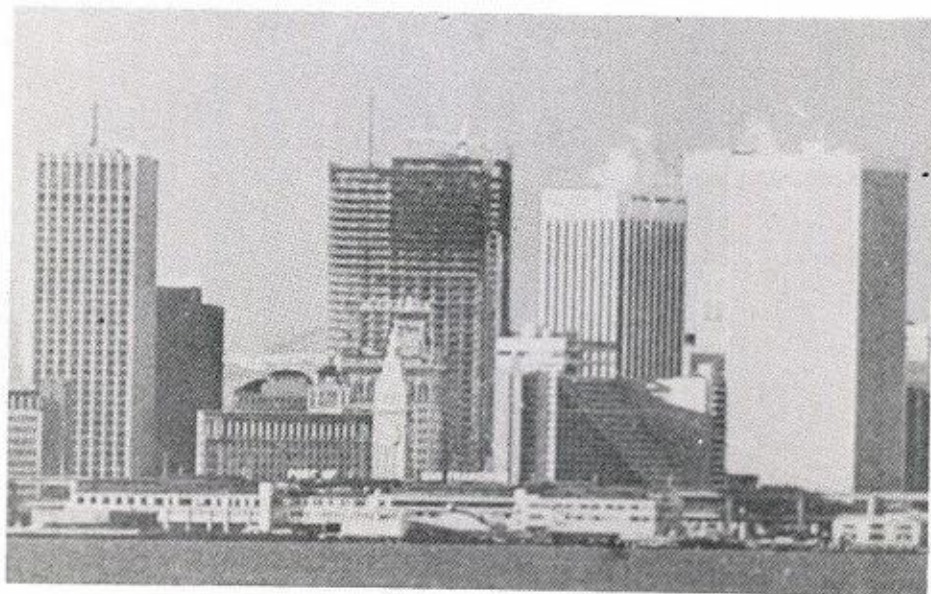

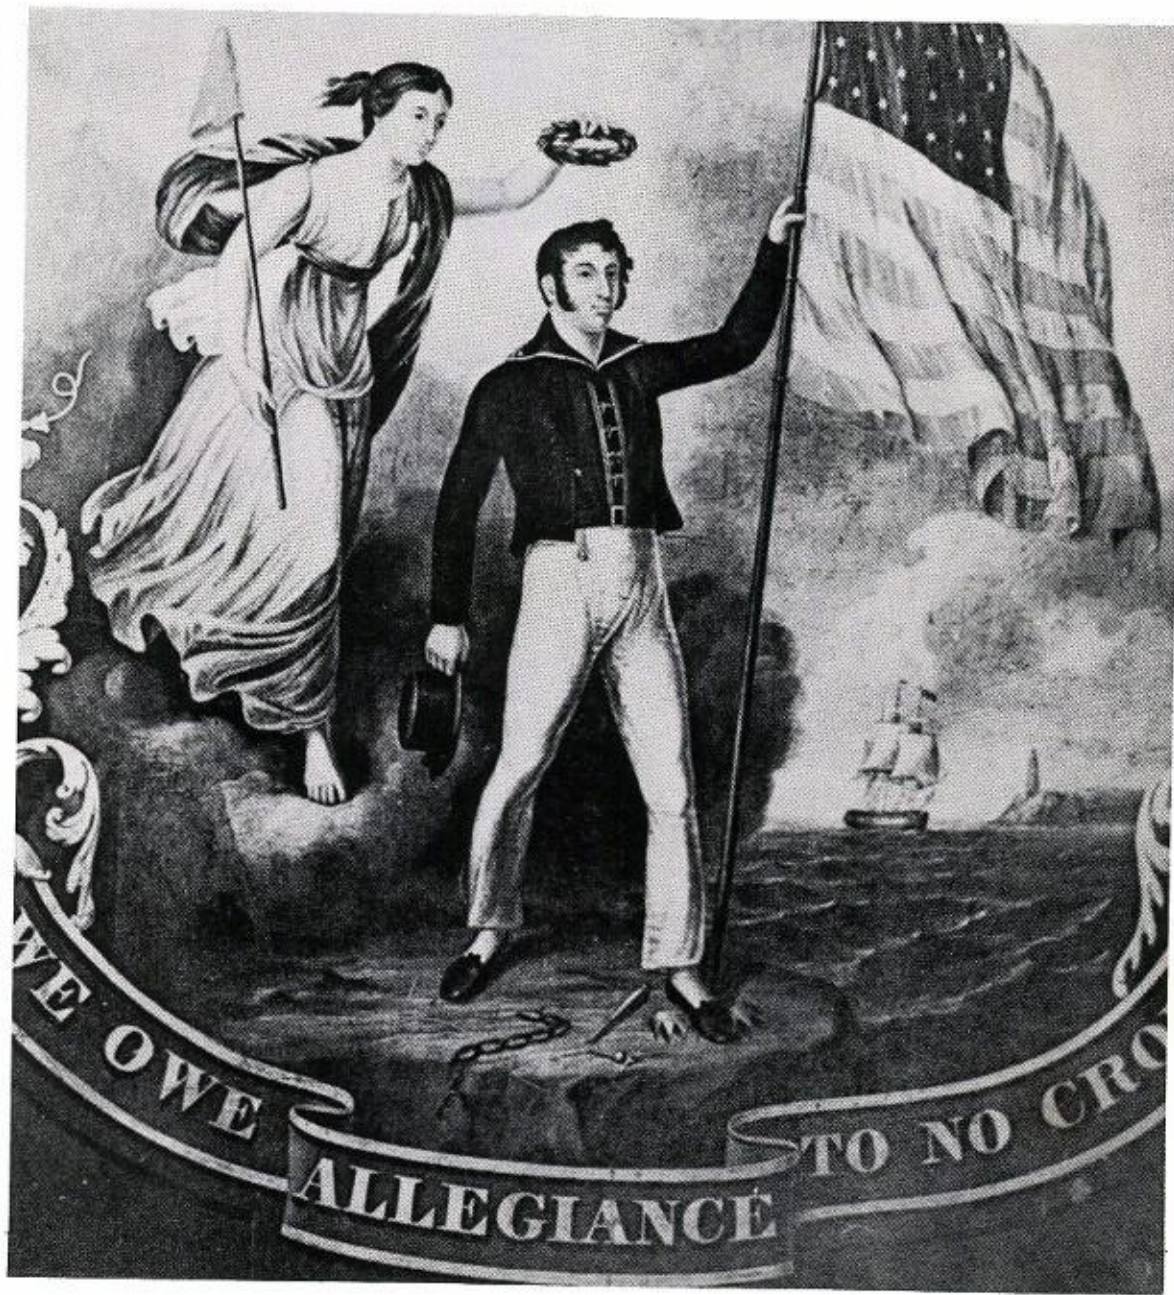

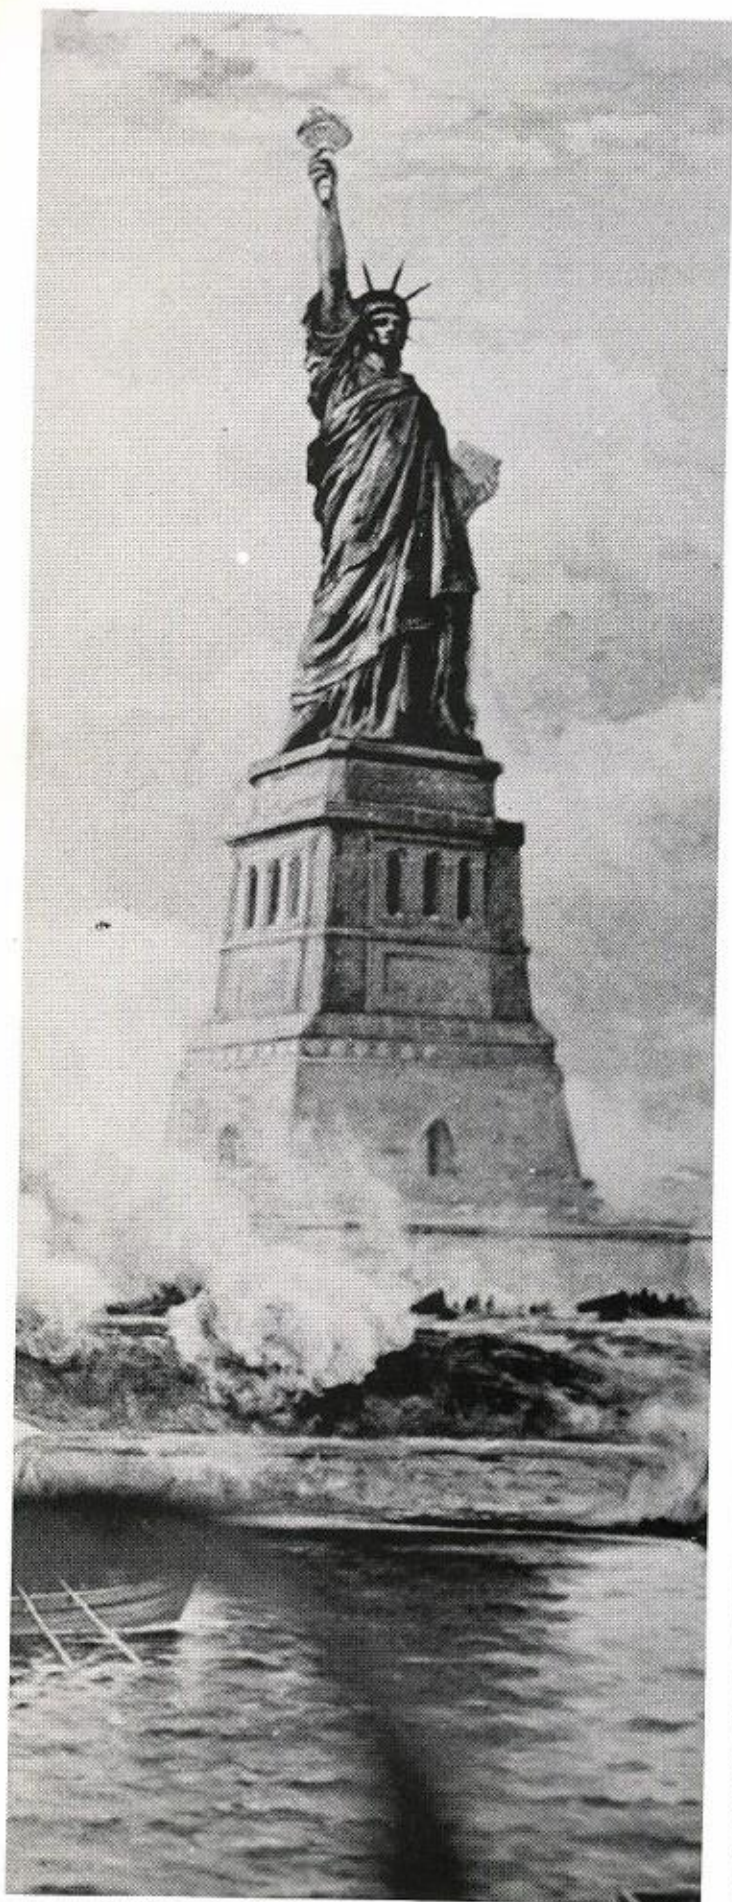

Along with the physical destruction of your land and wilderness, your people's morals were also destroyed. All respect for standards was forgotten amid the noisy construction of CHANGE, and your people substituted decency for development.

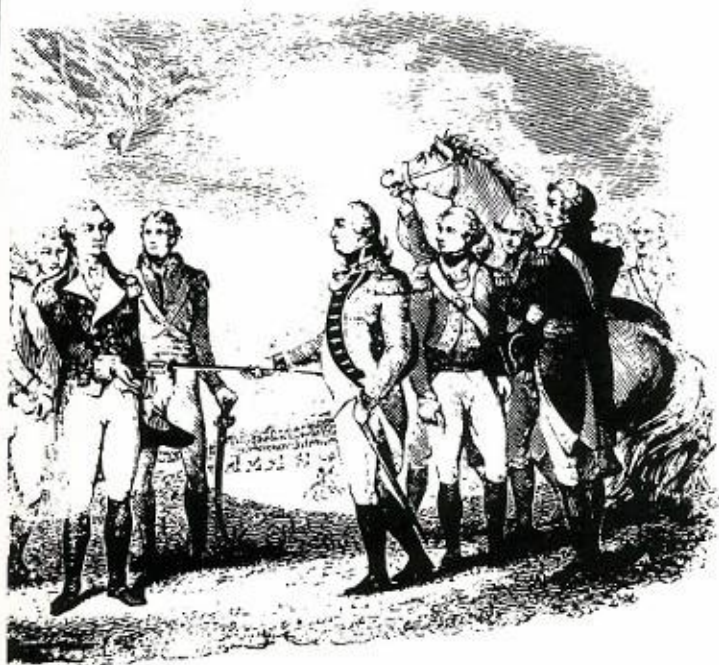

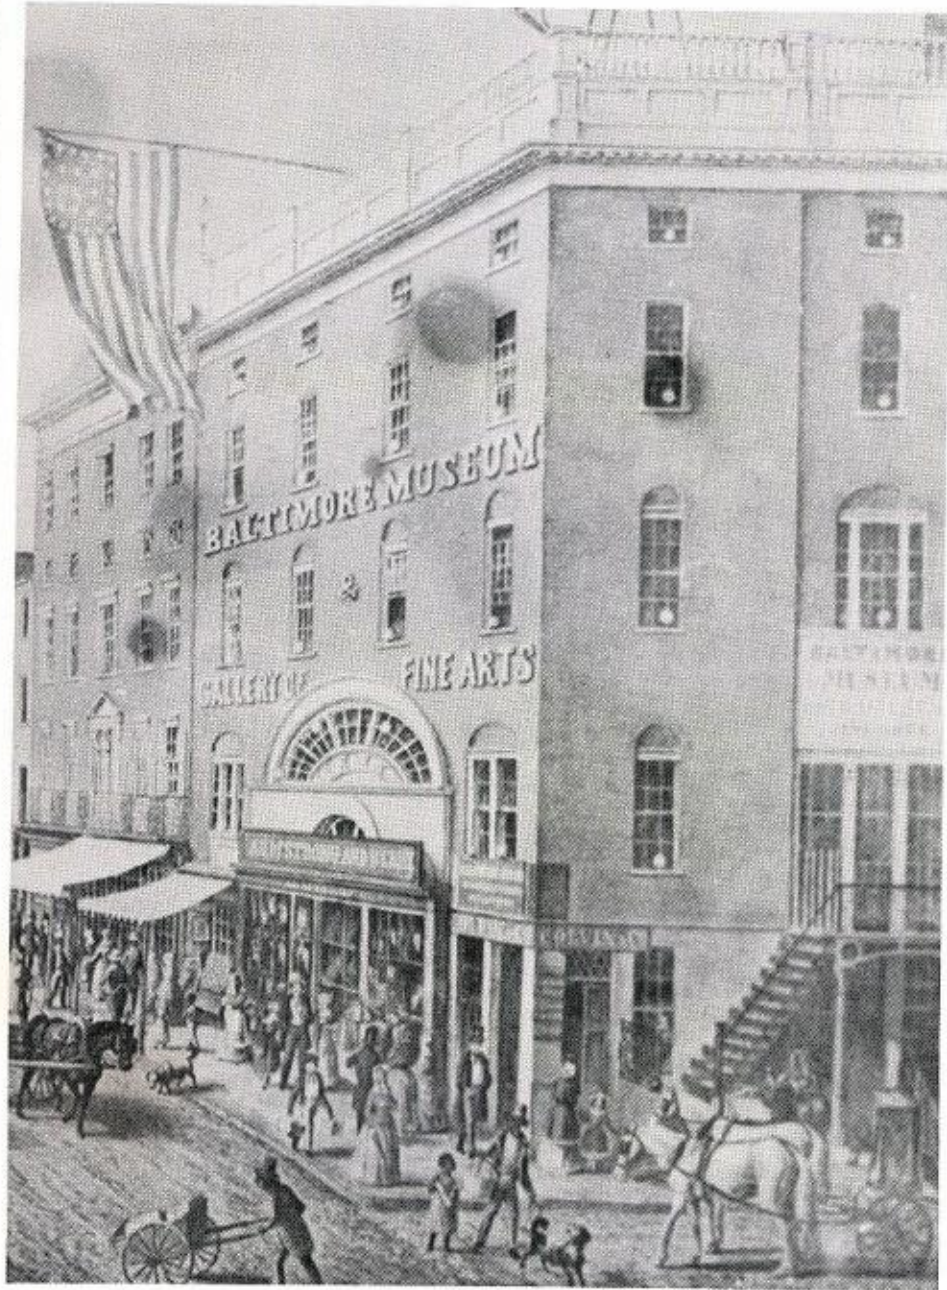

With the conclusion of this evidence, I again state that CHANGE was not only unnecessary, but devastating.

American CHANGE ... In Vain?

My second point of evidence occurred in the year 1851. In this year, you were established, White Settlement. Only four families lived in your first settlement, but soon PROGRESS and CHANGE started the wheels turning for development. You **evolved** from the legendary cowtown of hangings, Indian raids, saloons, and shoot-outs, to, as your citizens proclaim, "a dynamic city on the crossroads of PROGRESS." In this transformation, you became a center of industry and aeronautics.

With the threat of war involvement shadowing our country in the early 40's, and the concern of the government to expand our nation's defense, you and the area around you, became the site chosen for the construction of an extensive aircraft plant and an Army-Air Force training base. The construction of those facilities, and the need for employees, launched you into the infinity of PROGRESS. People heard of the "great opportunity for employment" in White Settlement and began coming by the thousands.

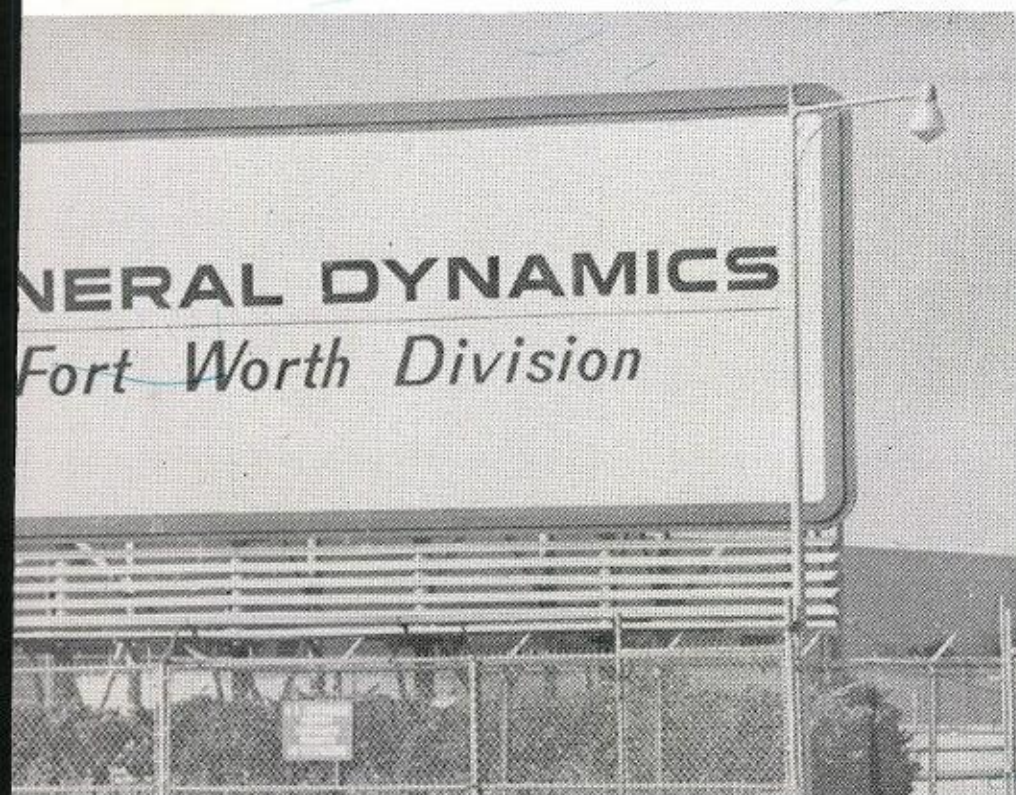

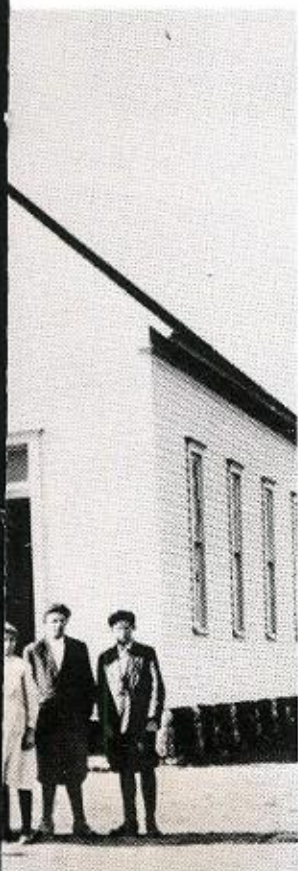

With this CHANGE, the charm and excitement of a past era was totally annihilated and, was replaced by the cold, hard reality of modernization. Your people no longer reflected your historic yesterday, but anxiously anticipated the future.

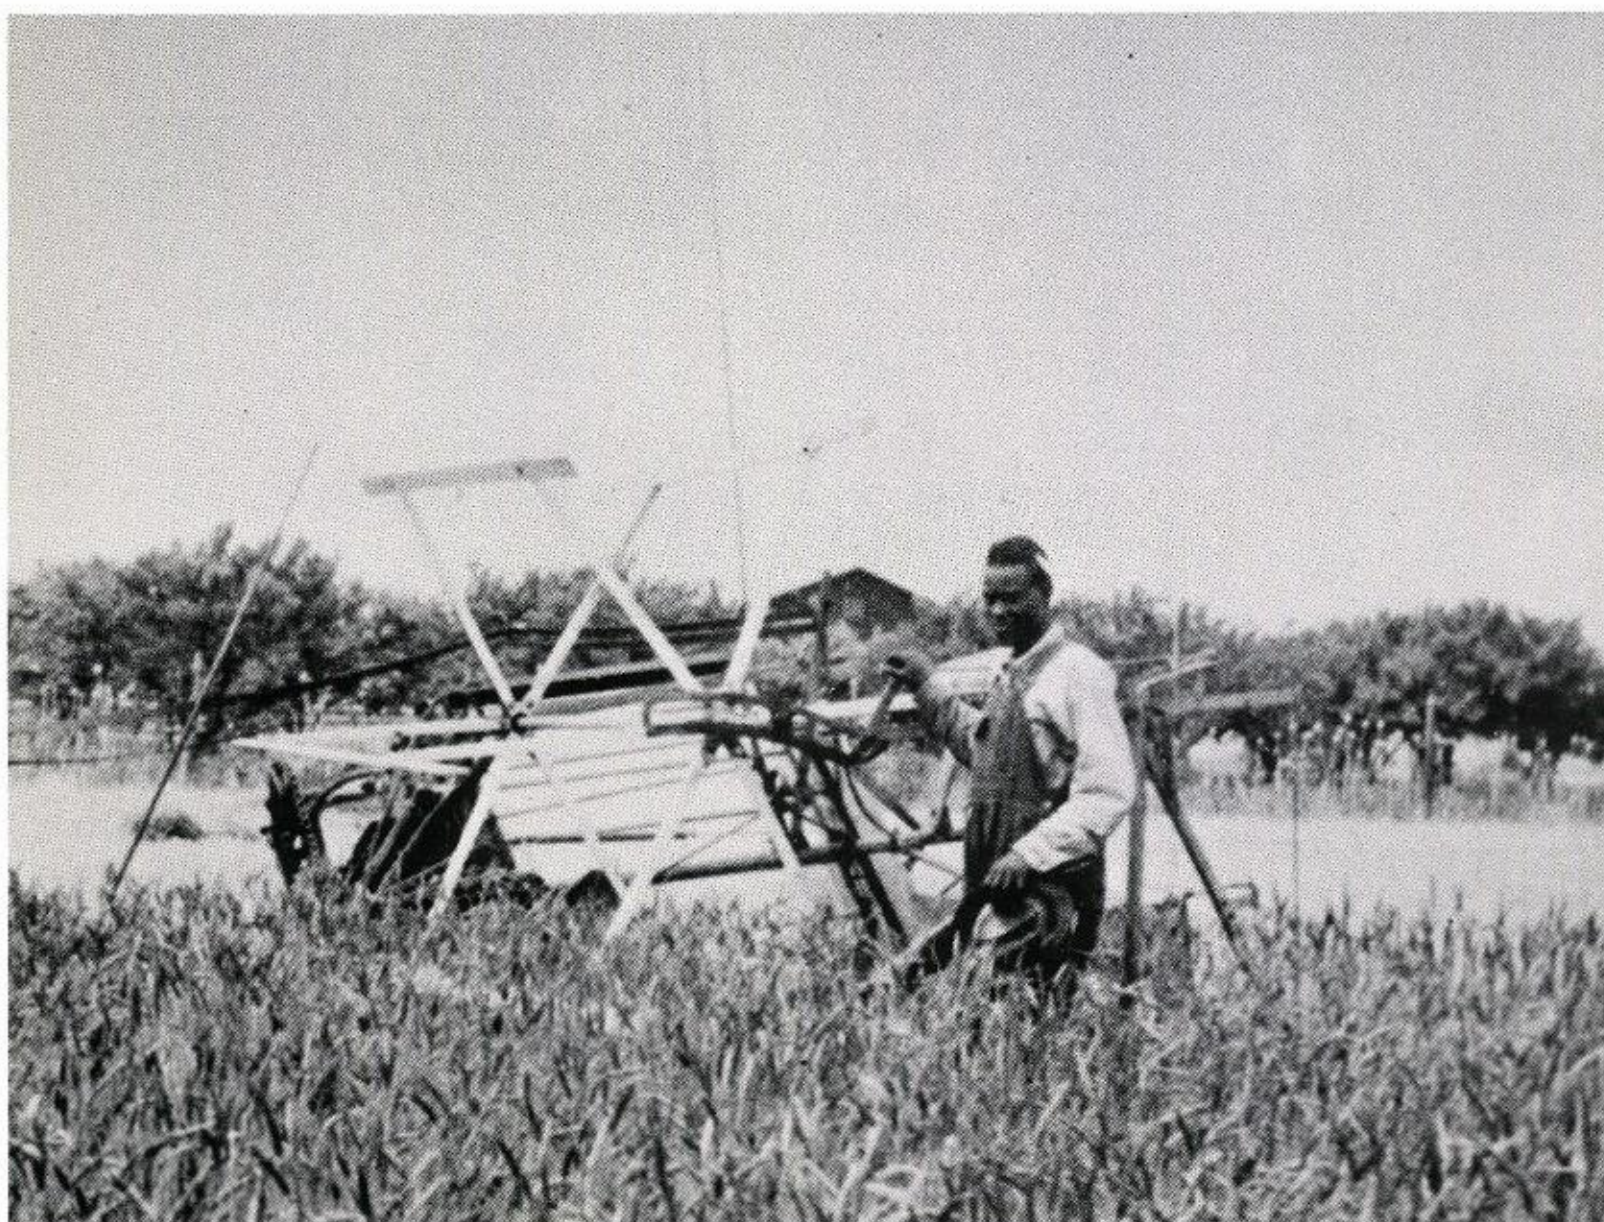

I ask you, "Was this CHANGE necessary?" Absolutely not!

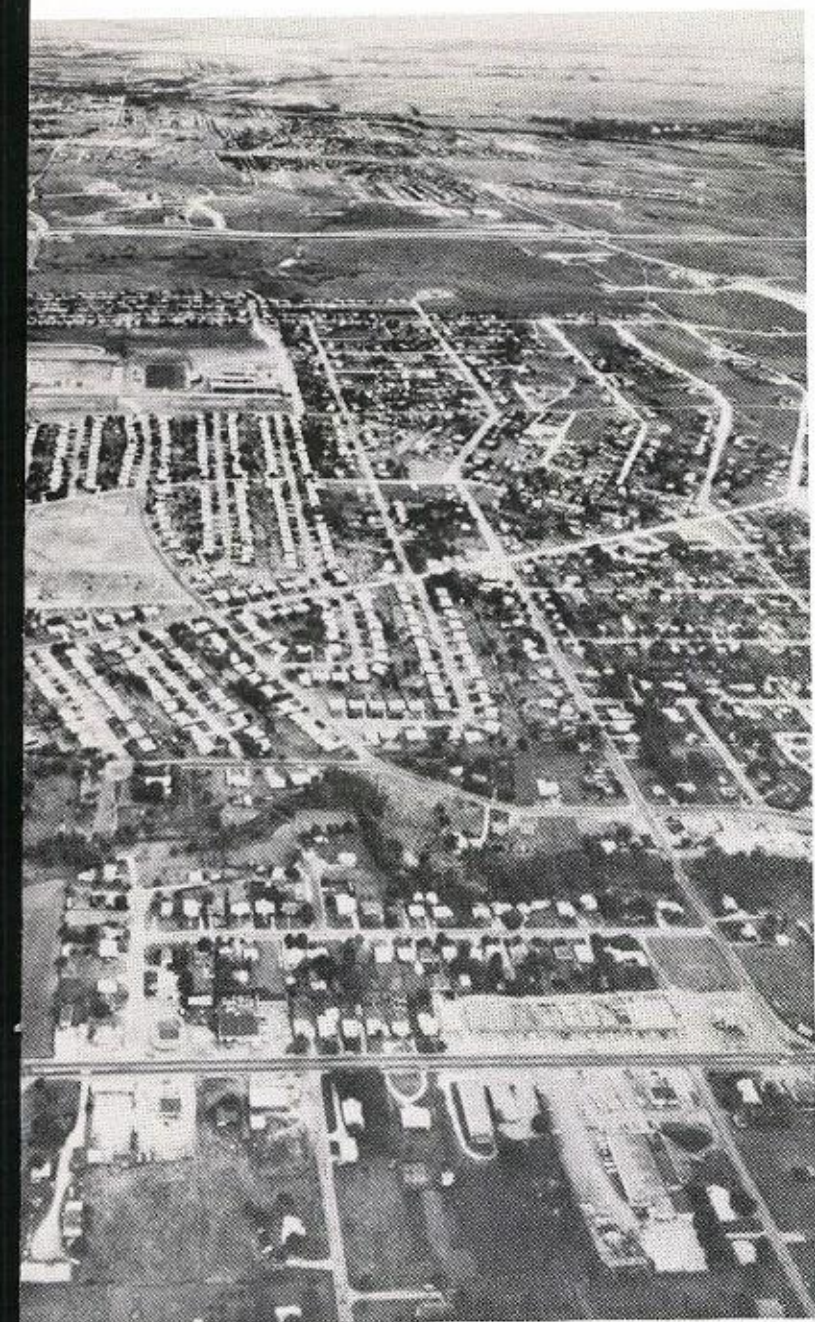

Crossroads ...

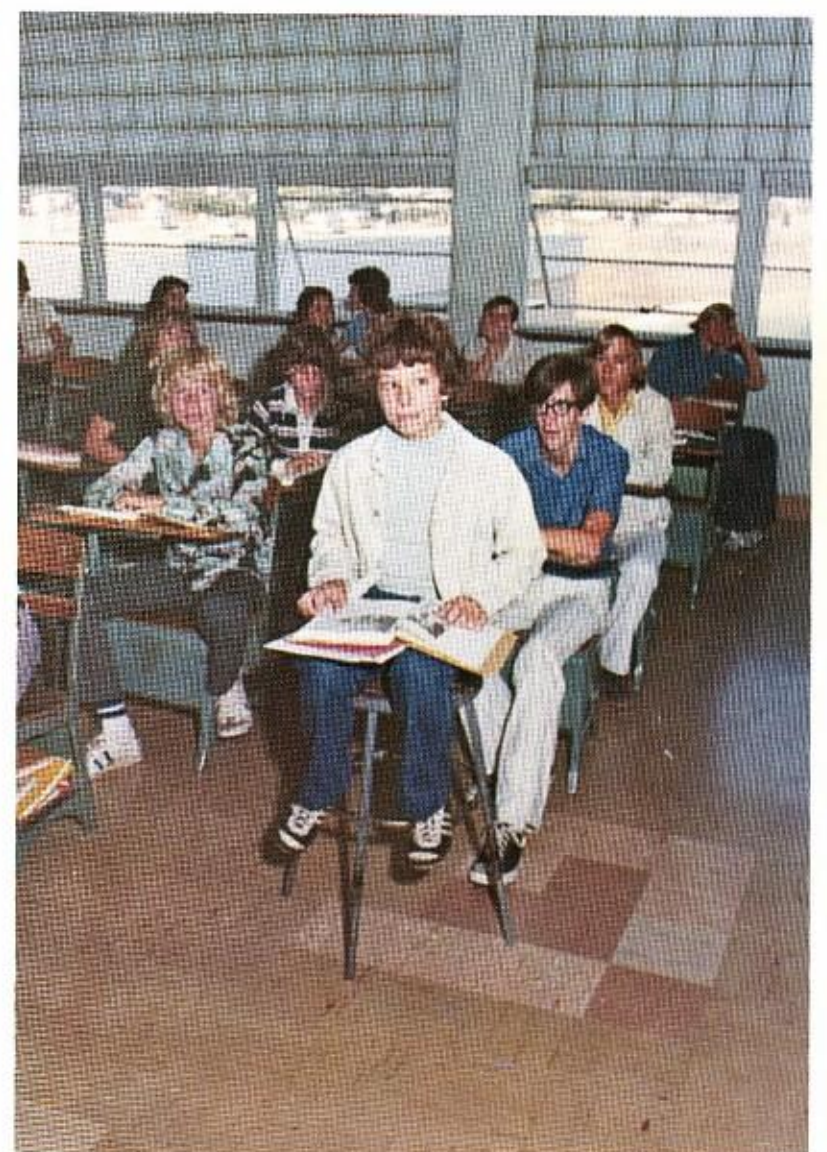

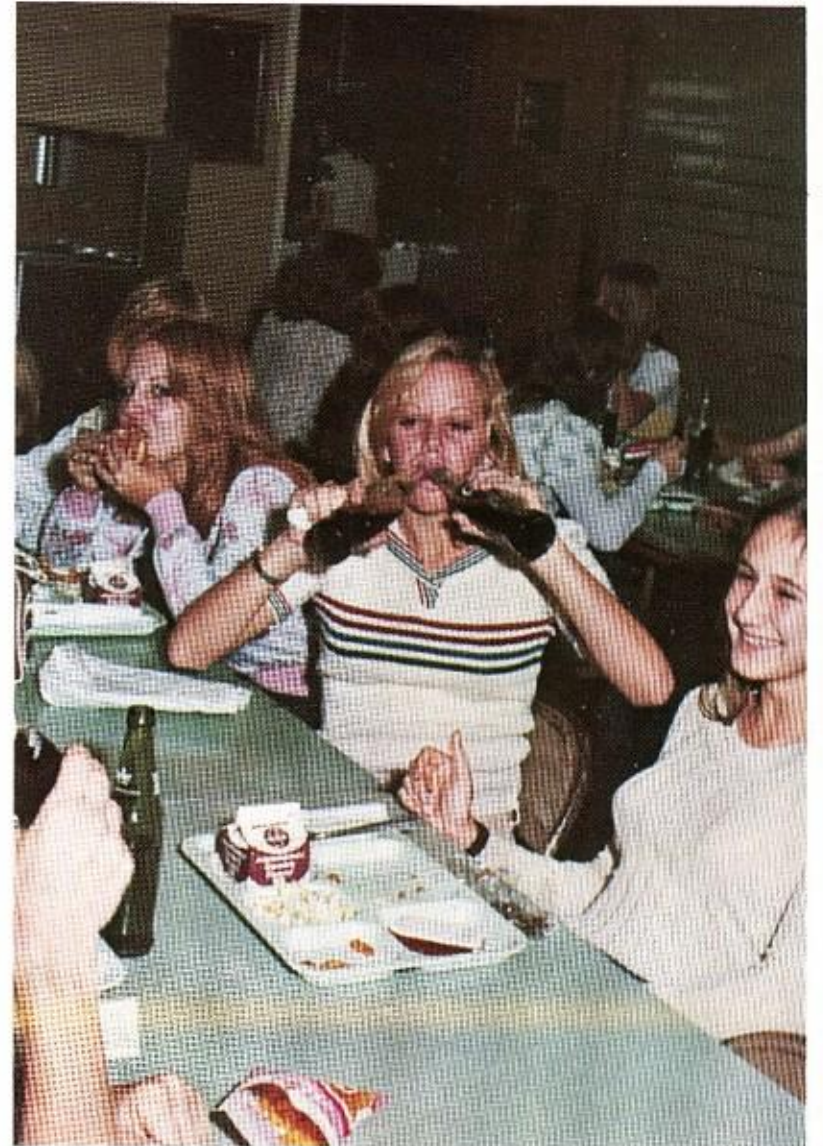

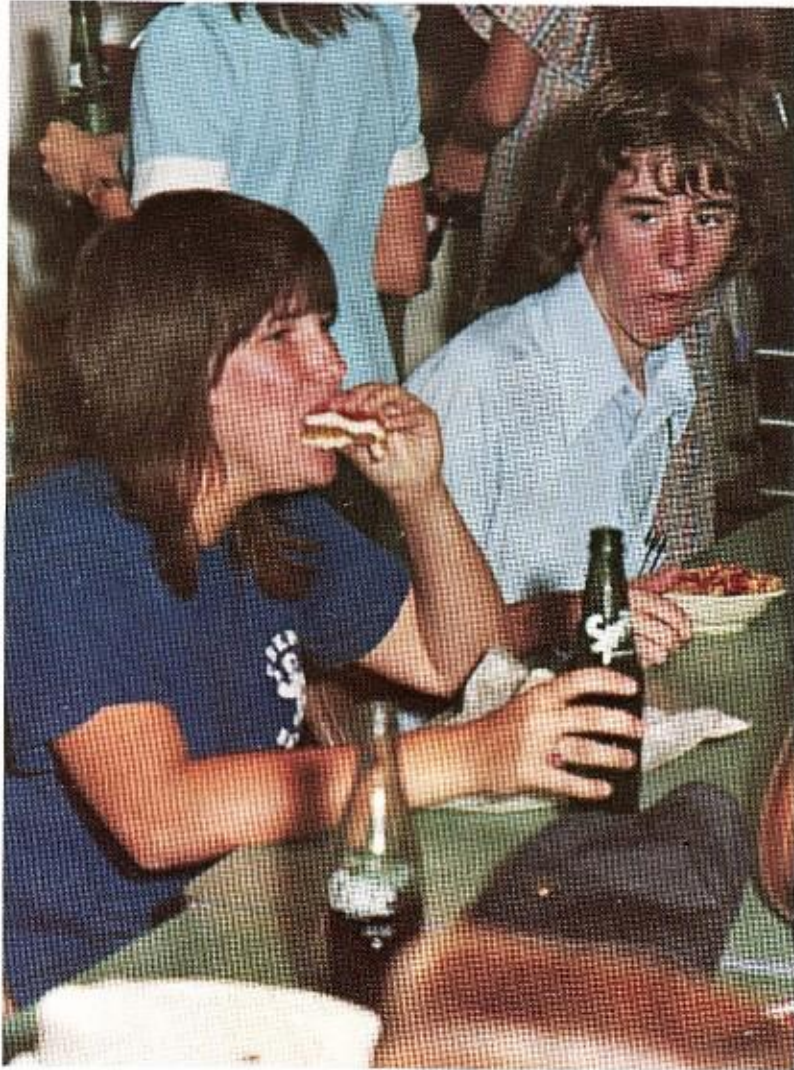

of PROGRESS

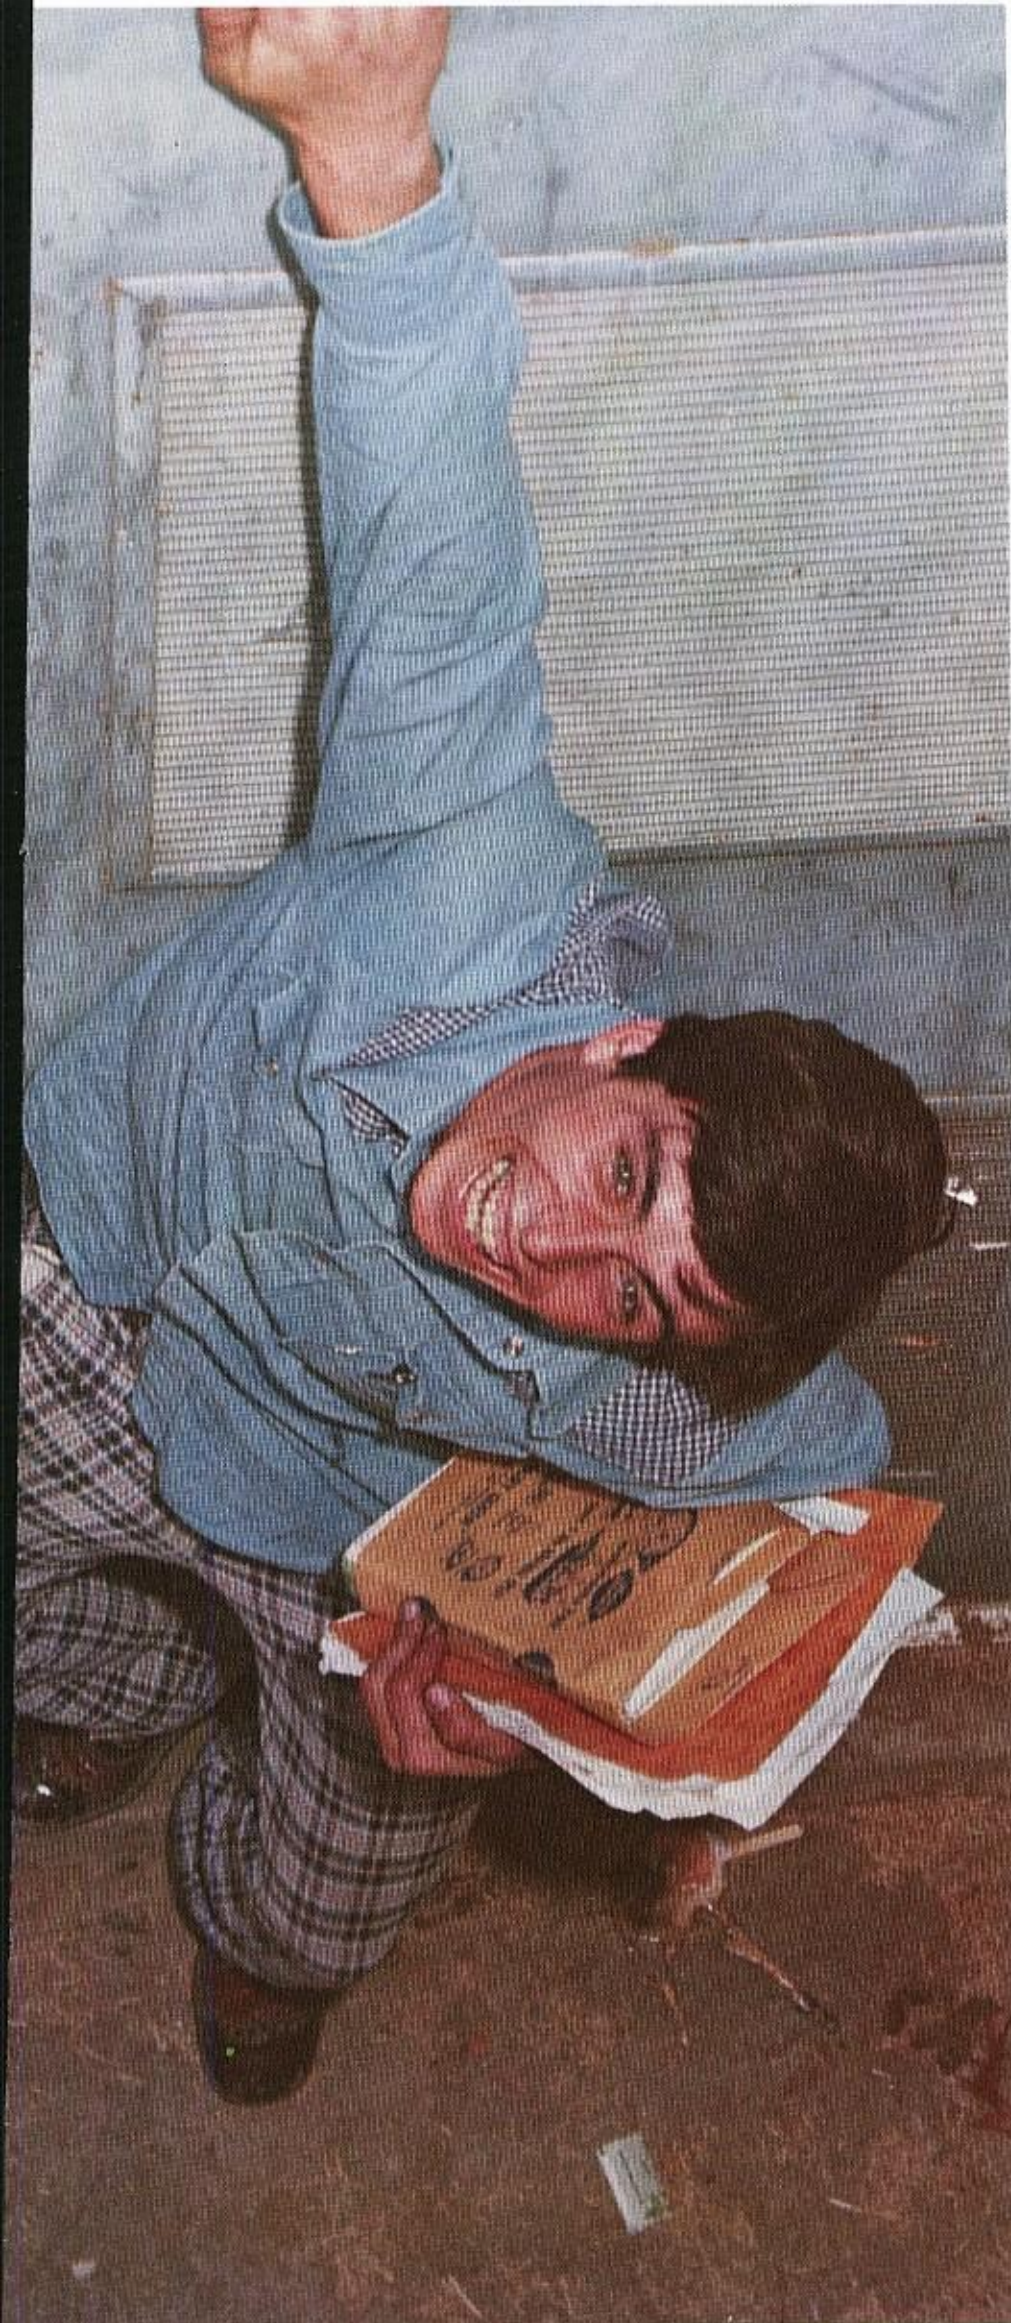

"We Don't Want A Revolution ... We Just Want CHANGE."

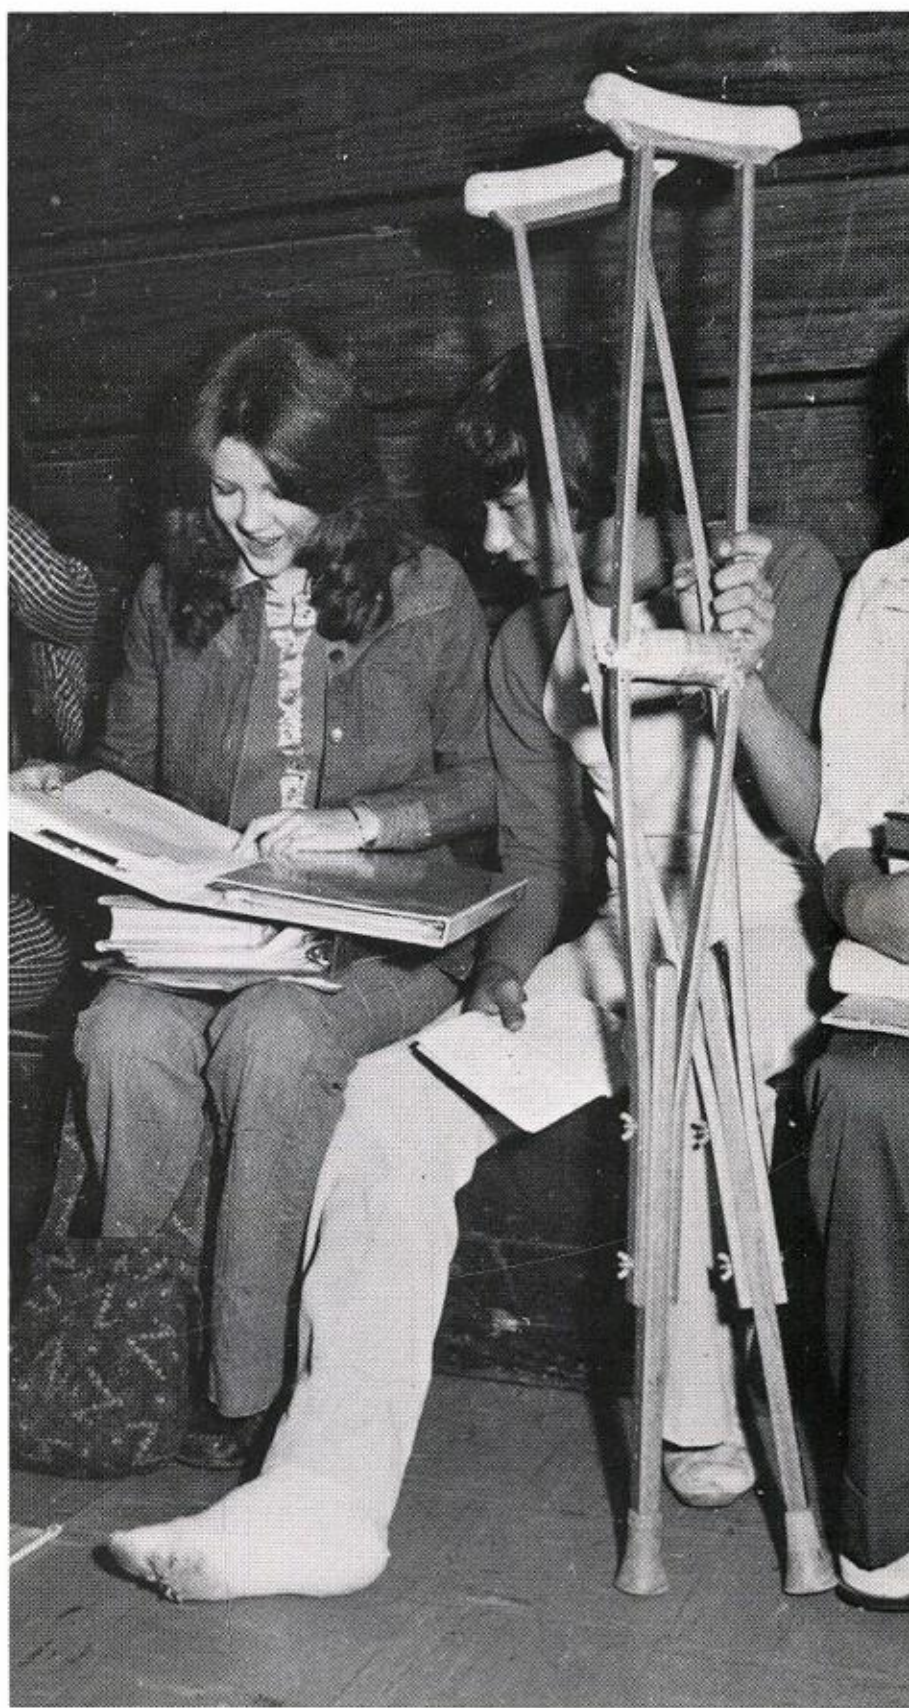

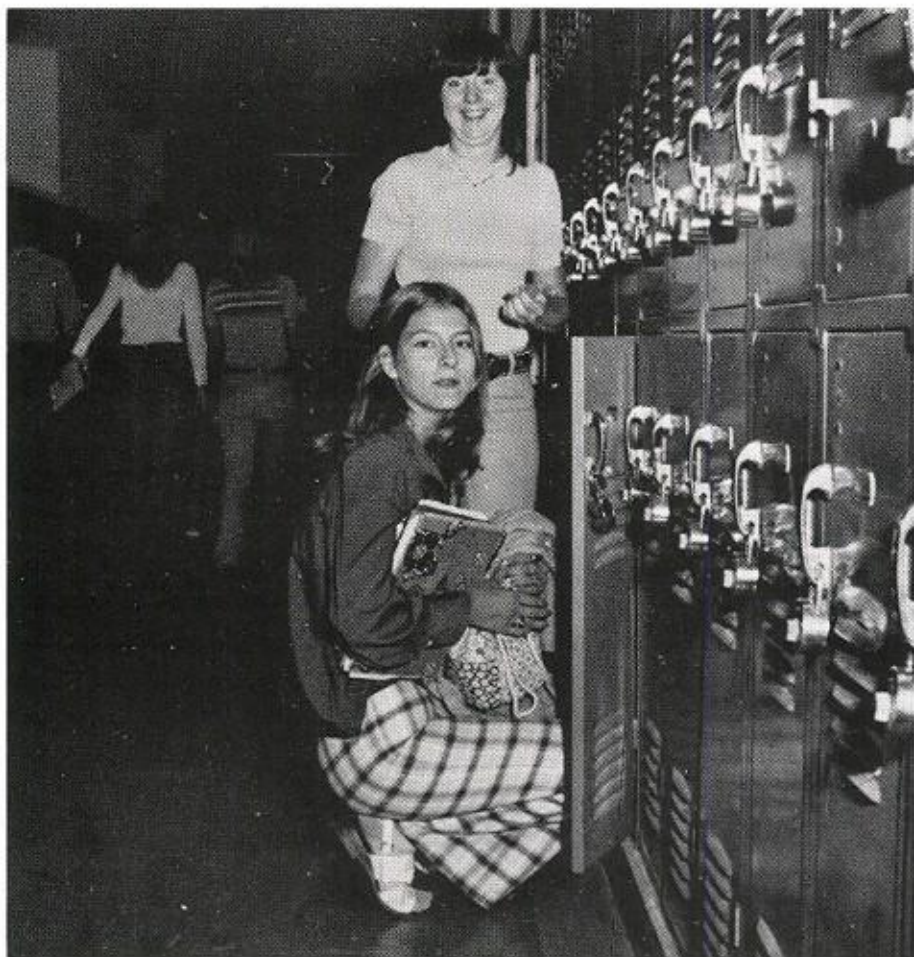

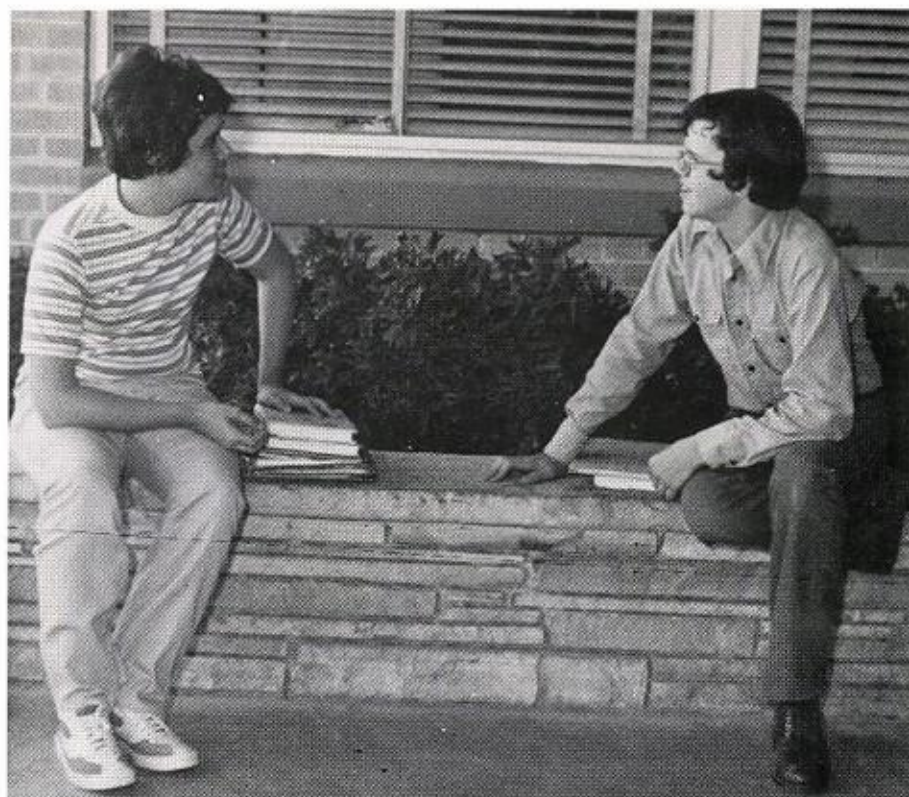

My third point of evidence is now occurring in your faculty and student body, Brewer High School. Your people want CHANGE. They will no longer conform to what formerly has been accepted, but are constantly searching for ways to CHANGE things, make things **different**. Years ago, your students never questioned administrative decisions, but now they request the reasoning behind the decisions.

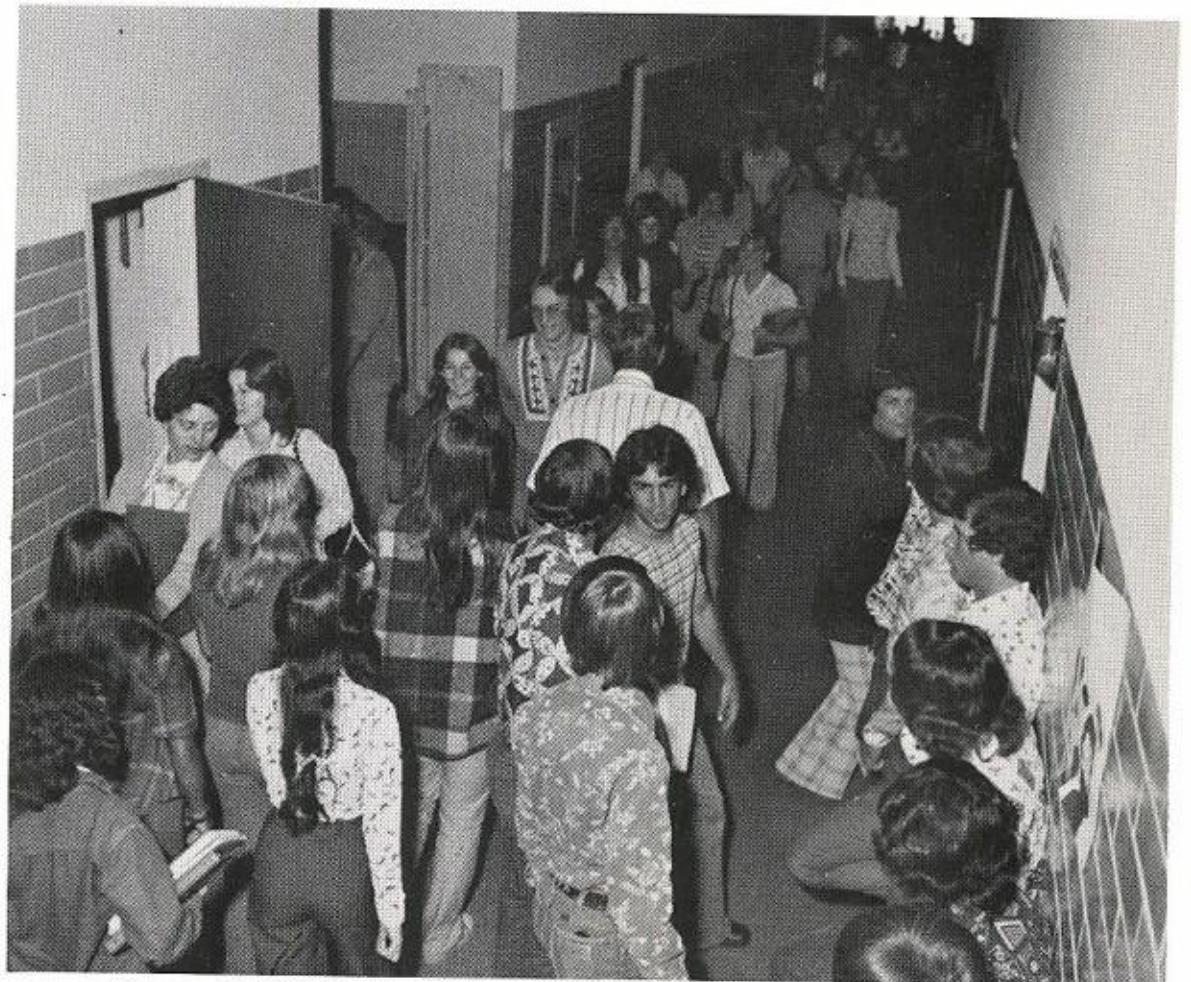

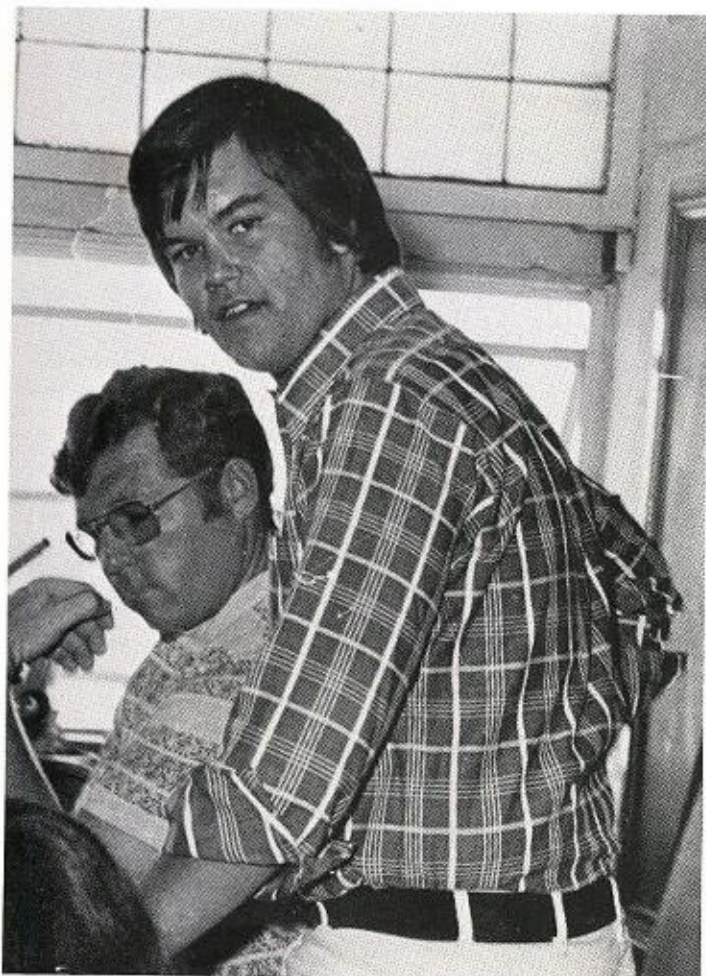

The students of Brewer High School, through their speech, habits, and even style of dress, themselves are live examples of CHANGE. They now freely express their opinions on national politics, controversial topics, and morality. Your students illustrate the "New Generation" which has been maturing in America for years. This CHANGE is unnecessary! The trouble with the world today is that people are constantly trying to CHANGE things. The young people, just like your students, Brewer High School, are the main liberals. If they would only realize that some things aren't meant to be CHANGED, we wouldn't have this constant, rebellious demand for CHANGE. Consequently, a more peaceful atmosphere would exist ... without CHANGE.

With the conclusion of this transcript evidence, ladies and gentlemen of the jury, I now present the highlight of my evidence. With the permission of the court, I can offer living proof of my evidence ... the students of Brewer High School, today. For a period of one year, the students of Brewer High School, and the activities in which they involve themselves will be on trial. I, as the Prosecution, know no better way of proving my points than to use the actual subjects of controversy. Your Honor, justice awaits your decision. Will Prosecution be allowed to proceed?

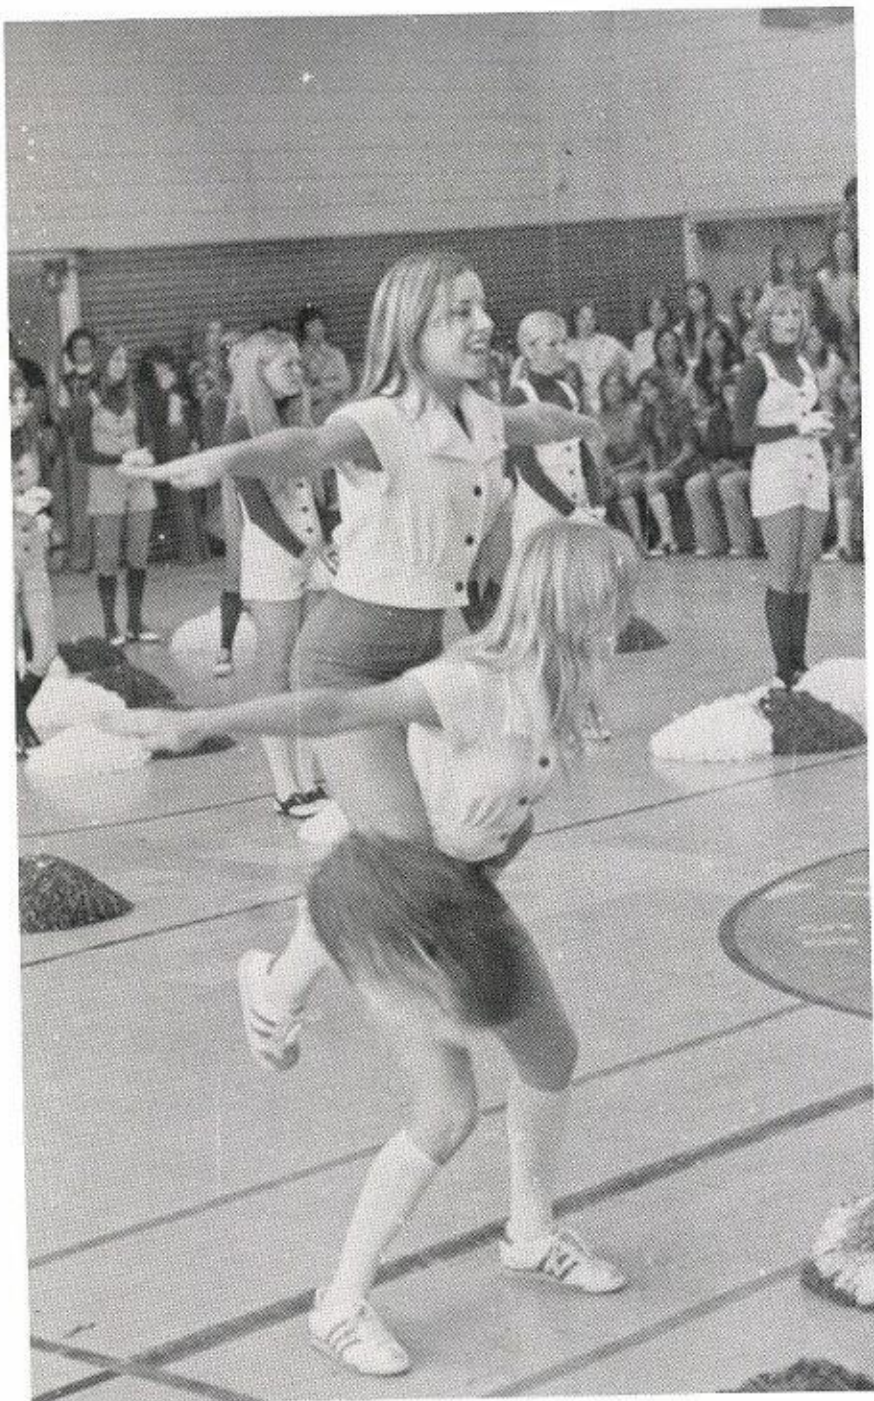

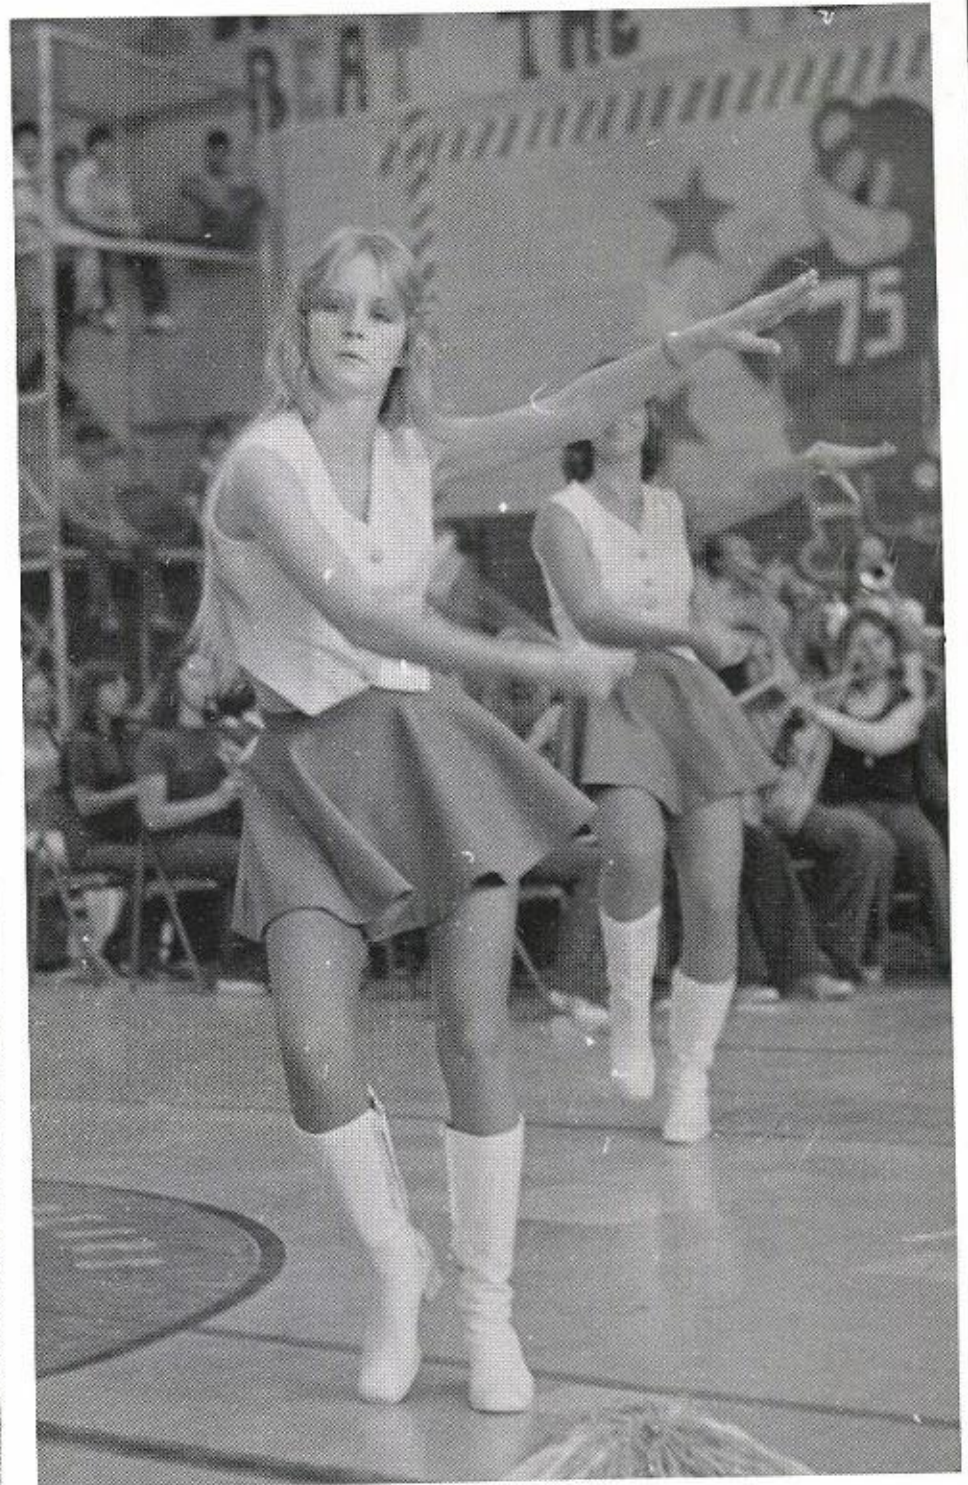

Judge: In consideration of the importance and necessity of actual proof in this trial, I will agree to these terms. However, the co-defendants of America, White Settlement, and Brewer High School will have their presentation of defense. Prosecution, you may proceed ...

Stand Up!

Get With It!

Prosecution: ... My next point of evidence—pep rallies. I suppose that you, Brewer, want them CHANGED?

Brewer: Yes, I think our pep rallies can be greatly improved upon.

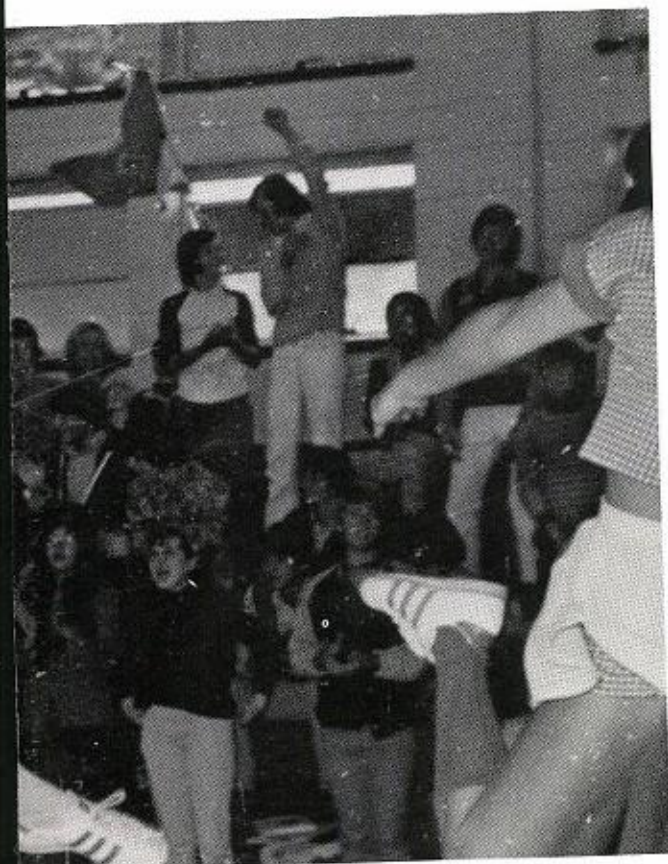

Prosecution: In what way?

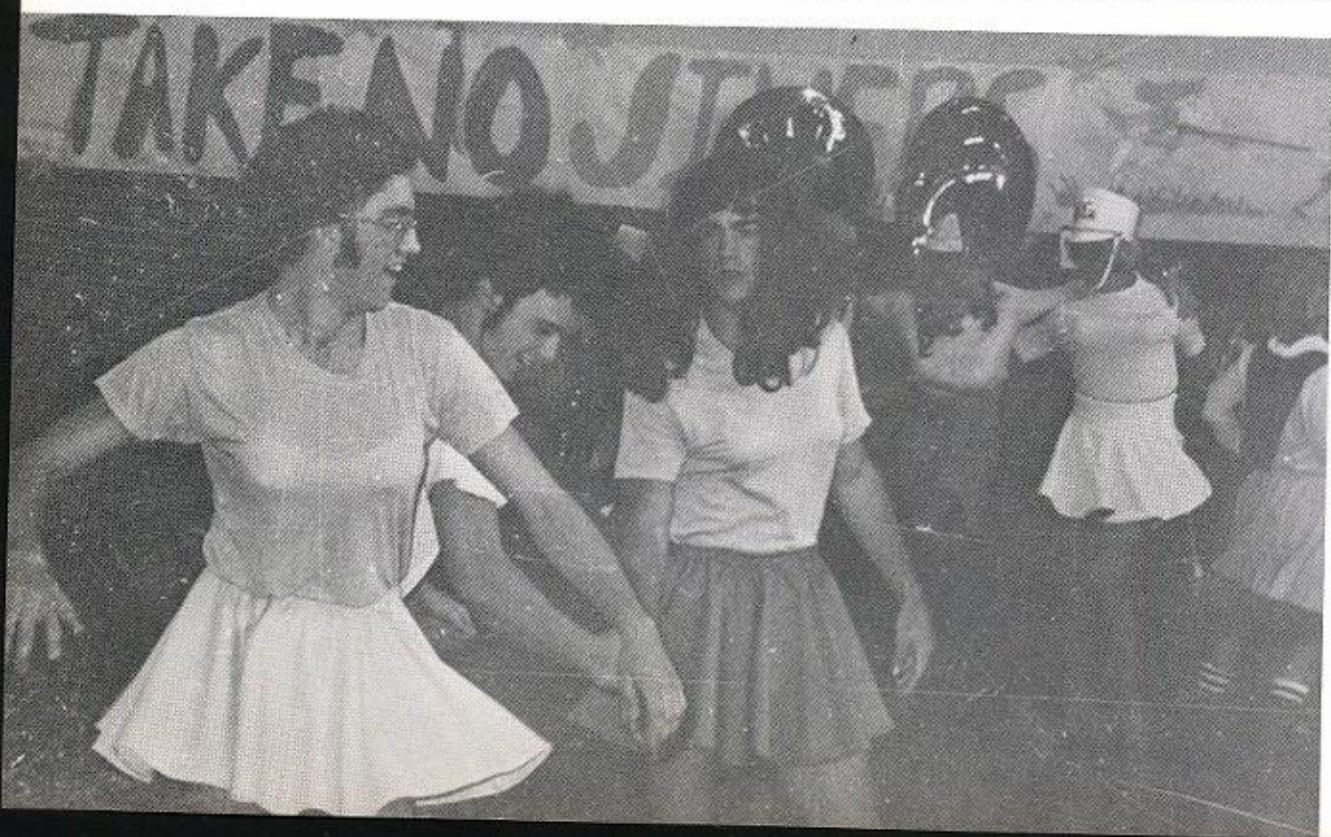

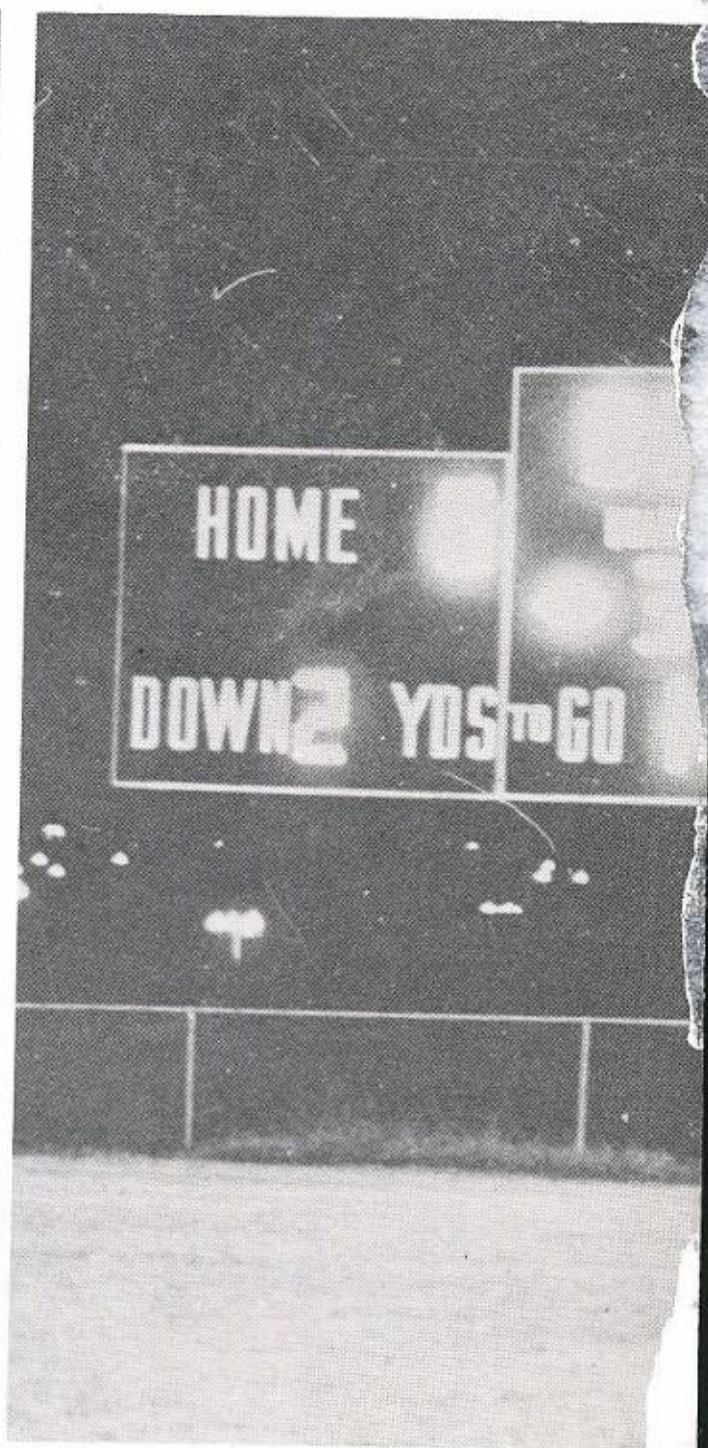

Brewer: Mainly in the way of student involvement—or spirit. On the whole, most of our pep rallies are very spirited, but there are times when the students themselves could get more involved.

Prosecution: What do you mean by this? Aren't the pep rallies mainly conducted by the students?

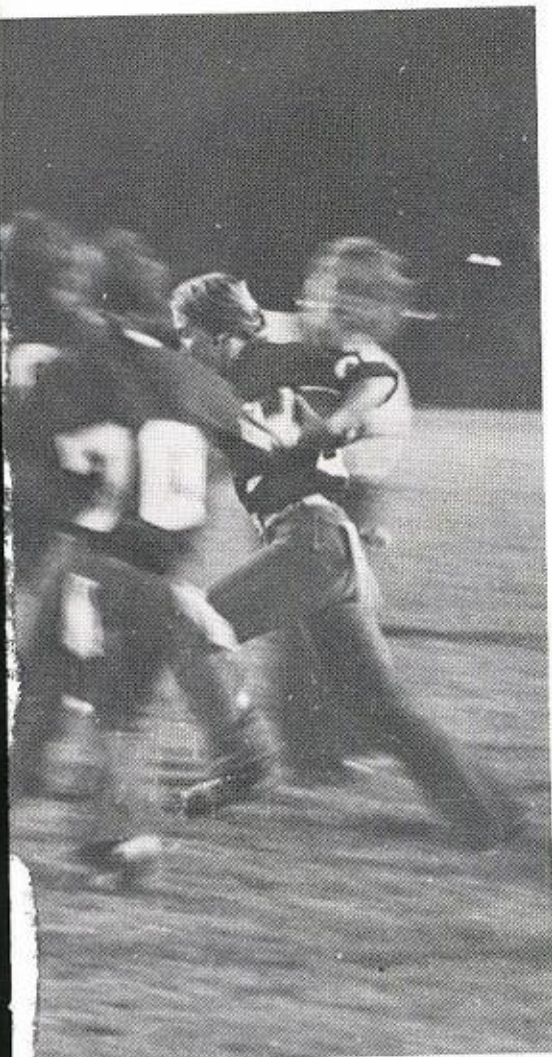

Brewer: Yes, they are. The cheerleaders, band, drill team, and various organizations all have a big part in the pep rallies. It's **some** of the students who are not involved in these organizations to whom I'm referring. These students are the ones who remain seated during cheers, or don't even come to the pep rallies at all.

I believe that if these students would **CHANGE** their attitudes, the whole atmosphere of the pep rallies would **CHANGE**, also. I have nothing further to say ...

Was It REALLY Worth It?

Prosecution: I now present as evidence, one of the most disgraceful events of the year ... the 1975 Powder Puff game. In this athletic "contest," many girls were injured and some required hospital care. These were just the physical injuries of the game, not to mention the emotional injuries. Many of the girls became extremely upset during the game, and especially after it was called off during the third quarter. Ironically, it ended in a tie: 6-6.

Speaking as a sensible man, I ask you, "Was this 'game' worth all the injuries it caused?"

Brewer: On looking at the final results of the Powder Puff, I realize that there were many injuries and hard feelings involved. However, what stands out in my mind is the pep rally on the following Friday after the game. At this time, trophies were presented by the seniors and juniors as tokens of friendship.

Also, during the game, many girls stated that there was a feeling of closeness among them ... a feeling many of them couldn't explain.

With the conclusion of this defense, I would like to say that the Powder Puff game originally was intended as a money-making project and a CHANGE in the trend of everyday school life. The Powder Puff of 1975 did fulfill these intentions and at the same time, create a closeness between the juniors and seniors. This concludes my evidence.

"Somehow, It's Not The Same."

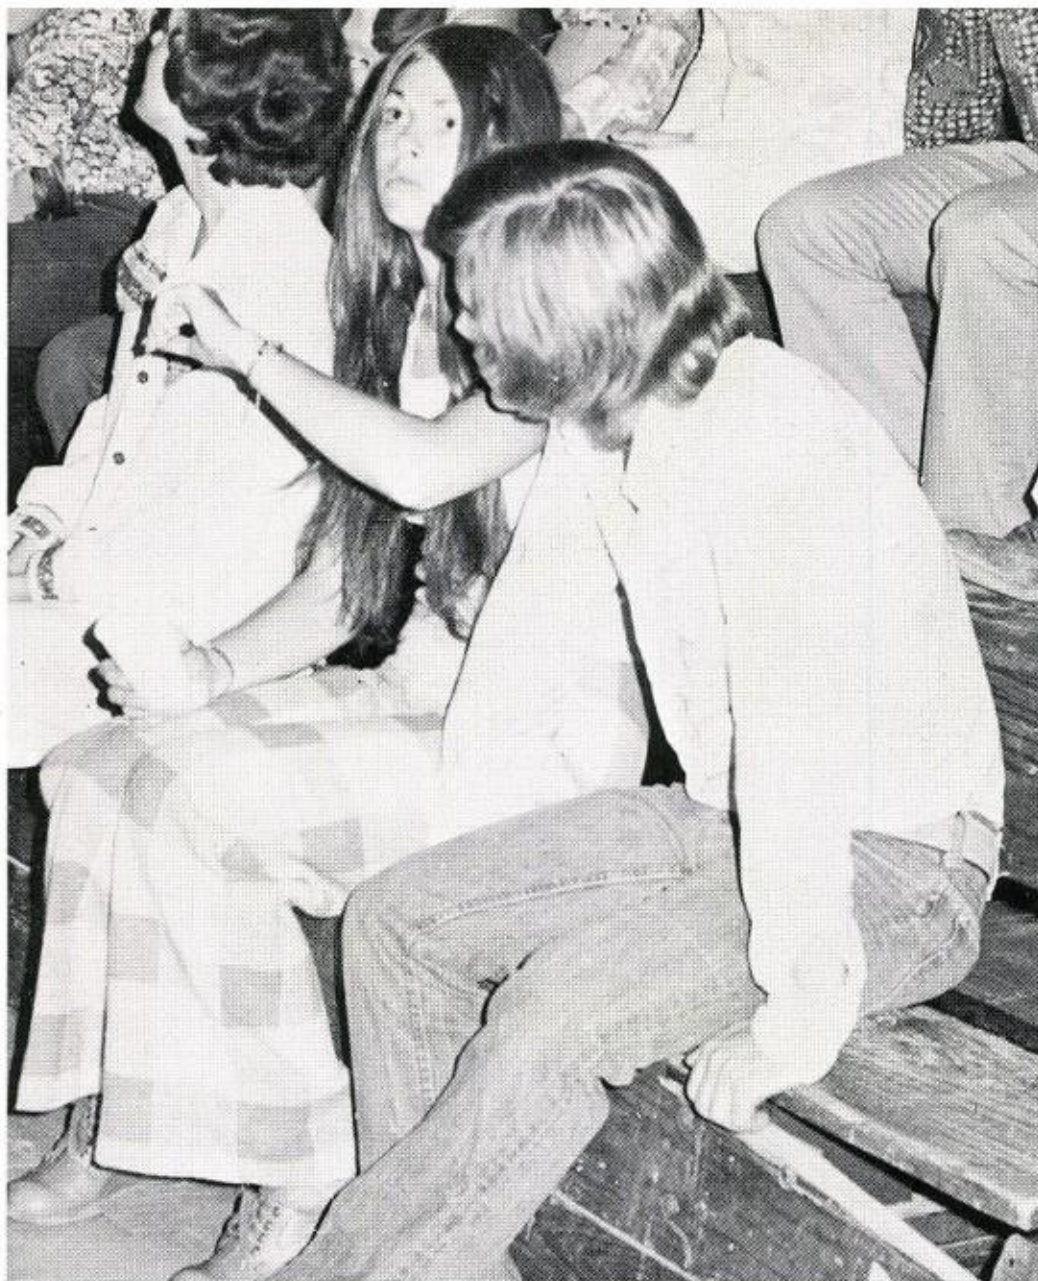

Prosecution: I now present as evidence the Homecoming Pep Rally. Many of your exes were present, Brewer, and CHANGE was evident to them ... CHANGE in student appearance and involvement. Many of them commented on this CHANGE, saying, "It was so DIFFERENT when we went to Brewer. I can't believe how much things have CHANGED."

Brewer: Your conception of the Homecoming Pep Rally is totally ridiculous! Of course my exes notice CHANGE ... I **have** CHANGED.

When they return, they see a difference in my students and their activities. This is only because my students and their activities are now different in certain ways.

You stated that my exes no longer feel like they belong. You are absolutely right. They realize that things **have** CHANGED since they were students. You may ask, "Then what is the Homecoming Pep Rally for?" The answer lies within the exes themselves. The Homecoming is a time to remember how things were ... and **realize** how much they've CHANGED.

Prosecution: As a witness to the Homecoming Dance, I have called to the stand a Brewer student. Would you please tell the court exactly what went on at the dance?

Student: Well, most of the students there either sat talking, or danced, of course.

Prosecution: Would you tell the court what kind of dancing the students did?

Student: Oh, the usual slow-dancing and the bump and ...

Prosecution: Excuse me, but could you repeat that last phrase? I'm not quite sure I understood you.

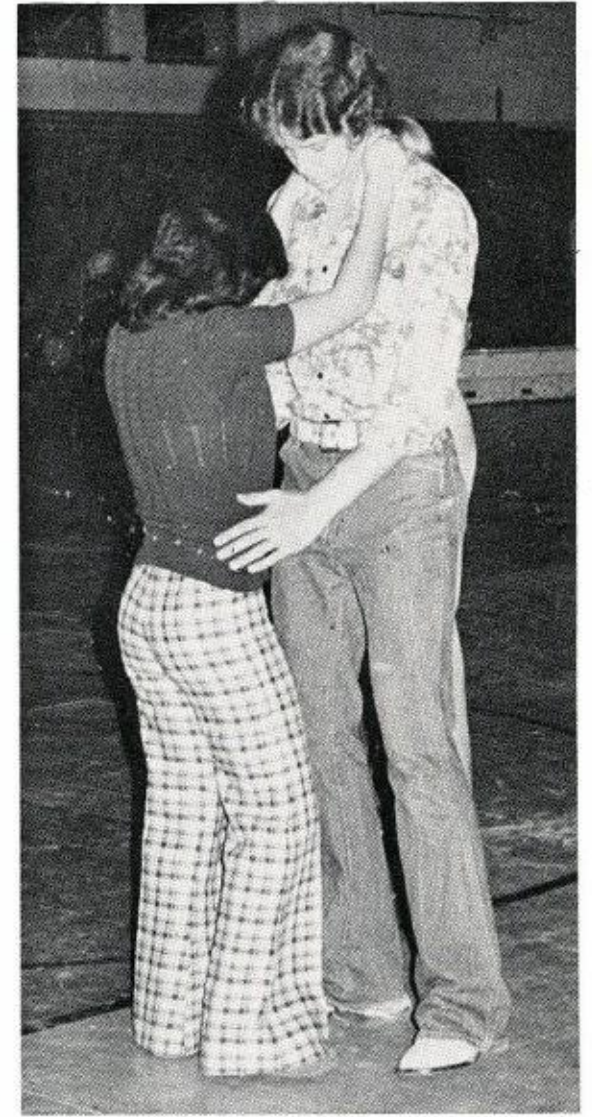

Student: I said the students did the bump.

Prosecution: And what exactly is the "bump?"

Brewer: The bump is a dance in which the couples bump each other in rhythm to the music.

Prosecution: Why, that's outrageous, Brewer! I've never heard of anything like that in my life! Is this the kind of behavior your CHANGE has caused?

Brewer: The kind of dancing my students do is no more outrageous than the dancing of, for example, the '50's. If they seem outrageous, then I ask you to remember the "Twist," "Jitterbug," and "Bunny Hop." These dances and the dances of today are products of nothing more than a society of CHANGING fads.

From Bunny Hop To Bump

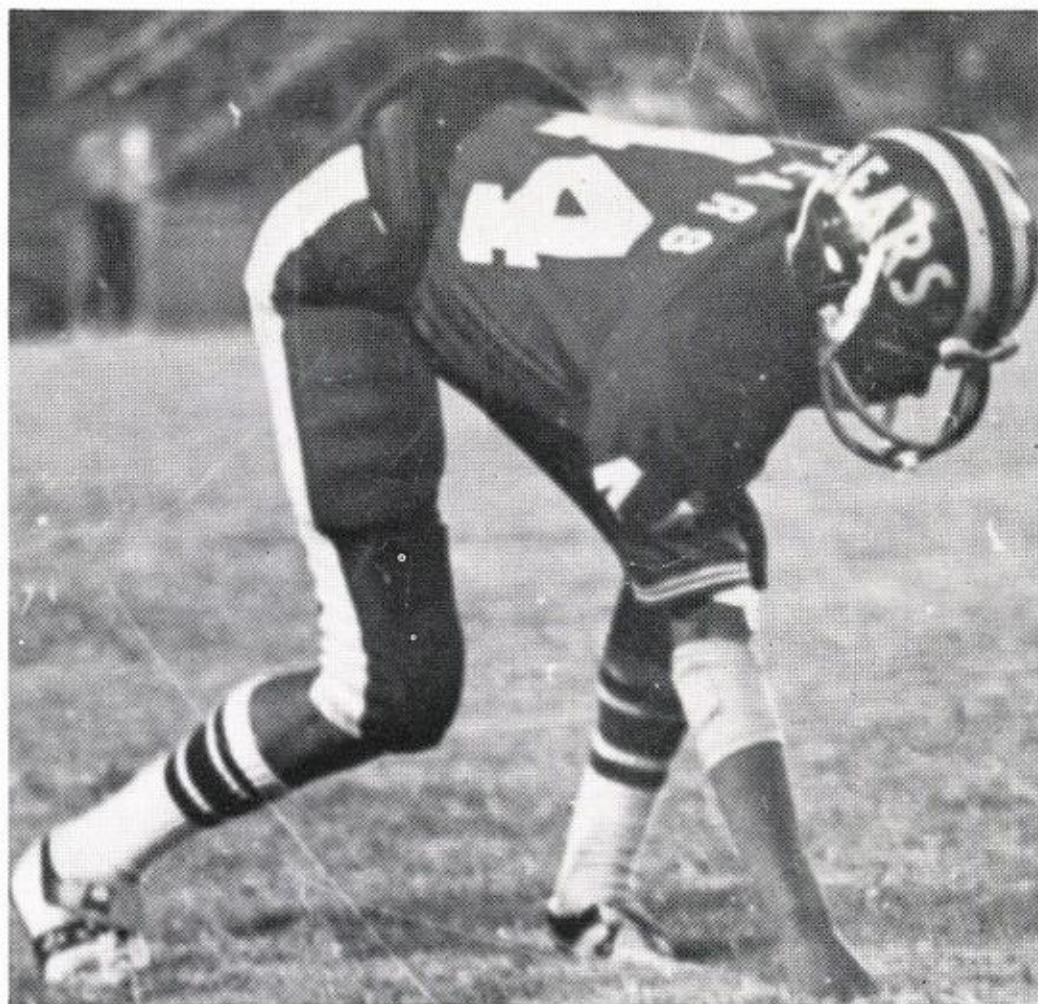

Prosecution: As my first witness in the evidence against Homecoming '75, I have called to the stand a Brewer ex. Would you please tell the court in your own words what your feelings are about Homecoming?

Ex: When I came back for Homecoming, I felt as if I really didn't belong. Sitting in the stands at the game, I began to recall my years at Brewer. Memories of the way my friends and I **were** made me realize, somewhat sadly, how much things have **CHANGED**. As I watched the game and halftime performance, I concluded that I really am no longer a part of Brewer's life ... I can only return and **remember**.

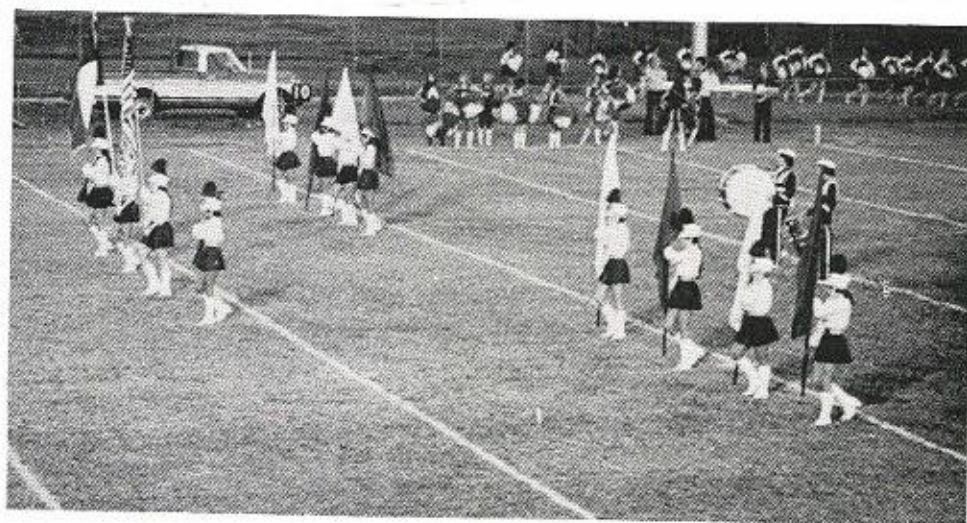

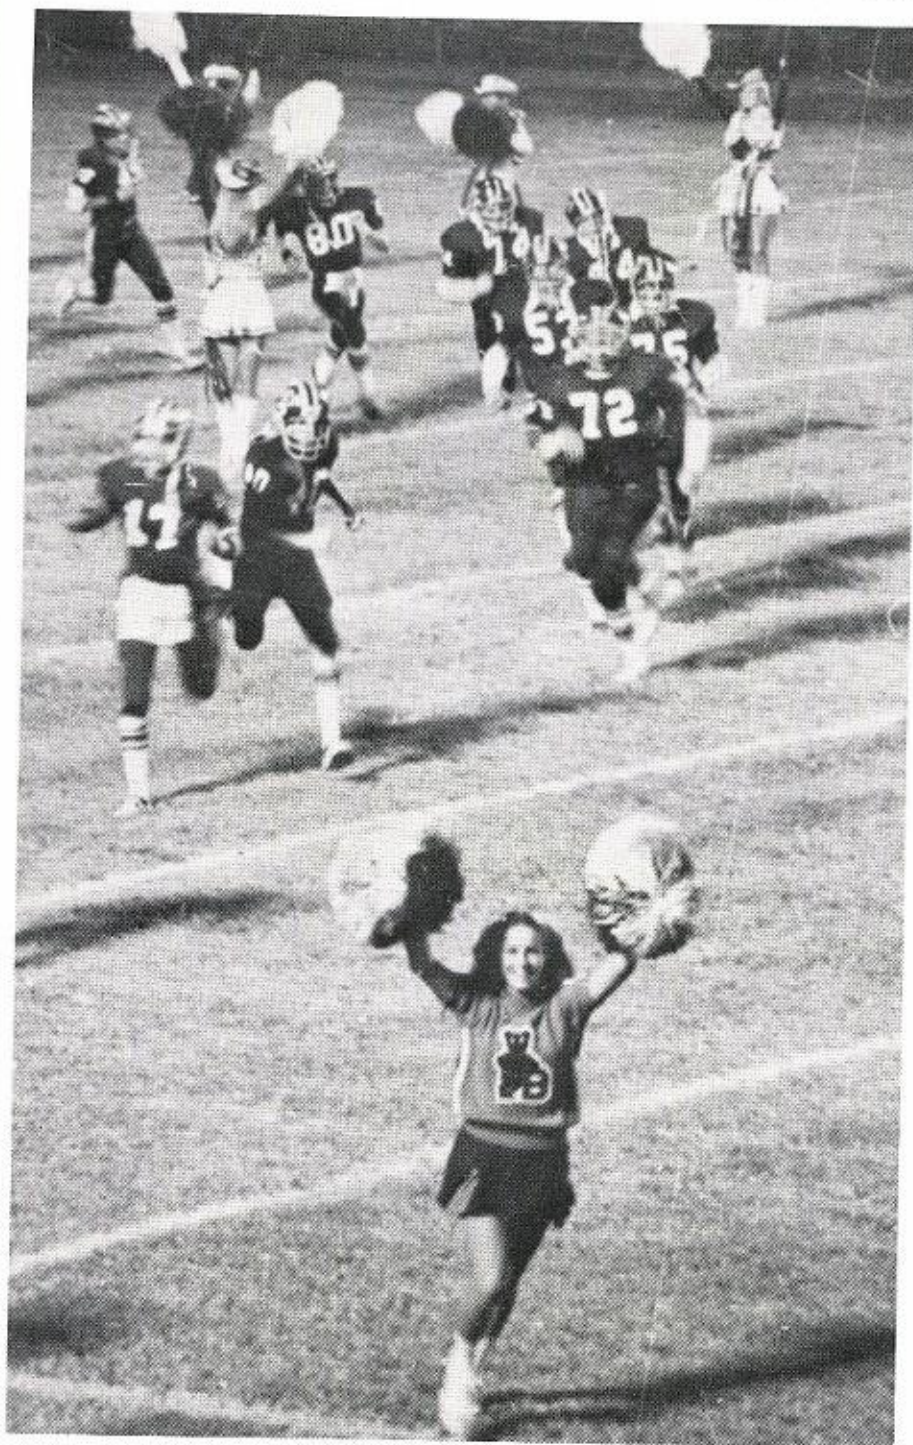

Prosecution: On hearing your ex's testimony, Brewer, I have come to the conclusion that your **CHANGE** is evidently wrong. Your ex stated that he no longer felt a part of you. I ask you, "Is your **CHANGE** **worth** the effect it has on your exes?"

Brewer: As my ex stated, he realizes that he can no longer truly be a part of me again, for I **have** **CHANGED**. However, in this realization, my ex has also revealed the true meaning of Homecoming ... as being a time to return and **remember**.

If my exes truly **do** realize the meaning of Homecoming, then in answer to your question, "Yes, my **CHANGE** is worth it."

... To Return and Remember

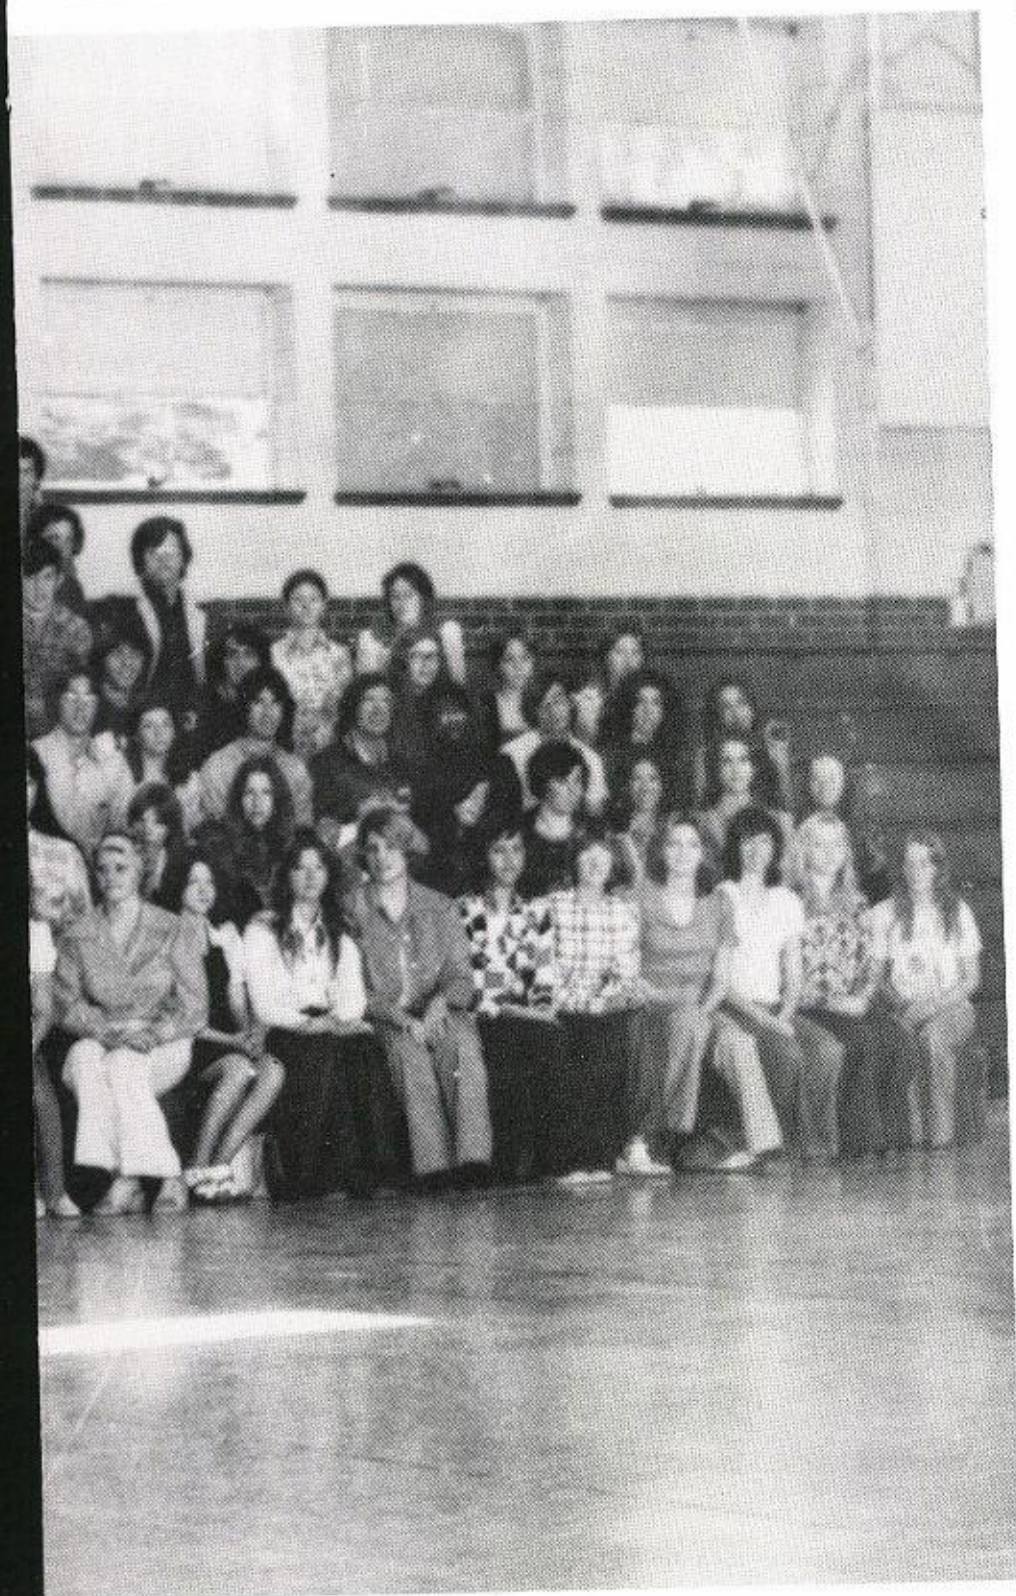

STUDENTS

"Times Of Your Life ..."

Prosecution: I now call to the stand the Senior representative of Brewer. This class is a perfect example of rebellious demand for CHANGE among students. This class not only makes unreasonable and unnecessary demands for CHANGE, but influences underclassmen to likewise rebel.

Judge: Do you deny this accusation?

Senior: Certainly! He is unfair and incorrect to say we demand unnecessary CHANGE. We feel it our duty to see CHANGE brought about.

Prosecution: What need at Brewer calls for CHANGE?

Senior: Not only are material needs essential for Brewer, but we also feel a closer relationship between students and administration can exist if CHANGES are made in attitudes of both. We are willing to do our part to better the relationships.

Prosecution: Will you explain to the court your feelings concerning the senior trip?

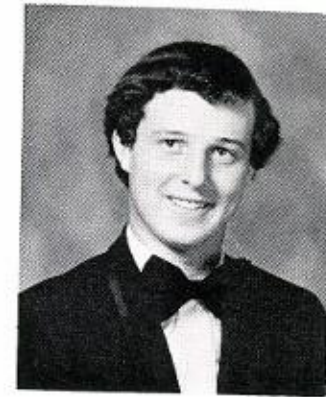

Judge: Prosecution, I object to this line of questioning. Remove it from the records.

Prosecution: Very well, will you tell the court why the Seniors have taken it on themselves to CHANGE student-administration relationships? I mean, why have you bothered?

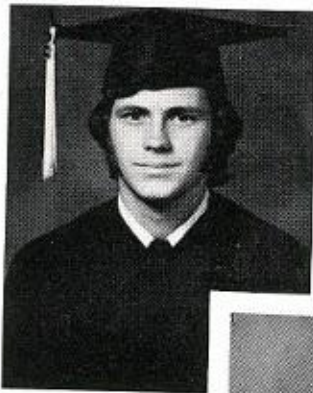

Senior: As stated before, it is our responsibility to see CHANGE brought about, or at least attempted. Although CHANGE may cause disruption in our "tranquil" student life, we think apathy is worse than desire for CHANGE. Right?

“Workin’ At The Carwash Blues”

Defense: Your Honor, the Junior Class Of Brewer High School has demonstrated the enthusiasm that is needed to bring about CHANGE. A representative has been chosen from this class to present reasons for finding this change necessary. Will you come forward and tell the court the reasons your class feels that this change is needed?

Junior: Being only one class, we realize that we are unable to bring about a great number of changes, although we do see the needs around us. What one class feels is necessary for that class, is not always necessary for other classes.

Prosecution: Why does your class feel that what is good for one class is not always good for another class?

Junior: Because CHANGE is continually needed if progress is going to be made in diminishing negative attitudes that exist in this school.

Prosecution: And may I ask how the Junior Class is changing these negative attitudes?

Junior: We, the Junior Class, are changing these negative attitudes by participating in all of the school’s activities. CHANGE is needed to bring about positive attitudes. Through this change we can develop new and better attitudes toward education itself.

Prosecution: No one can deny that positive attitudes are needed in school, but why is CHANGE so necessary to bring this about?

Junior: Because change always brings about something new, something different.

Defense: Your Honor, the testimony of this junior representative clearly states that CHANGE is necessary to increase school spirit and participation. Without this needed change, the students of Brewer High School will soon become dormant and indifferent, totally uninvolved.

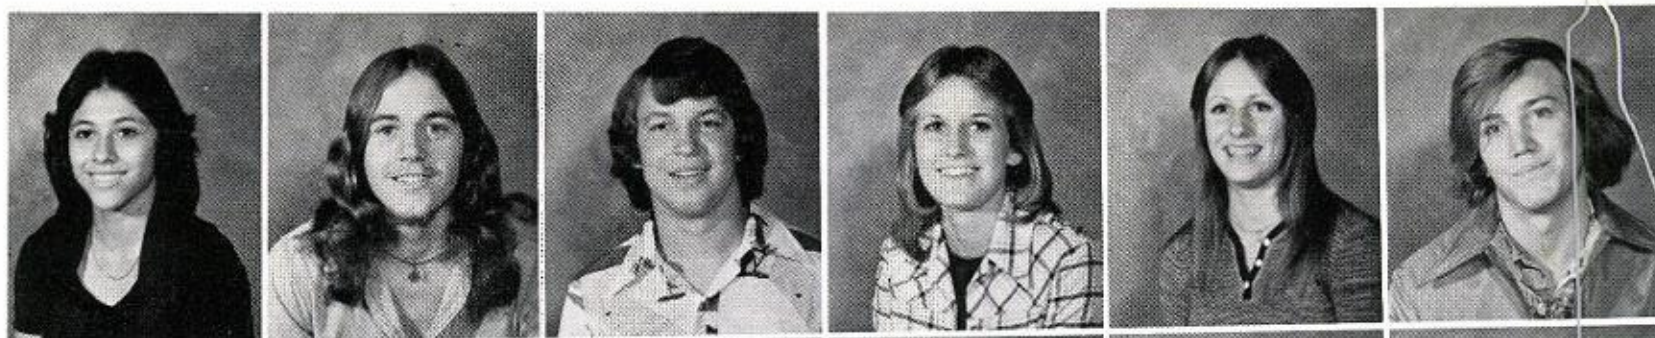

Judge: Prosecution, have you anything to add to your case at this time?

Prosecution: No, Your Honor, I have nothing to add at this time. I am ready to move on.

Ask Us If We Care!

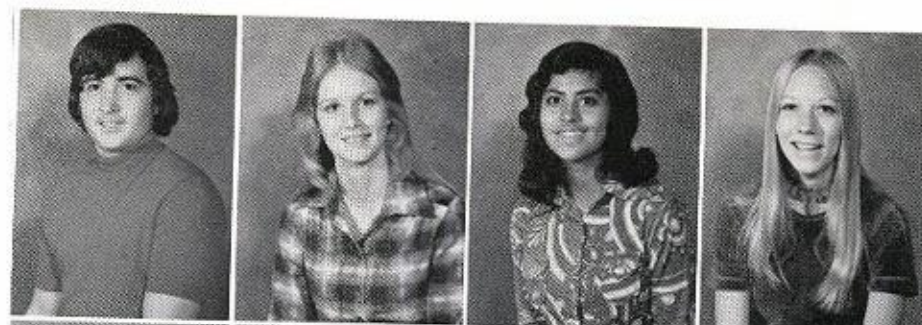

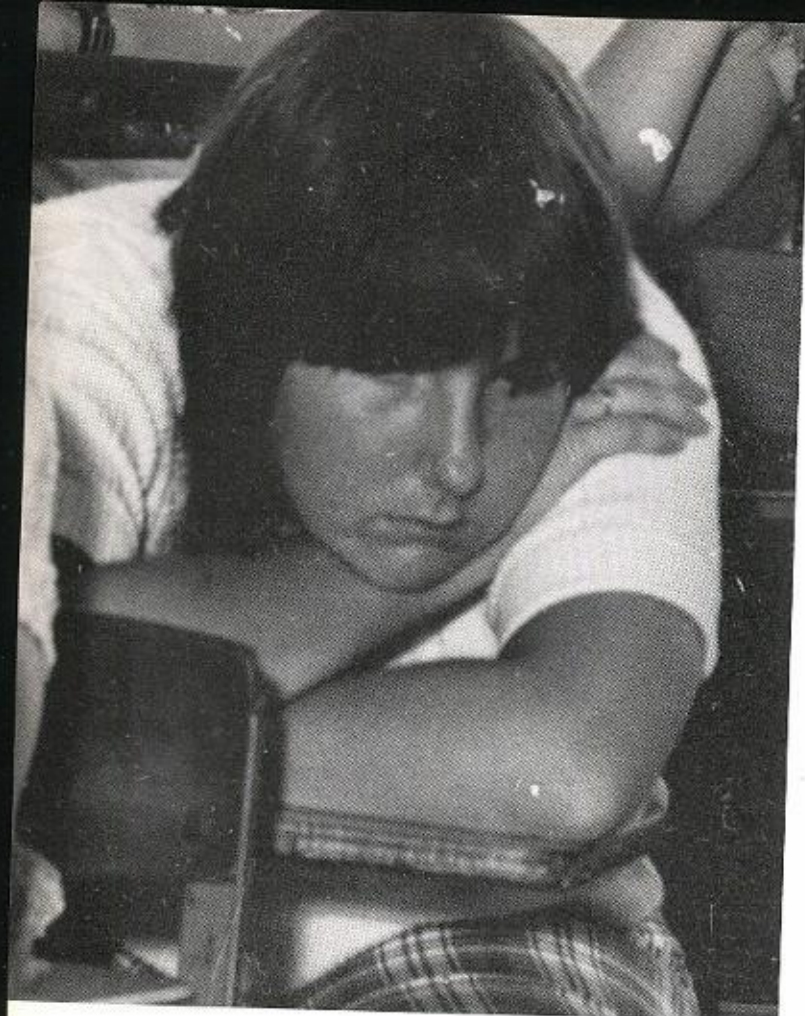

PROSECUTION: As a result of extensive research on your classes, Brewer, I discovered an astonishing fact. Your sophomore class is breaking a tradition that has stood for years. Instead of following past patterns, they have chosen to **CHANGE** both in spirit and involvement. To further prove my point I have called to the stand a representative of the sophomore class. Could you tell the court why you have chosen to **CHANGE**?

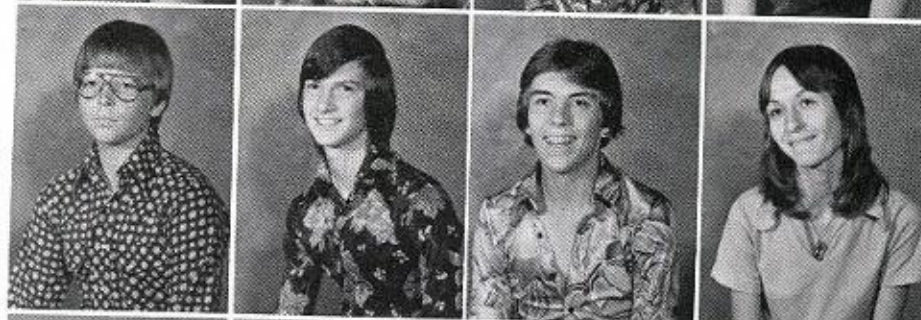

SOPHOMORE: We, the sophomore class of 1975-76, feel that it is time to **CHANGE** the tradition of un-involvement that has prevailed over sophomore classes for years. In the past, classes were considered "dormant" until their junior and senior years. We believe this is wrong. We don't want to wait until **then** to become active. For this reason, we have broken the tradition of un-involvement, and have chosen not to lie dormant but to come alive.

"United We Stand ..."

Judge: This court will now come to order. Prosecution, you continue with your interrogation.

Prosecution: You, the Freshman Class, state you are trying to change tradition by achieving greater respect from upperclassmen, but why do you feel such a change is necessary?

Freshman: At this time, the upperclassmen look down on freshmen as no one at all. We want to be part of this school, not an alien of it. Our first year at Brewer High has been a new experience for each of us, but as the year proceeds we will become part of this school.

Prosecution: The freshmen are looked down on because it is tradition among Brewer High School upperclassmen . . .

Freshman: Yes, that is true, but we can change this tradition by showing we care about this school and what happens to it.

Prosecution: But if the change did come about, it would be entirely unnecessary.

Freshman: No!! That is not true! This CHANGE is very necessary in order that the student body of Brewer High can become unified as a whole, not divided.

Prosecution: Thank you. I have no further questions to ask, Your Honor.

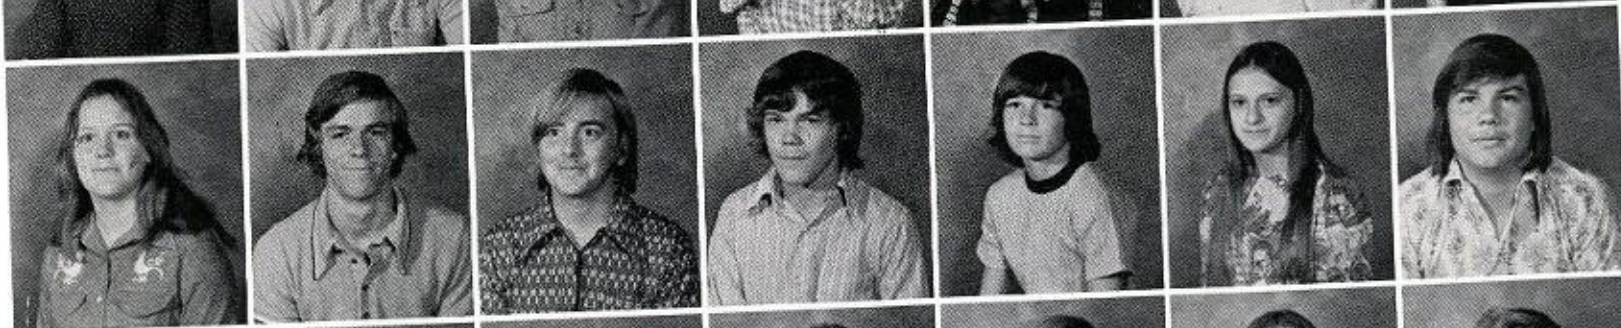

Judge: Defense, do you have anything to add to your case at this time?

Defense: No, Your Honor, I think my client has proven that this change is necessary in order to bring about greater unity among the students of Brewer High School. I have no further questions at this time. I am ready to move on.

Prosecution: The School Board shows evidence of CHANGE; I wish to speak to a member now. The School Board is an advocate of CHANGE. Why? CHANGE is not necessary; Brewer has quality education now.

School Board: We hope to provide quality education for Brewer, but we can't without CHANGE.

Prosecution: Why do you care whether Brewer has quality education or not?

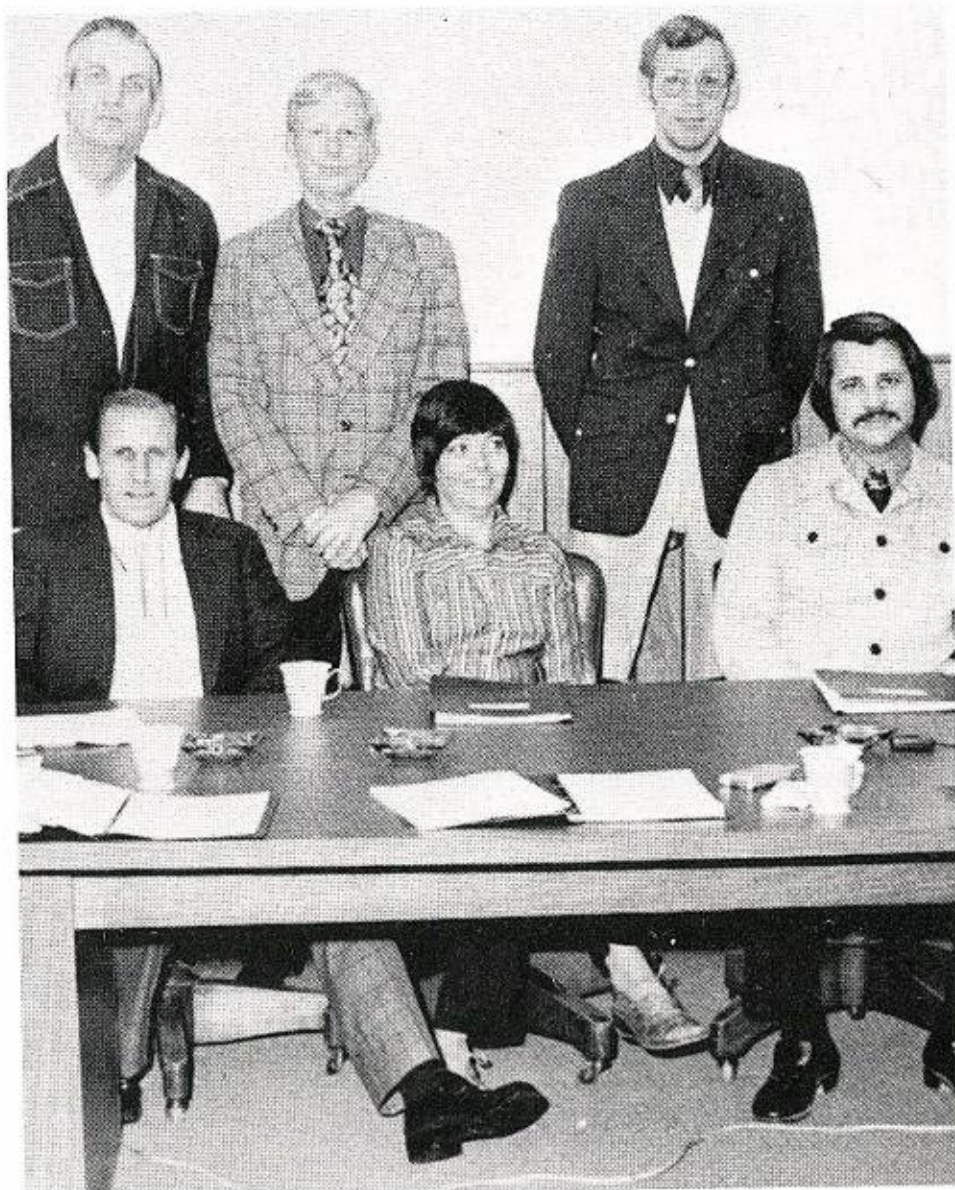

School Board: We are concerned citizens and parents, and in order to keep up with the CHANGING education systems, the School Board must also CHANGE.

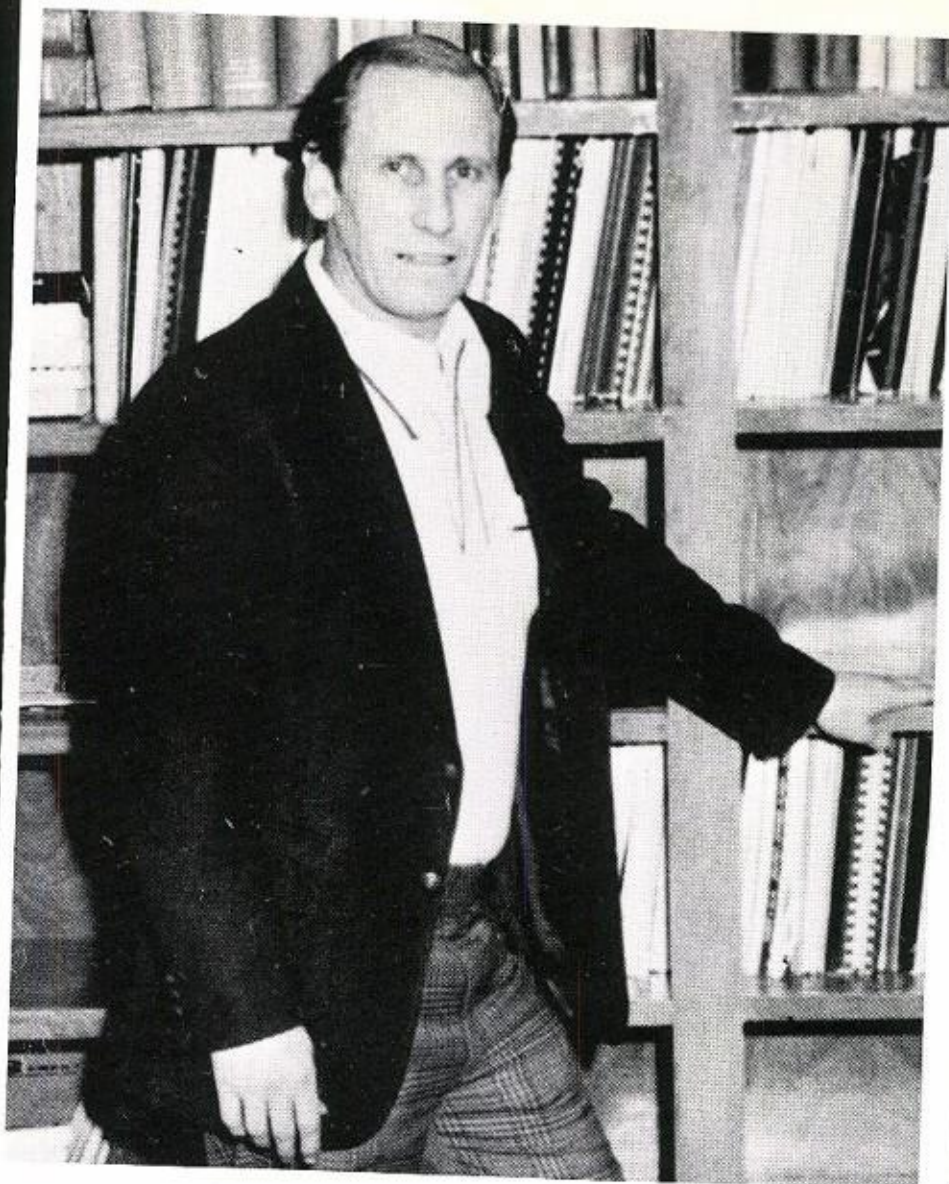

Defense: How does the School Board keep up with all these CHANGES?

School Board: By many ways, whether it be a bond election or approving new textbooks.

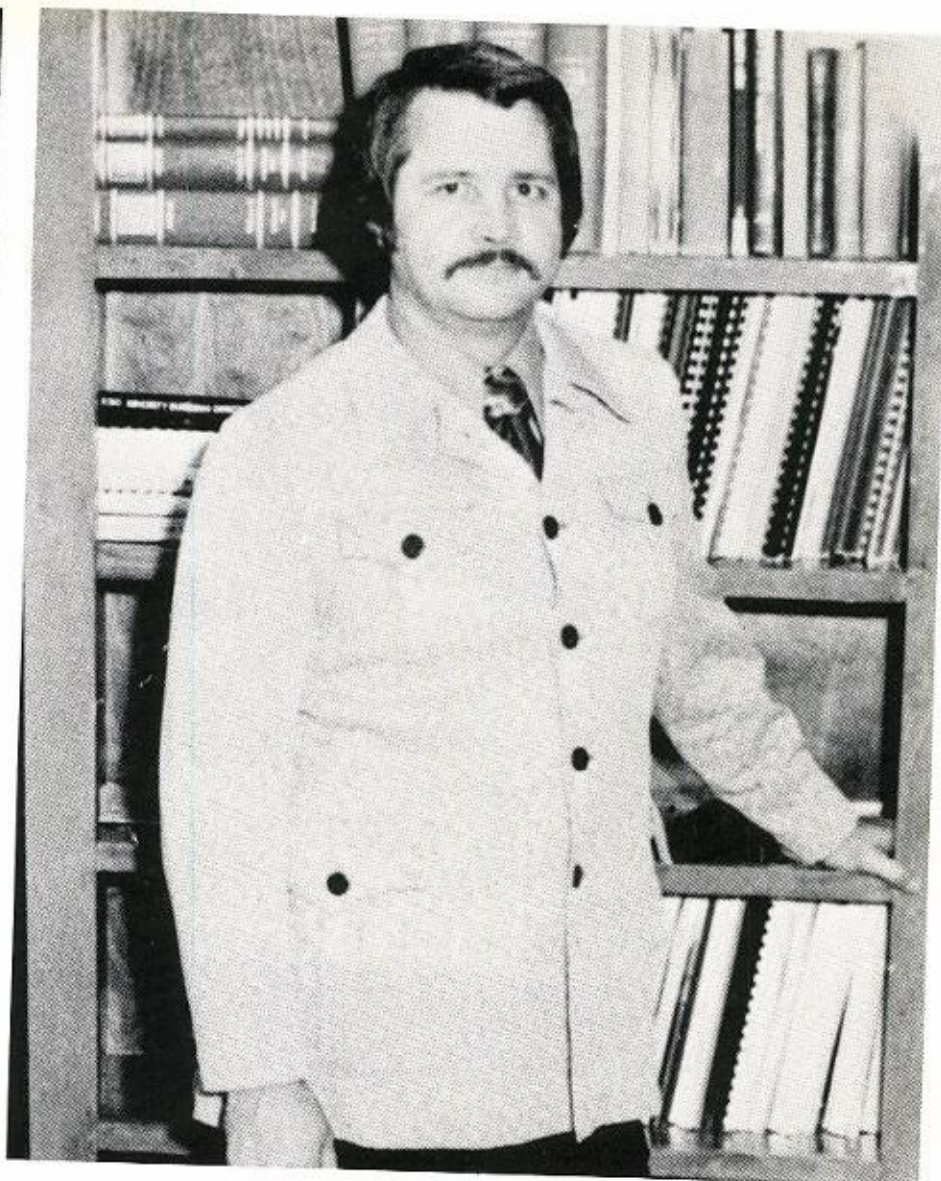

Defense: Your Honor, the School Board is made up of concerned adults working for quality education. I move we go on.

Judge: Very well.

Prosecution: The office personnel supports CHANGE sought by faculty and students ...

Office: True! We support faculty and students in wanting CHANGE! Brewer can't exist if ALL can't agree!

Prosecution: Why have you taken such interest?

Office: In the past, we did what was best for us, but now we want what is best for the faculty and students ...

Prosecution: What tasks exist in the office?

Office: We uphold discipline and tend to items from records to absences.

Prosecution: What CHANGE can be brought about from these items?

Office: We can update our ways of dealing with discipline problems and ...

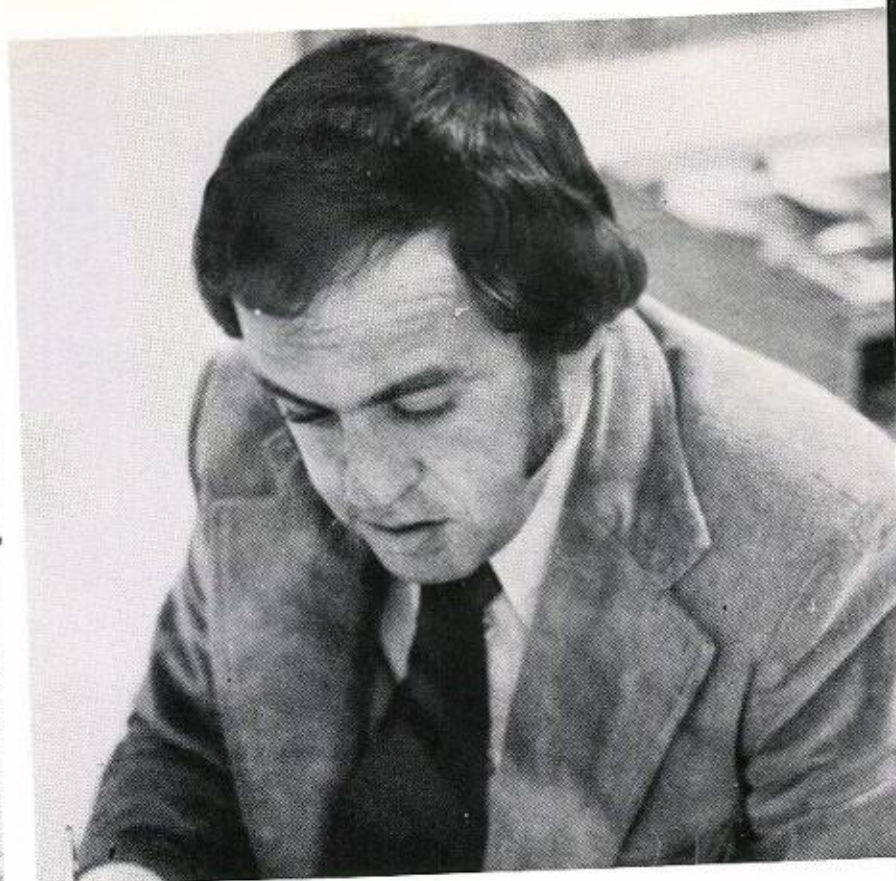

Prosecution: How foolish! There is only one way to deal with discipline problems ...

Office: There is **not** only one way to deal with discipline! We aren't sure how to update our ways yet, but when we find something that works, we will use that method.

Defense: As stated by this representative, updating office facilities and ideas is the only way to bring about needed CHANGE. This is very important for the betterment of Brewer High.

Mrs. Ann Moore

Mr. Ron Miller

"You've Got A Friend"

Defense: For further evidence, I wish to speak to Brewer's counselors. Counselor 1, do you feel Brewer's curriculum needs CHANGE?

Counselor 1: Yes, I do.

Prosecution: Brewer has quality education now. Why do you want CHANGE?

Counselor 1: Because our past curriculum has only offered classes that seemed academically necessary, but in this CHANGING society, one must study a wide range of subjects to be well educated for the future.

Prosecution: Counselor 2, why do students need more help in planning their future today?

Counselor 2: Our world is more industrial.

Counselor 1: Yes, and since the world is more industrialized, more students are going to college and seeking high-paying professional jobs.

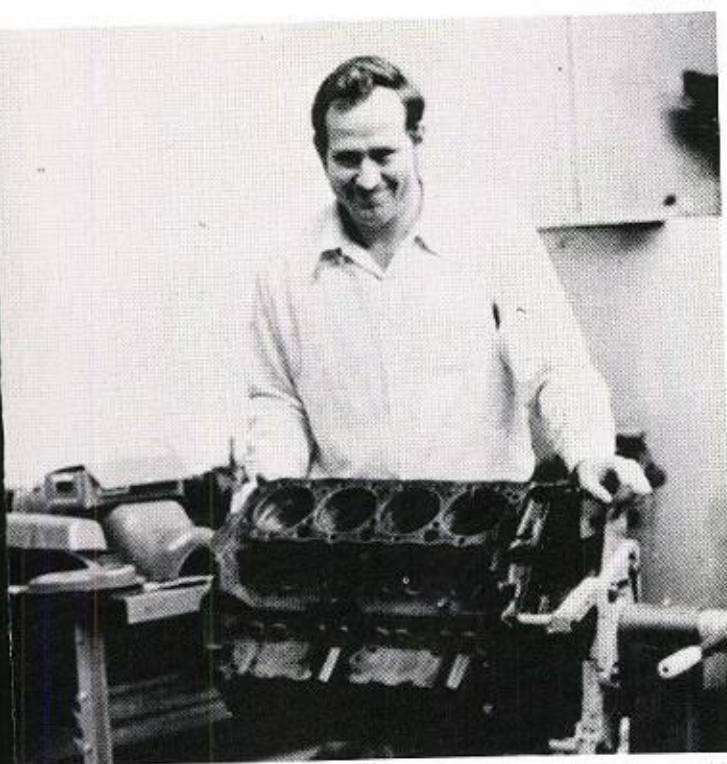

Defense: Why is it so important that students study a wide range of subjects?

Counselor 2: More students are interested in college educations, so one must work harder to be admitted into college.

Defense: From this testimony I'm sure you can see Brewer's educational systems need to be CHANGED in order to meet Brewer High School students' needs. I have nothing else to say.

"Takin' Care Of Business"

L-R: Roy Brannon, B.F. Hendrick, Jim Shilhoney, Dolton Allison.

Prosecution: It is obvious that students and faculty are biased concerning the necessity of CHANGE. So it seems logical to talk to those who have greatest knowledge of whether CHANGE is necessary or not.

Maintenance: The CHANGES the students and faculty are asking for are not unreasonable at all.

Prosecution: Gobbledygook! How can you say that!

Maintenance: Listen, Mr. Big Wig, If classroom facilities were improved, a new atmosphere would exist in school, which would surely promote better attitude toward education itself.

Prosecution: How do you know?

Maintenance: Each day we note many improvements that can be made in the classrooms. We are more than willing to give our time and labor to add facilities to Brewer, but we can do nothing until cooperation is received from those in higher positions.

L-R: Mosel McNutt, Jane Cowsar, Glenna Warren, Juanita Sandlin.

"Oh, My My!!!"

Prosecution: Oh, Let's move on.

Defense: I now call to the stand a lunchroom personnel. As a member of the lunchroom personnel, will you please tell the court if any **CHANGE** is essential for the continuation of lunchroom service?

LR Personnel: Of course! We feel **CHANGE** is definitely needed!

Prosecution: That is completely ridiculous! How can you say that?

Defense: I object to his line of questioning—I will not have my client addressed in such a manner.

Judge: Objection sustained. Prosecution, I will have no more of that.

Prosecution: Yes, Your Honor.

LR Personnel: As the number of students increases and the school continues to grow, it is necessary to expand lunchroom facilities in order to meet the demands of a larger number of students.

Defense: How do you feel about the requests made by the students and faculty?

LR Personnel: The requests are very reasonable and we sincerely hope the call for **CHANGE** is needed so **PROGRESS** can be made in the betterment of educational facilities.

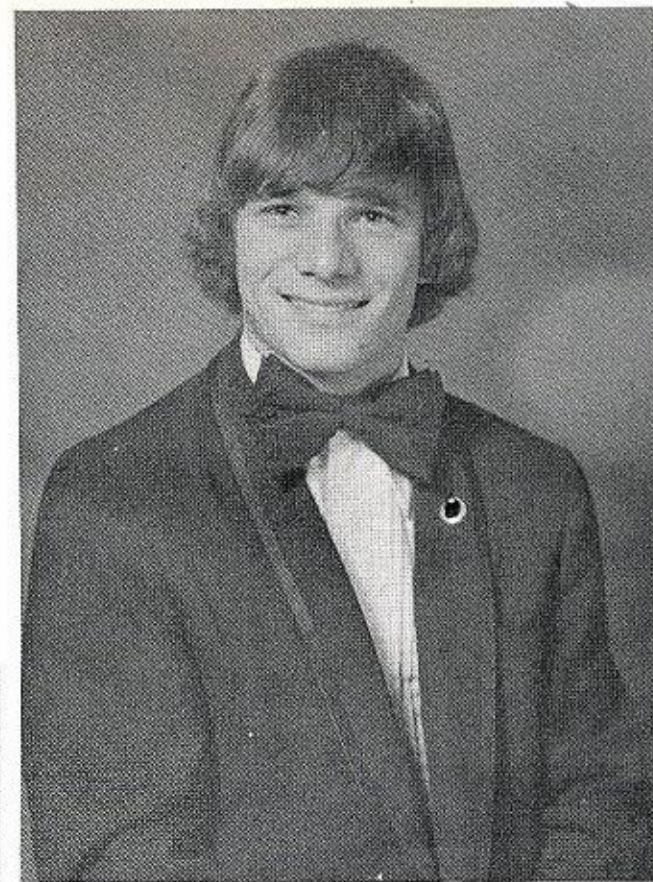

Prosecution: Oh, Hogwash! . . . I am ready to move on.

"Hold Your Head Up"

Shayne Tidwell—

"To be honest, to be kind, to earn a little, to spend a little less, to renounce whatever shall be necessary and not be embittered, to make a family happier for my presence, to keep a few friends, and above all, to keep friends with myself."

Robert Lewis Stevenson

Defense: I am proud to present as my next witness, the Top Fifteen students.

Judge: Will your representative come forward?

Defense: Will you explain a little about this group to the court?

Top Fifteen: Well, we are seniors chosen due to our outstanding averages. . . .

Prosecution: Wait! Wait one moment! Normally, only ten seniors are chosen. Why were fifteen chosen this year?

Top Fifteen: Because fifteen students have averages so close that our positions can CHANGE many times throughout the year.

Prosecution: Well, I'm not surprised that more students weren't chosen . . . I mean, since Brewer provides such a "crummy" education.

Top Fifteen: Listen, you made a big mistake when you said that! We will never forget what we have been taught at Brewer, or the people we have known.

Prosecution: Oh, come now!

Top Fifteen: Wait! Brewer has done a great job of preparing us for our future life and it will continue to do so as years go by!

Prosecution: Your Honor, these people are getting ridiculous

Shayne Tidwell—I look at life with a fullness as great as the ocean, a fullness of physical life, as mind equal to and beyond their fullness with an inexhaustible desire to use them, and a soul greater than all things to give me a purpose.

Debi Wood—It's because of the friends you've made that makes life worth living and sharing; not living for ourselves, but for those in our lives who care. Life's splendor depends on giving and doing for others. Joys of life are found in the smallest quantities. I believe living in God's world is the greatest gift of all.

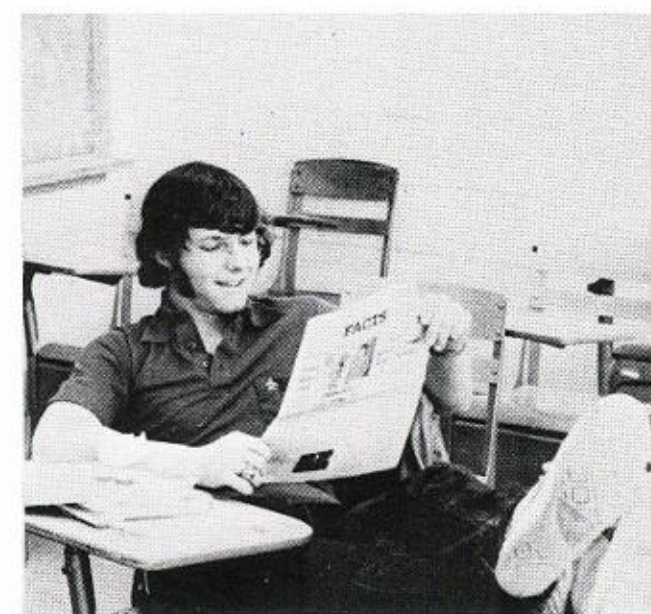

"Yesterday Once More"

Cathy Scott—Yesterday is only a dream. Tomorrow is only a vision. But every day makes all those dreams a vision of hope.

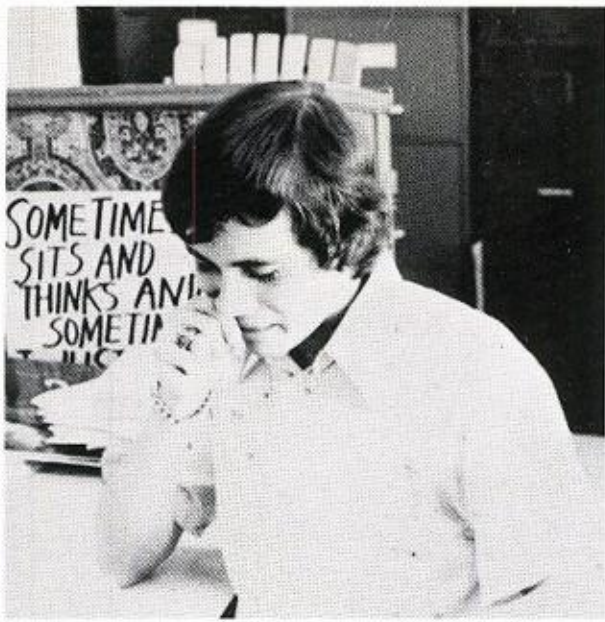

Jo Price—Life is short and precious. The way we spend our time determines the fruitfulness of it. As for me, the most important things in my life are faith, hope, and love; faith in Christ, hope for the future, and love for everyone around me ... so anything I can do for anyone, let me do it now.

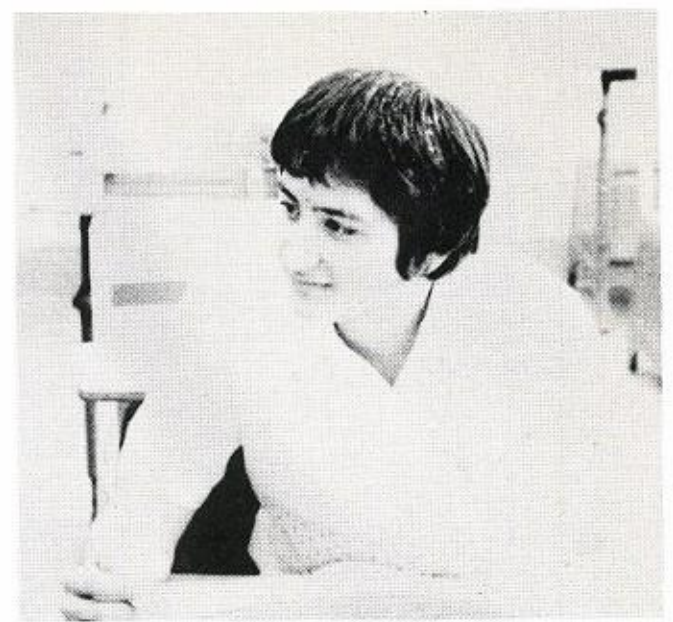

Mike Hall—Life is precious. If you don't give one hundred per cent, you will not be able to obtain your goals. I want to look back on my life and be able to say I did as much as I could. Success comes easy for those who will put forth the desire and time.

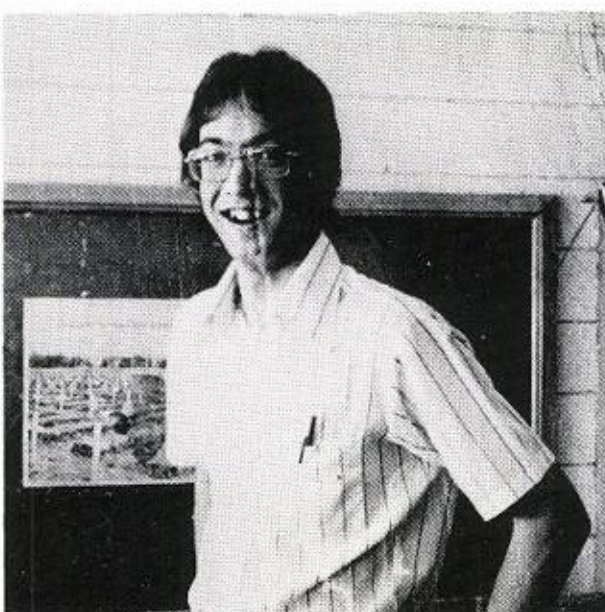

Richard Flores—Dare to be different! Never conform. Conform is a word found only in the vocabulary of those who have no will to fight because they know they are defeated before they begin.

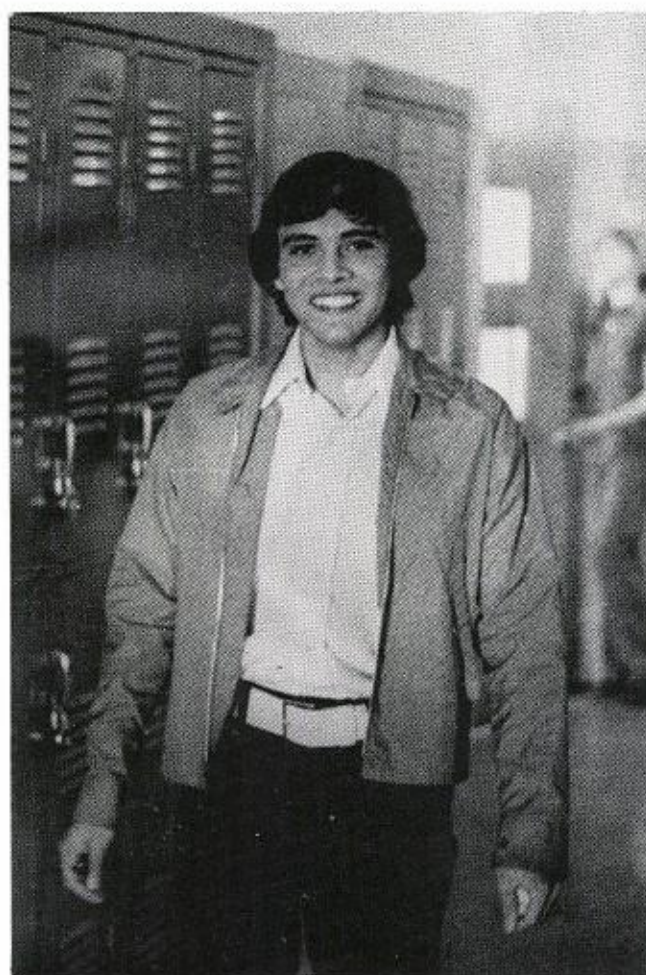

Hector Medina—Life is a gift more valuable than gold. In it we find joy, desire, fun, happiness, gloom, misery, and an ounce of hope. This hope keeps man's will to survive from expiring. Those who lose their hope I pity, for they have lost the secret to a long and full life.

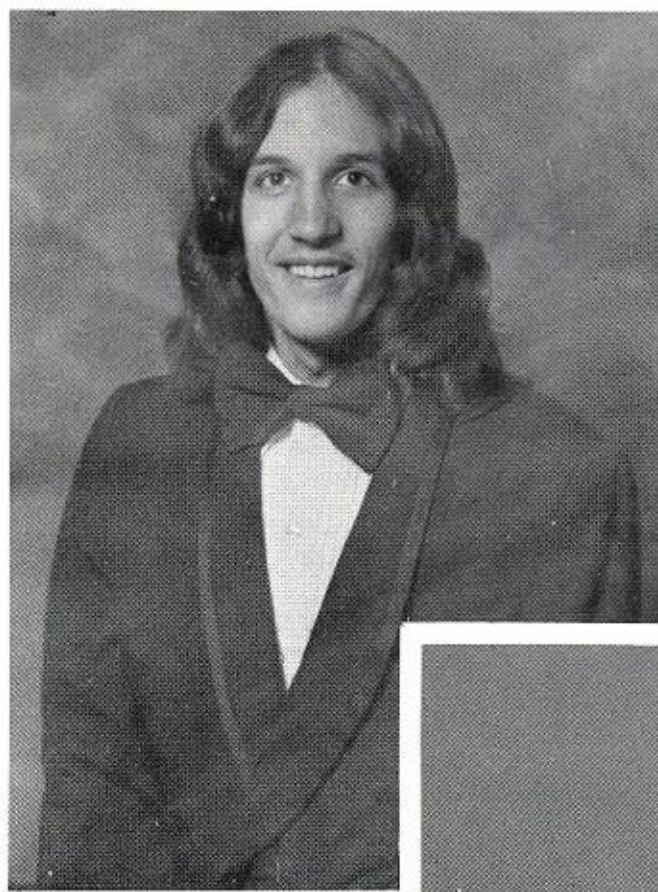

Carol McCauley— A person must live each day as he feels God is leading him to, because we are not promised a second chance, we are not promised tomorrow. We should try to get every bit of happiness we can out of life and still be aware of the greater happiness that waits us beyond this world.

Ron Coombs— God gave us two ends—one to sit on, and one to think with. A man's success depends on which end he uses the most. It's a case of "heads you win, tails you lose."

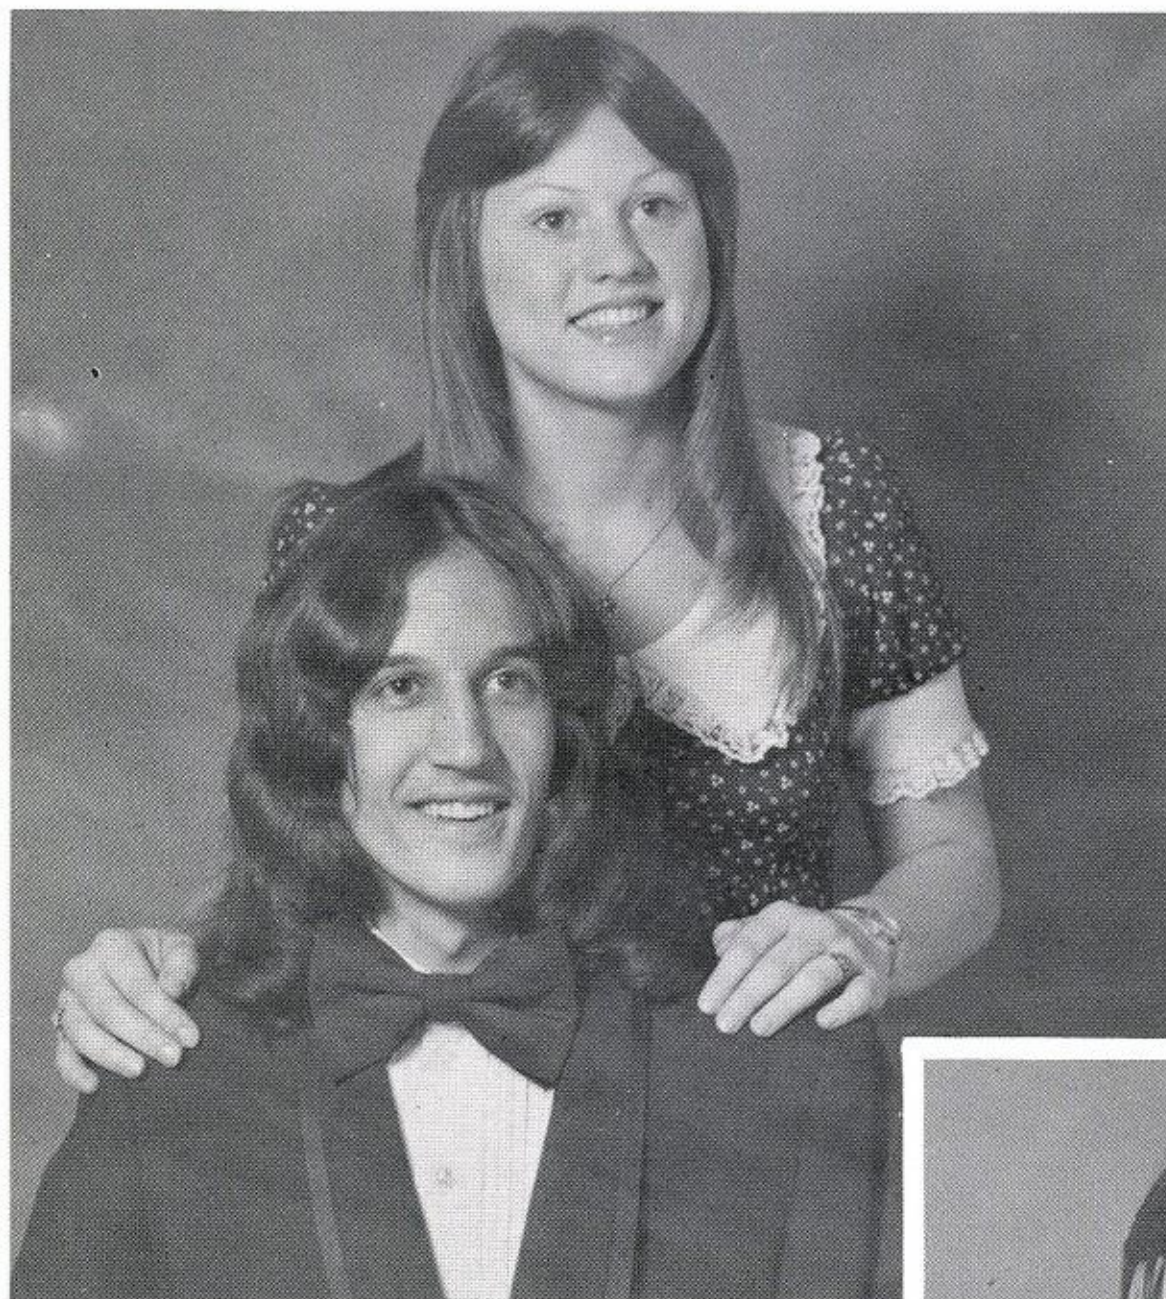

Kitty Kelly—Since life is so short, I believe in stretching it to the fullest. That means striving to obtain goals I have set. A happy, successful life is the outcome of hard work and effort, but when there's a will, there's a way. The best things in life are earned, and that's all the more reason to put forth effort and hard work to obtain them.

"I Got A Name"

Wendy Vorholt—Is it important to remember and understand organically grown butterflies, or green apple-flavored bubble gum, or raisen bread? No, it's important to laugh and remember life.

Kathy Hayden—Life is like a seesaw, full of ups and downs. Each individual has the choice of remaining on top, but can only achieve this through determination, desires, and dreams.

Donna Pennington—Life is what you make it! I believe in striving for the highest. No matter how hard things get, or how down we feel, we should always keep on trying, and never stop having faith. I believe that through God and self-determination, anything is possible.

Lori Bolf—Life is beautiful! If one has faith in the Lord, then he will have a happy and successful life. Sure, I will face problems, but they are forgotten as the good things happen. I have much to look forward to and live for, so I want to live my life to its fullest.

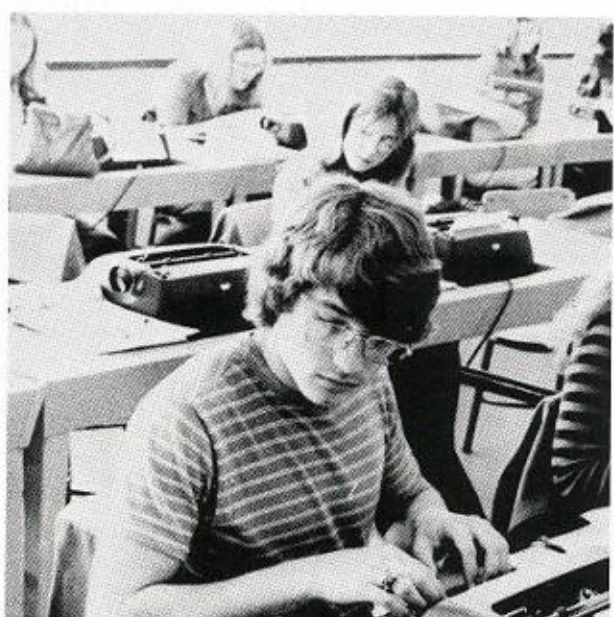

Cheryl Redman—Christ is all I need. I want God's best in my life ... What are you doing for Heaven's sake?

Patrice Warren—I believe we should look at life with a smile, and an understanding open mind. We should take life's hardships and trials in stride, and live each day as if it were our last. We should think happy thoughts, and therefore, reflect a happy appearance.

Rusty Sadler—"One of the strongest characteristics of genius is the power of lighting its own fire." Everything is within one's grasp if one will pursue it to the utmost of his ability. Life is full of ups and downs, but if one will treat life right, there will be more ups than downs. "The truth is found when one is free to pursue it."

Albert Lescovensky—Life can be expressed by many values such as love, kindness, enjoyment, hatred, or pity. Life changes—it's good, it's bad, and it sometimes may not seem like living. But it is only what a person makes it, and that is what it is all about.

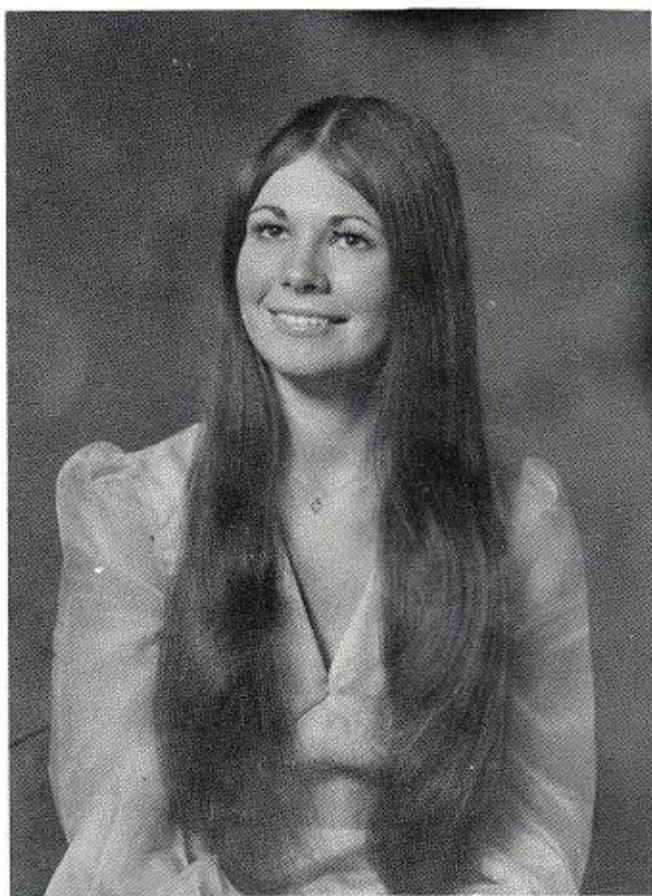

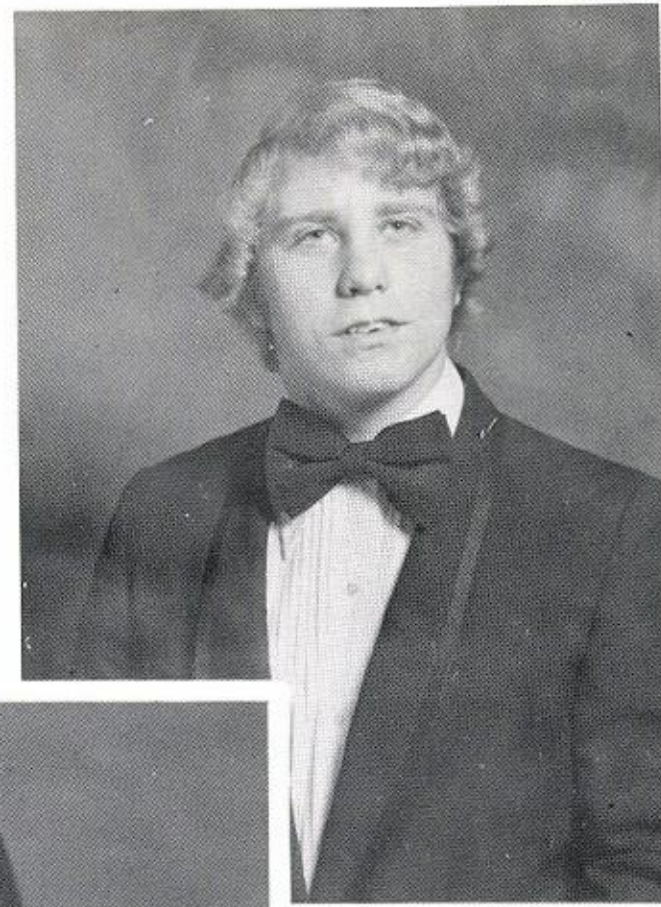

Steve Morris—Life is short and beautiful. Live each day to its fullest, and take advantage of every opportunity to help yourself and others. Take life seriously, but don't let it dominate you.

Rose Mari Rountree—Life is a hand that may slap you into reality. At time the hand of life will point directly at you, it may pin you to the ground. Yet the same hand will also caress you and easily guide you to happiness.

Marvin Black—You should live your life the way you see it . . . and try to enjoy life as much as you can while you are young.

Ricky Stanford—I think you should listen to all sides of the matter, and then do what you want concerning your future. You should become what you desire, not what others want you to be.

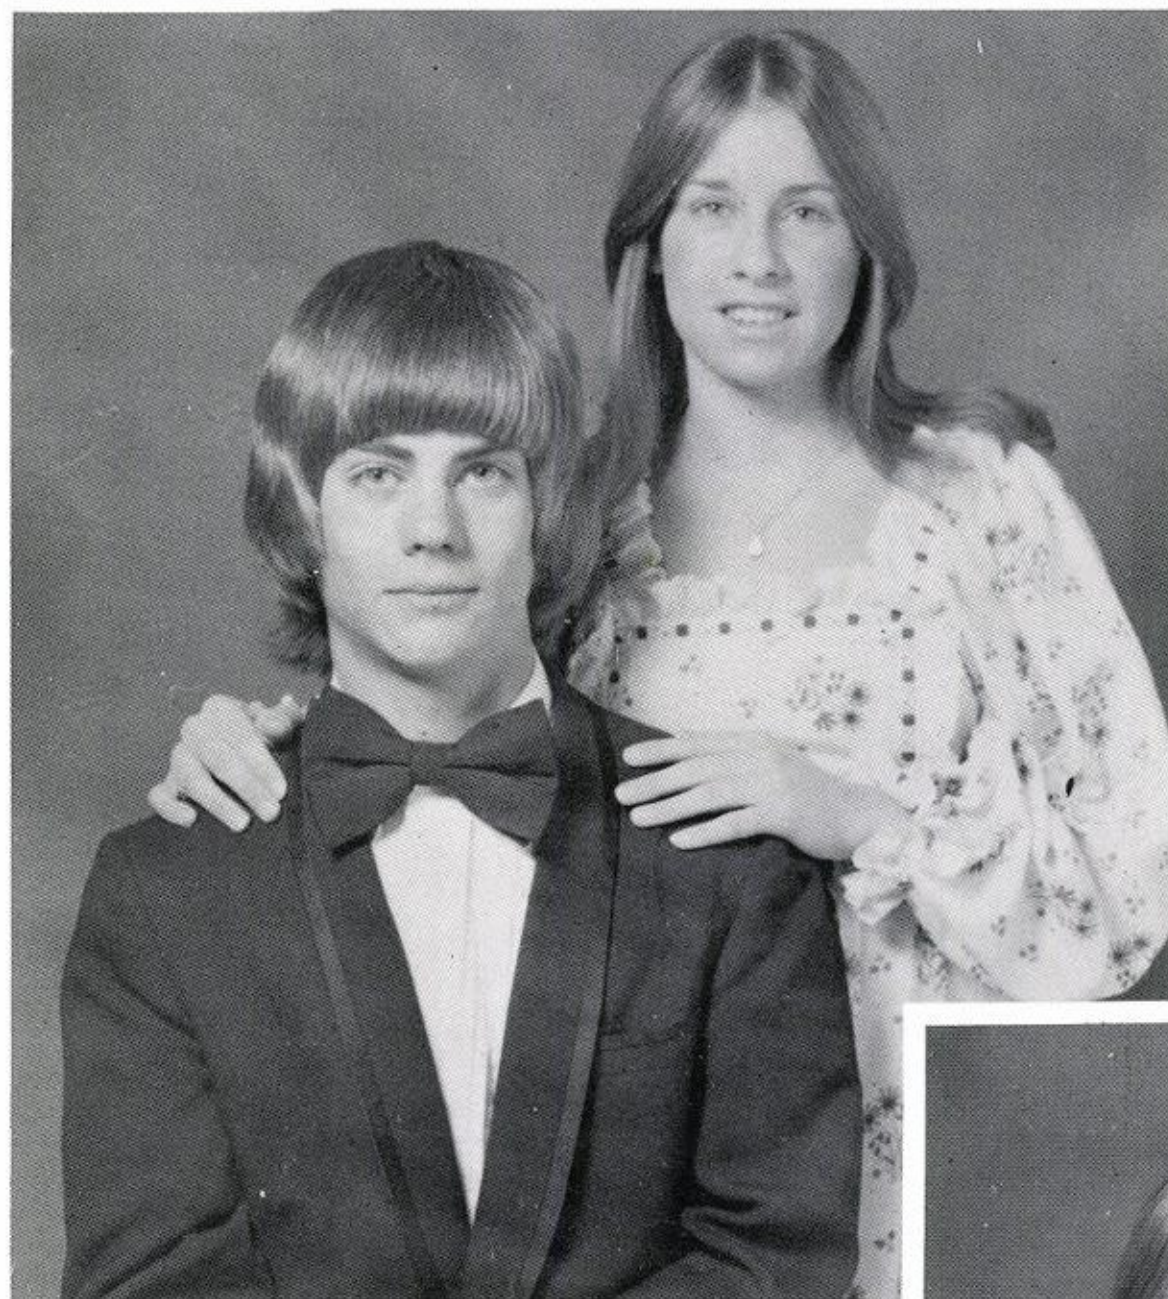

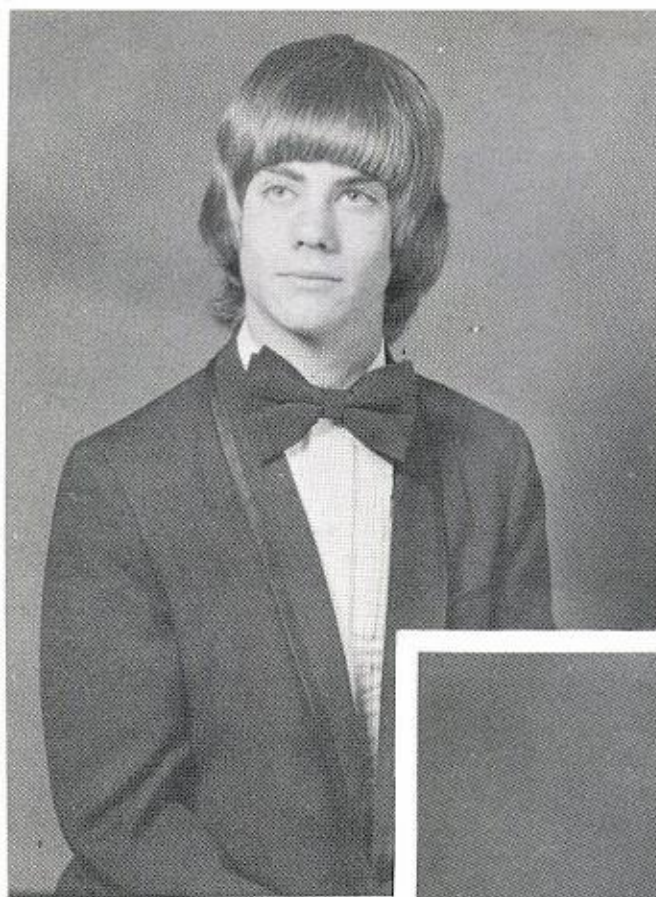

Alan Umholtz—I look forward to each day, because you can always learn something new. I live from day to day hoping to meet goals I have set for myself. Without goals, life is like a bird without wings.

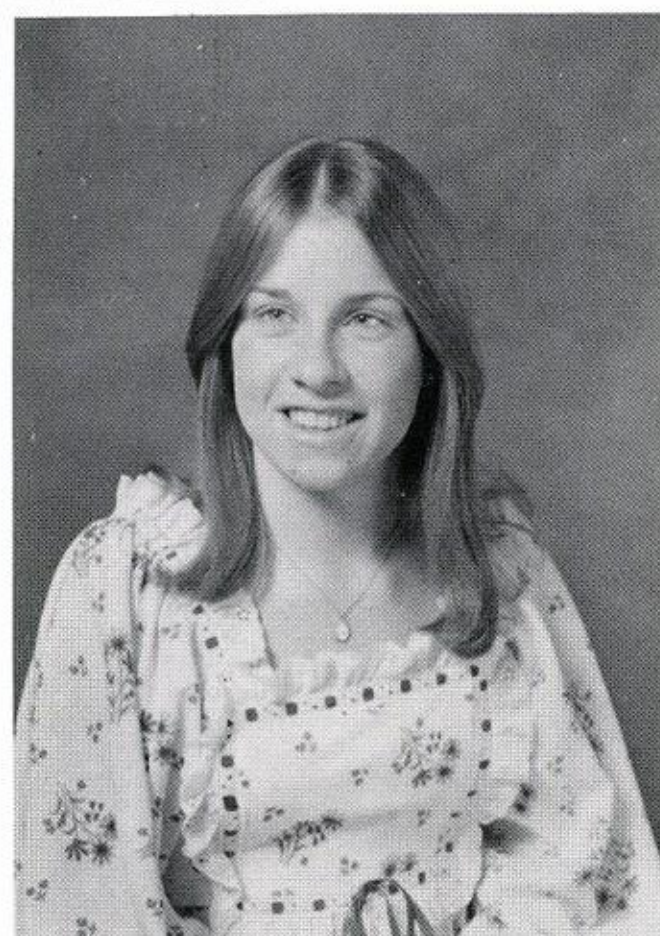

Tina Moore—People should strive for happiness every day of their life. One can find happiness in achieving goals. The harder the goal, the more rewarding to achieve it. One should not quit after reaching a certain goal, but set higher goals. You should always do your best to achieve your life's goals.

Jo, Richard, Debbie, Jake: (Bragging) Copy makes it that way.

Staff: NO SIR! You don't ma-a

Mr. Stubblefield: (Forcefully) Cool it Staff!

Prosecution: (Disgusted) I hope ya'll don't always act this way.

Glenn: (Sarcastically) Of course not! We never disagree!

Staff: (Screaming) RIGHT!

Prosecution: (Shouting) The yearbook seems harmless, but it is symbolic of CHANGE students want. It promotes student unrest!

Steve, Lenora, Scott, Russ: (Impatiently) Come off it! The annual is unique because each year is.

Cathy, Ron, Sharon: Right! We promote CHANGE, but it shouldn't be feared.

Prosecution: (Angry) Are you long-winged •#* QUITE through?

Staff: (Yelling) Yes!!!

Mr. Stubblefield: (Furious) You don't talk to my staff like that you &* \$!% # !!

Prosecution: (Delerious) Get them out! They bug me!!

Judge: (Calm) Don't speak your personal comments in court! ... Move On!

"We've Got To Get It On Again"

President: Mike Hall, Vice President: Kitty Kelly, Secretary: Lori Bolf, and Treasurer: Rhonda Pennington.

Judge: Prosecution, you may proceed.

Prosecution: My next point of evidence against Brewer concerns activities of the Student Council. The Student Council ... or student meddlers as they are commonly called

Defense: Your Honor, I must object to Prosecution's continual slander towards my client.

Prosecution: Excuse me for being so severe. As I was saying, the Student Council is responsible for much CHANGE at Brewer. Their suggestions are usually accepted by the student body, is this not true?

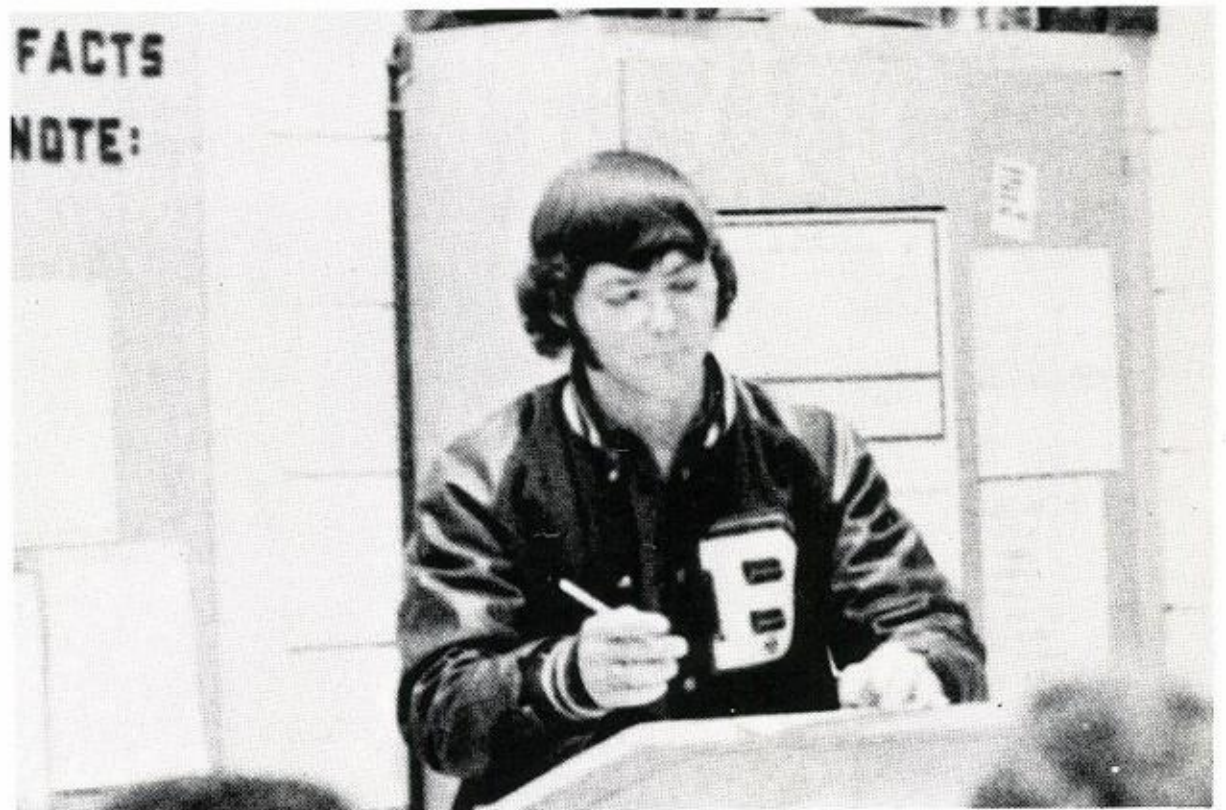

Student Council: Yes, it is true! We think of these projects so there will be variety and organization among the student body.

Prosecution: No further questions.

Judge: Thank you, Defense, you may proceed.

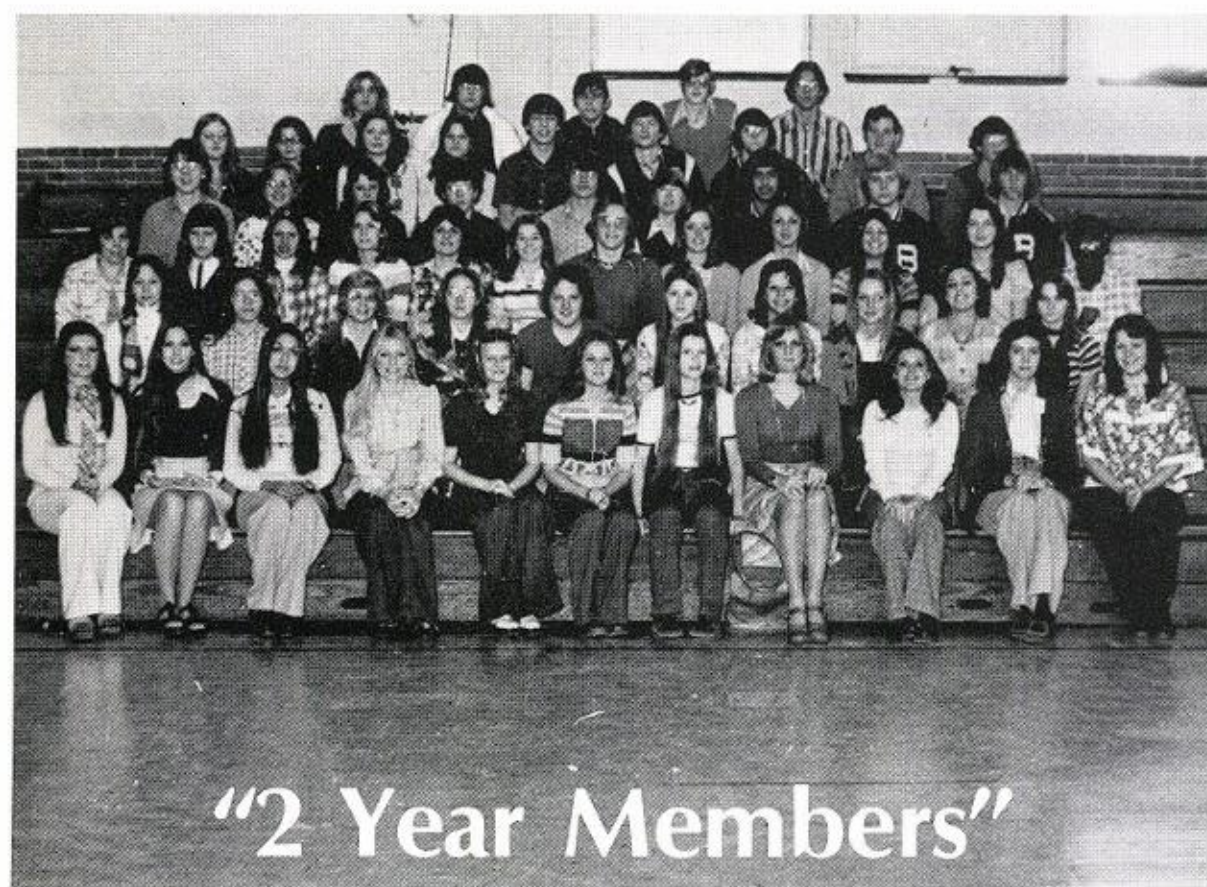

Defense: I think the evidence has shown there is CHANGE at Brewer, but it is not at all unnecessary.

Judge: Thank you. We shall now proceed to the next point of evidence.

"3 Year Members"

"2 Year Members"

Defense: NHS is a chief organization in Brewer, scholastically and in character. A member will tell reasons why NHS feels CHANGE is needed.

NHS Member: We feel students, teachers, and most people in general do not respect each other. We are trying to restore this respect by showing character, scholarship, leadership, and service.

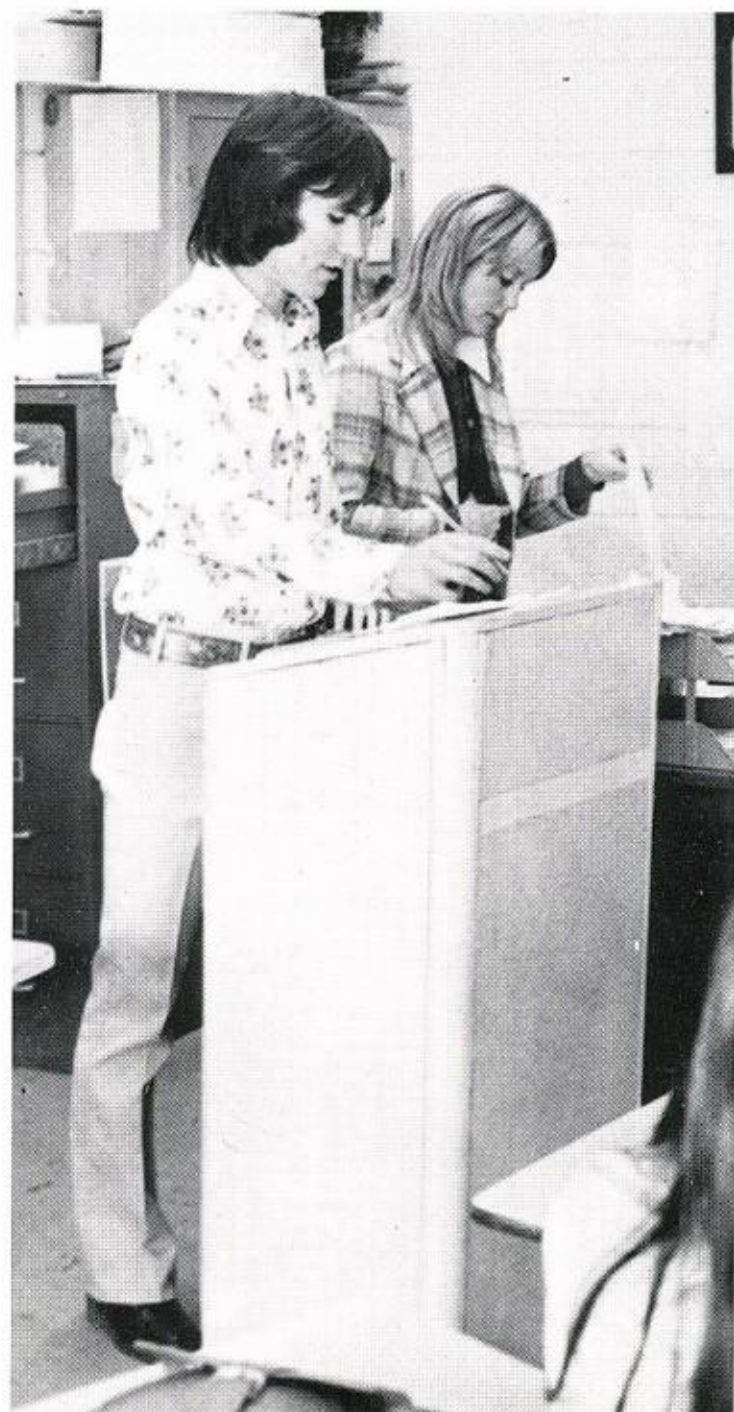

Prosecution: How have you done this?

NHS Member: By being leaders in school, and by transacting projects for needy families.

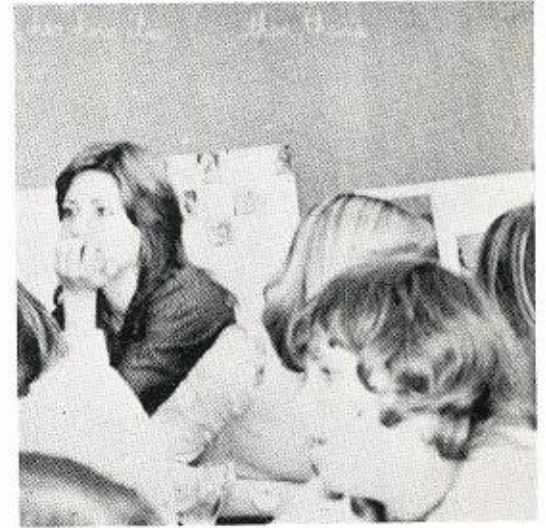

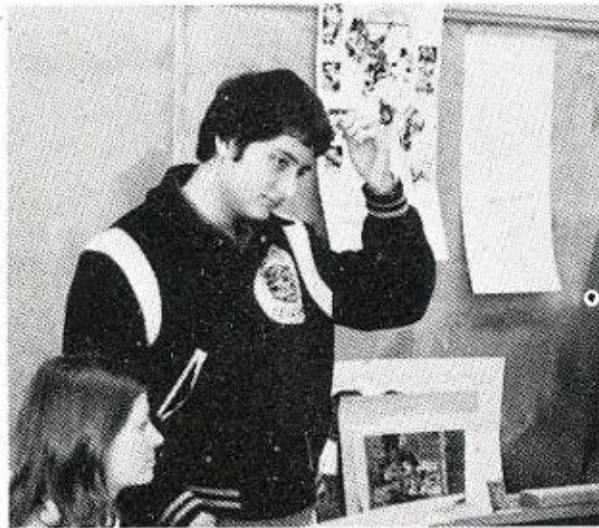

Prosecution: Oh Bull, how can **that** help?

NHS Member: We hope we stimulate others to CHANGE and better their attitudes. If students remain apathetic toward each other, the world doesn't have a chance for tomorrow.

Defense: Thank you very much. You may step down.

"Hold Your Head High"

L to R: Pres: Steve Williams, VP: Kitty Kelly, Sec: Marcia Bangs, and Treas: Hector Medina.

"Nights On Broadway"

Judge: I call to the stand a member of the Thespian Club.

Prosecution: This club has sought to CHANGE student attitudes toward drama and theatrical arts. Why have you done this?

Thespian: So students will become interested in drama.

Prosecution: That is absurd! Curriculum at Brewer is sufficient **without** this club! ...

Thespian: How preposterous! The Thespian Club involves students who have sacrificed their time and hard work. The club has given each student recognition deserved and opened doors for others. The club is worthwhile!

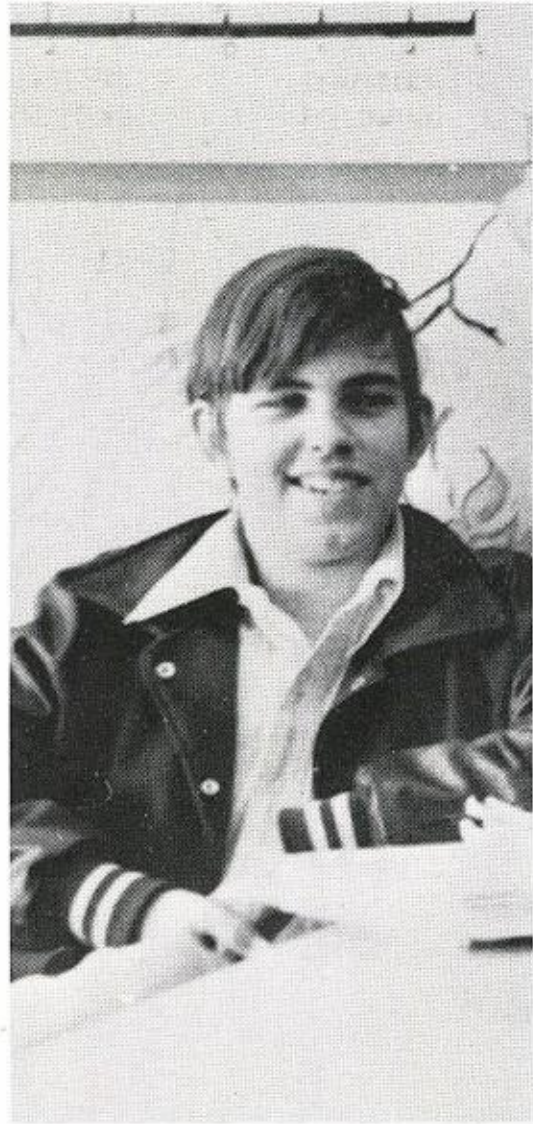

President: Freddy Gregg, **Vice President:** Karen Ruggles, **Secretary:** Rhonda Pennington, and **Treasurer:** Donna Pennington.

"Goin' Out Of My Head!"

R to L: President: Wendy Vorholt, **Vice President:** Mark Keeton, **Secretary:** Lori Pollock, **Co-Treasurers:** Tino and Cindy Cerda.

Prosecution: A small club in the school is Psychology. They have no dues, no meetings, just officers and a sponsor. How do you present CHANGE?

Psychology: We CHANGED attitudes toward the study of Psychology and of the mind. Psychology helps one to understand himself.

Prosecution: BOFF! Utterly ridiculous!

"Take A Letter ..."

Defense: Will a spokeswoman for Brewer's office girls come forward. In your daily activities, what CHANGES need to come about?

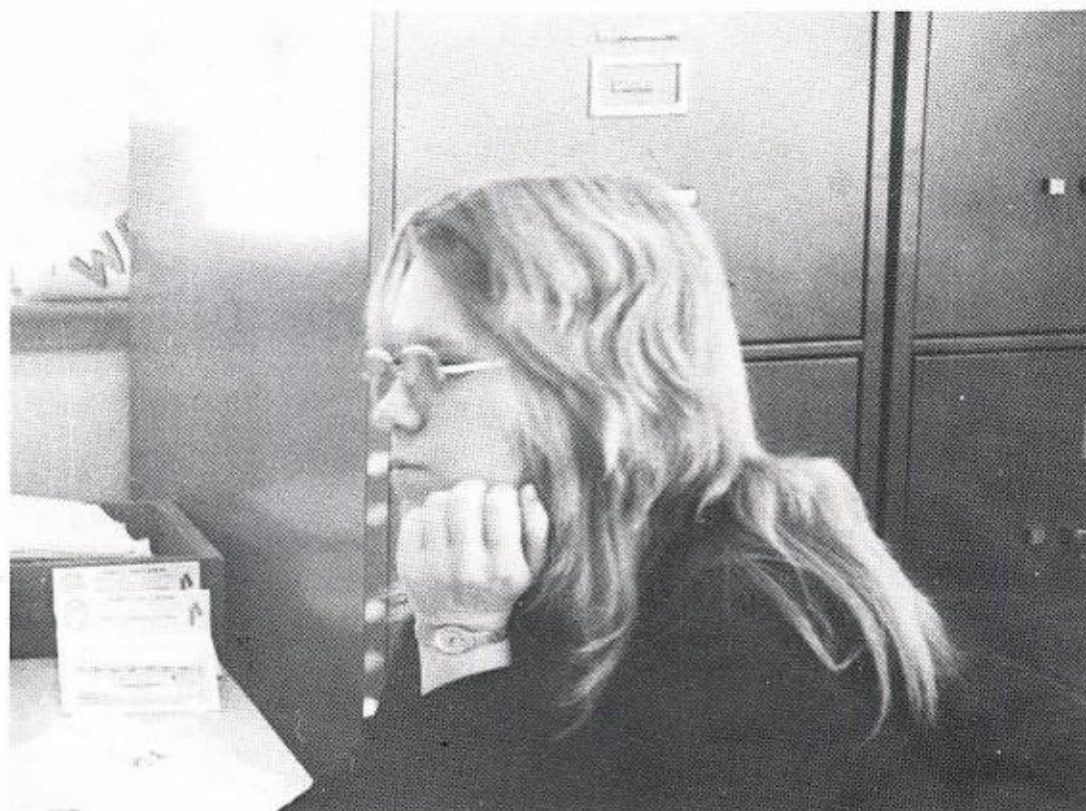

Office Girl: In the past, we have taken roll cards, and checked student absences, but we also want to aid teachers and help the secretaries.

Prosecution: Your work isn't important!

Office Girl: Of course it is!

Prosecution: How can a bunch of inexperienced office girls bring about CHANGE?

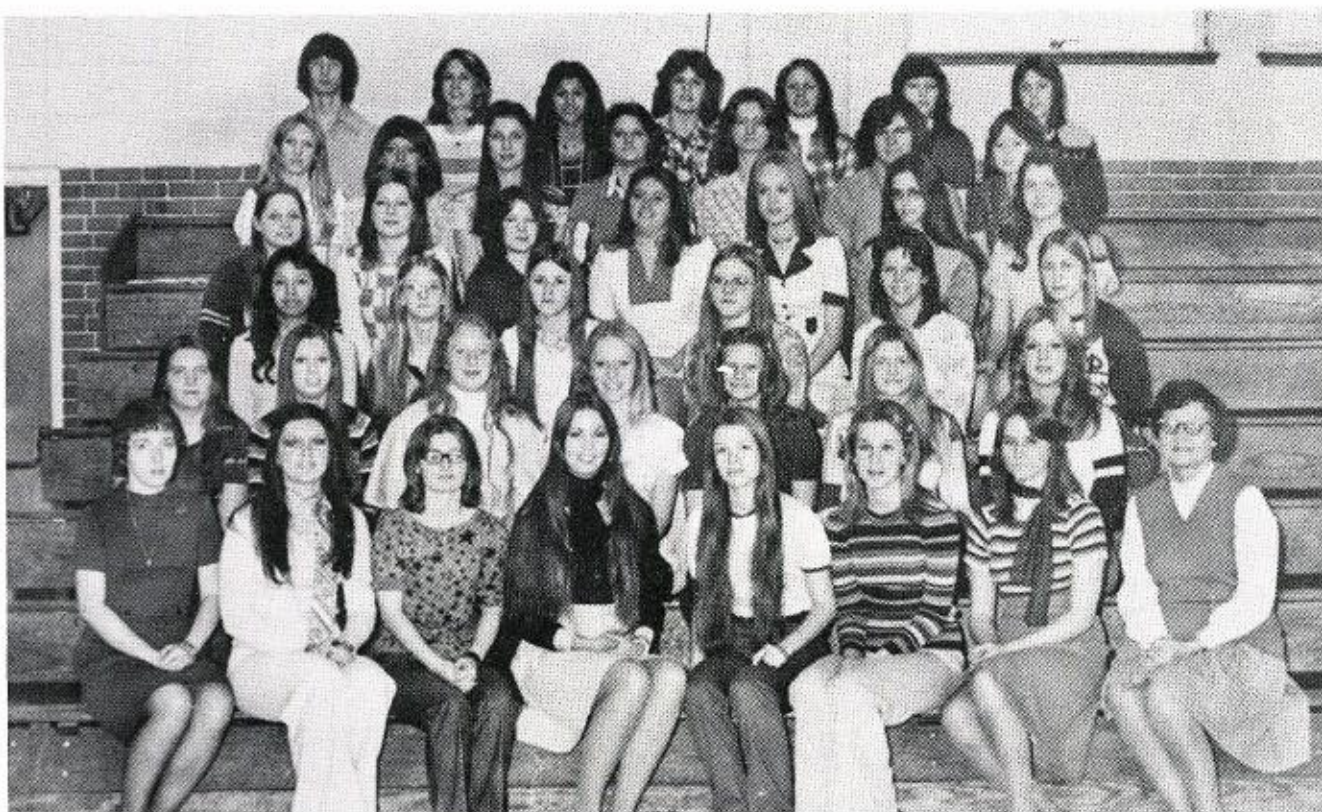

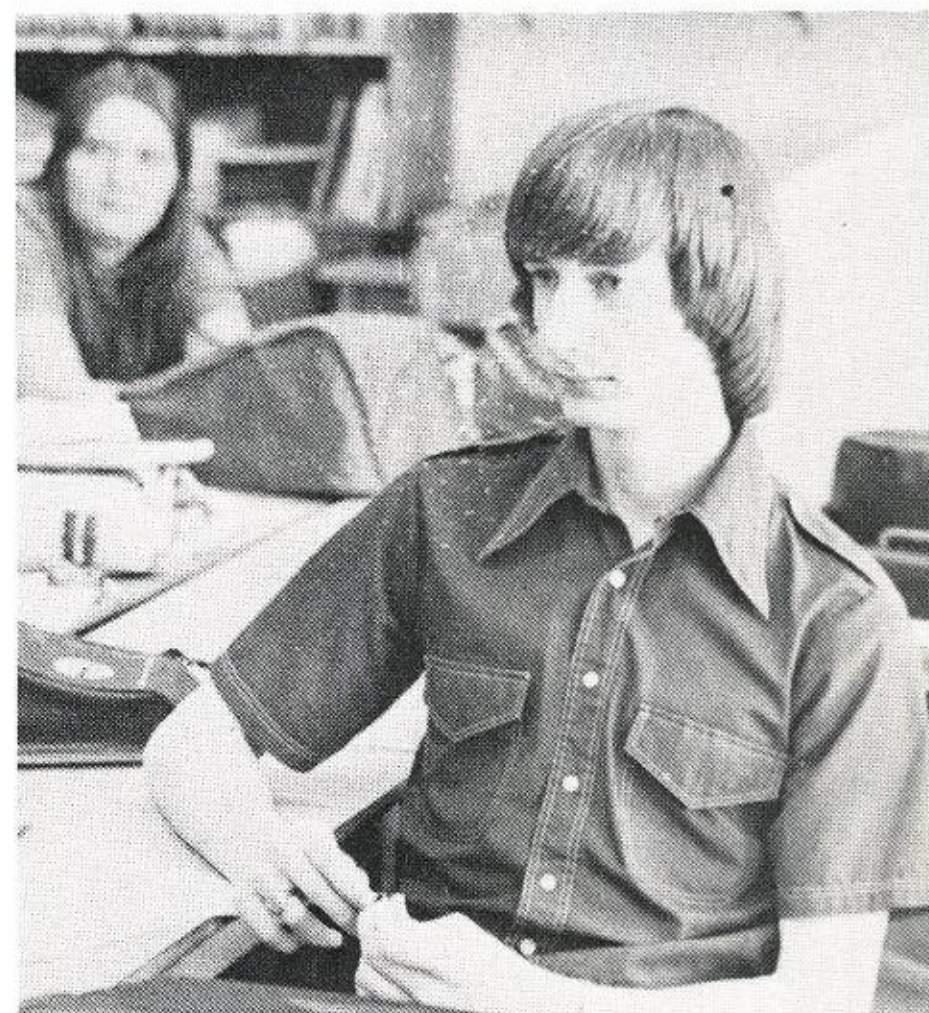

Office Girl: If we relieve secretaries of some jobs that take so much time, they will be able to devote more time to improving the way the executive end of the school system is run ... THAT'S HOW!

"How Do You Do?"

Pres.: Vickie Morrison, **Vice Pres.:** Cathy Hayden, **Sec.:** Wendy Pederson, **Tres.:** Rose Mari Rountree, **Rec. Sec.:** Donna Bryant, **Sgt. at Arms:** Patrice Wren.

Prosecution: Will OEA please take the stand? What does your club do to help the school?

OEA: OEA encourages Brewer's students to gain office work experience.

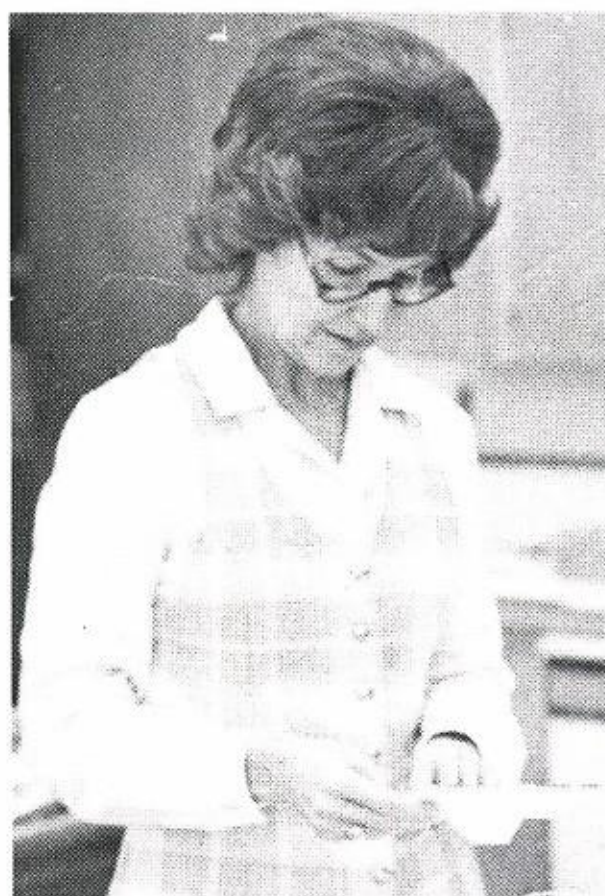

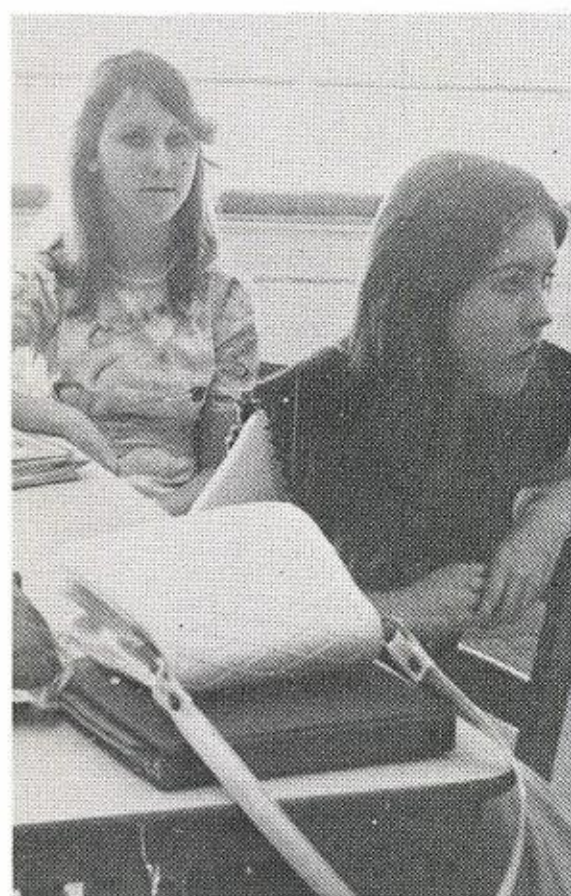

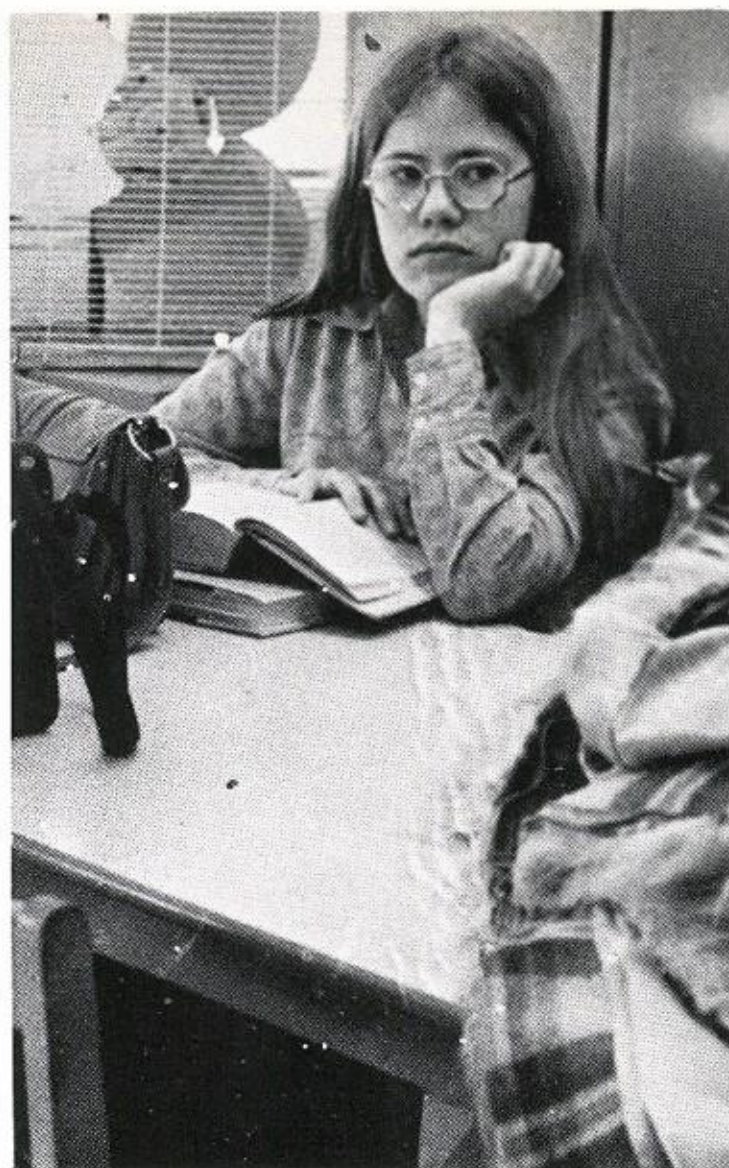

Prosecution: Well, shouldn't you be encouraged basic studies instead of vocational work?

OEA: Working experience is the best way to obtain a good job.

Prosecution: Well! What else does OEA do?

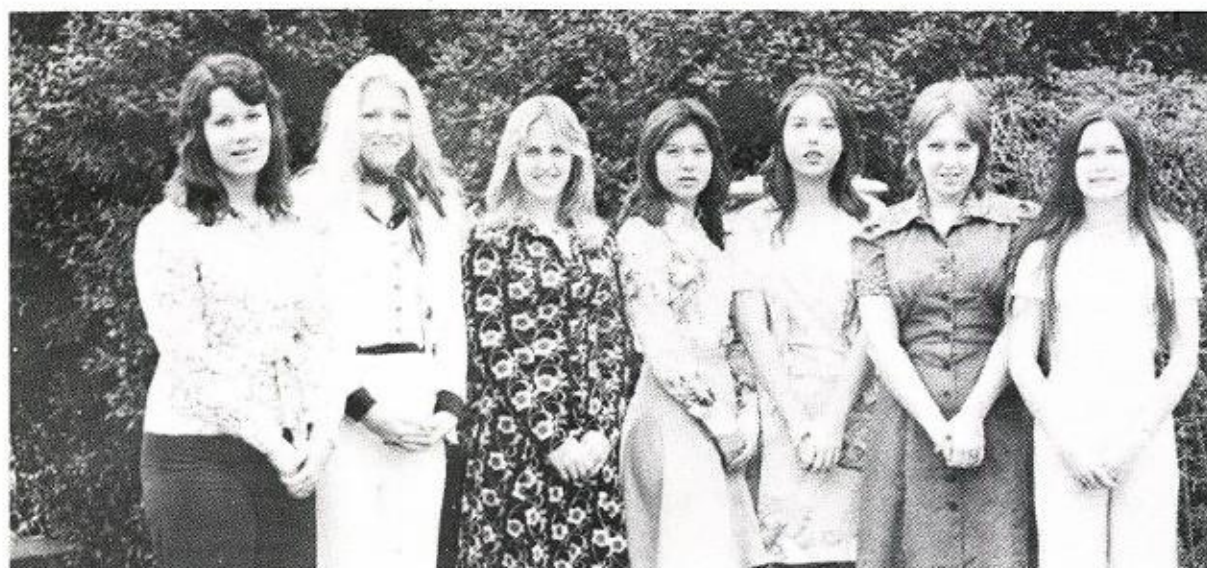

OEA: We do a lot of community projects like collecting food for the needy, planning banquets for our bosses, and our parliamentary team is great!!

Prosecution: No questions, Your Honor, I suggest we take a recess.

Defense: Brewer's FHA is active in CHANGE. Some FHA projects consist of giving food to families, and a March of Dimes campaign.
Prosecution: (Bored) Why's that good?
FHA: (Angry) We help people! Isn't that good CHANGE?
Prosecution: (Sarcastic) Calm down!
FHA: (Mad) Do I have to talk to him? He bugs me!
Defense: (Pity) No! He doesn't know his head from a hole in the ground!

L to R: Pres: Jo Price, Vice Pres: Sue Greenway, Sec: Missy Lewis, Treas: Carol Gureca, Sgt. At Arms: Christene Tate, Par: June Moore, and Reporter: Kathy Jenkins.

Judge: Will a member of HERO come to the stand?

Defense: What is HERO?

HERO: HERO is Home Economics and Related Occupations.

Prosecution: What is the purpose of this organization? ... If there is a purpose!

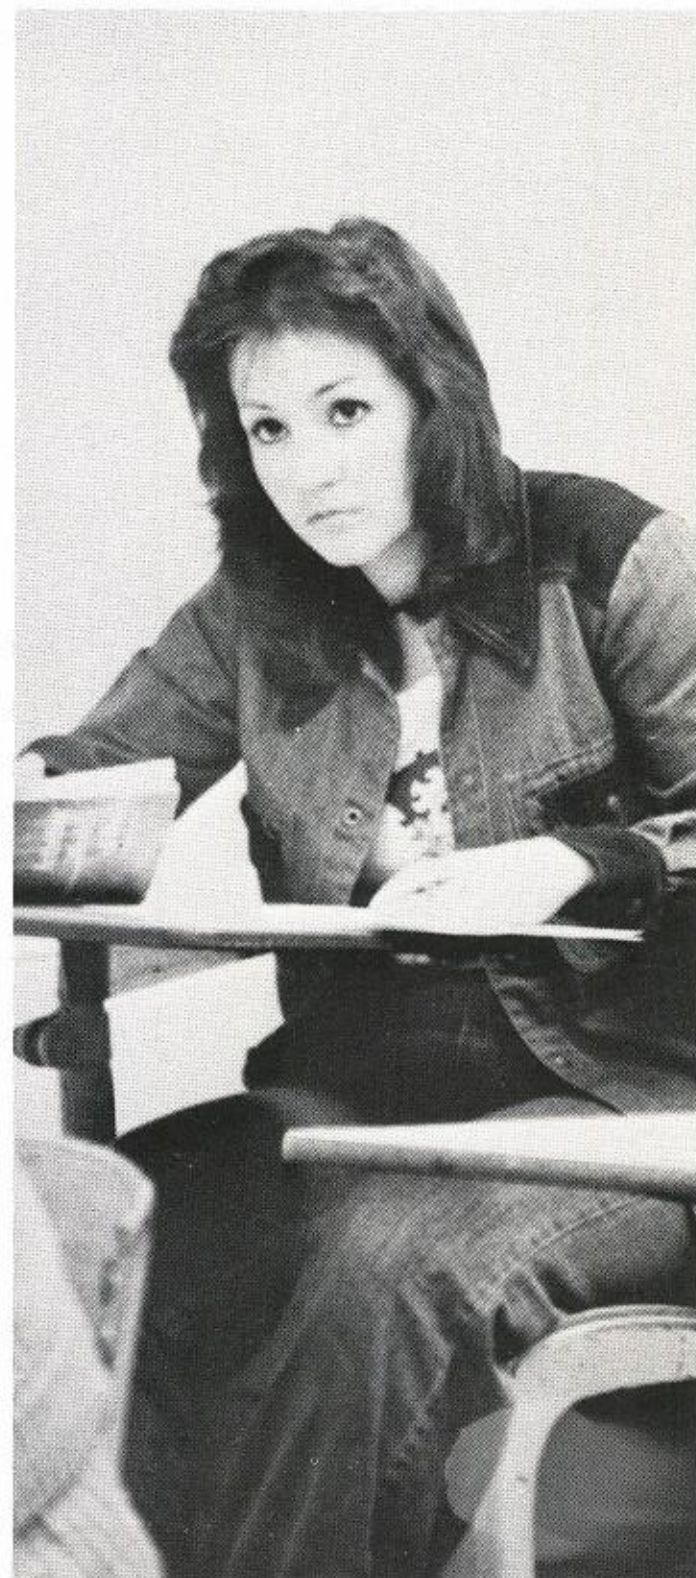

HERO: THERE IS A PURPOSE!! HERO gives us skills needed to succeed in the business world.

Defense: What CHANGE are you producing?

HERO: We are improving working relationships and the total output of production in the business world.

"That's The Way I Like It!"

President: Dawn McKinney, **Vice President:** Janice Early, and **Secretary:** Roxanne Hayes.

"Eres Tu"

Defense: Brewer's Lang. Club is active in CHANGE of society.

Language: YES! There is much prejudice today

Prosecution: Tell us something we didn't know.

Language: I'm trying! If we learn other people's culture, we can understand each other better.

Prosecution: How will that CHANGE things?

Language: Understanding is the root to CHANGE

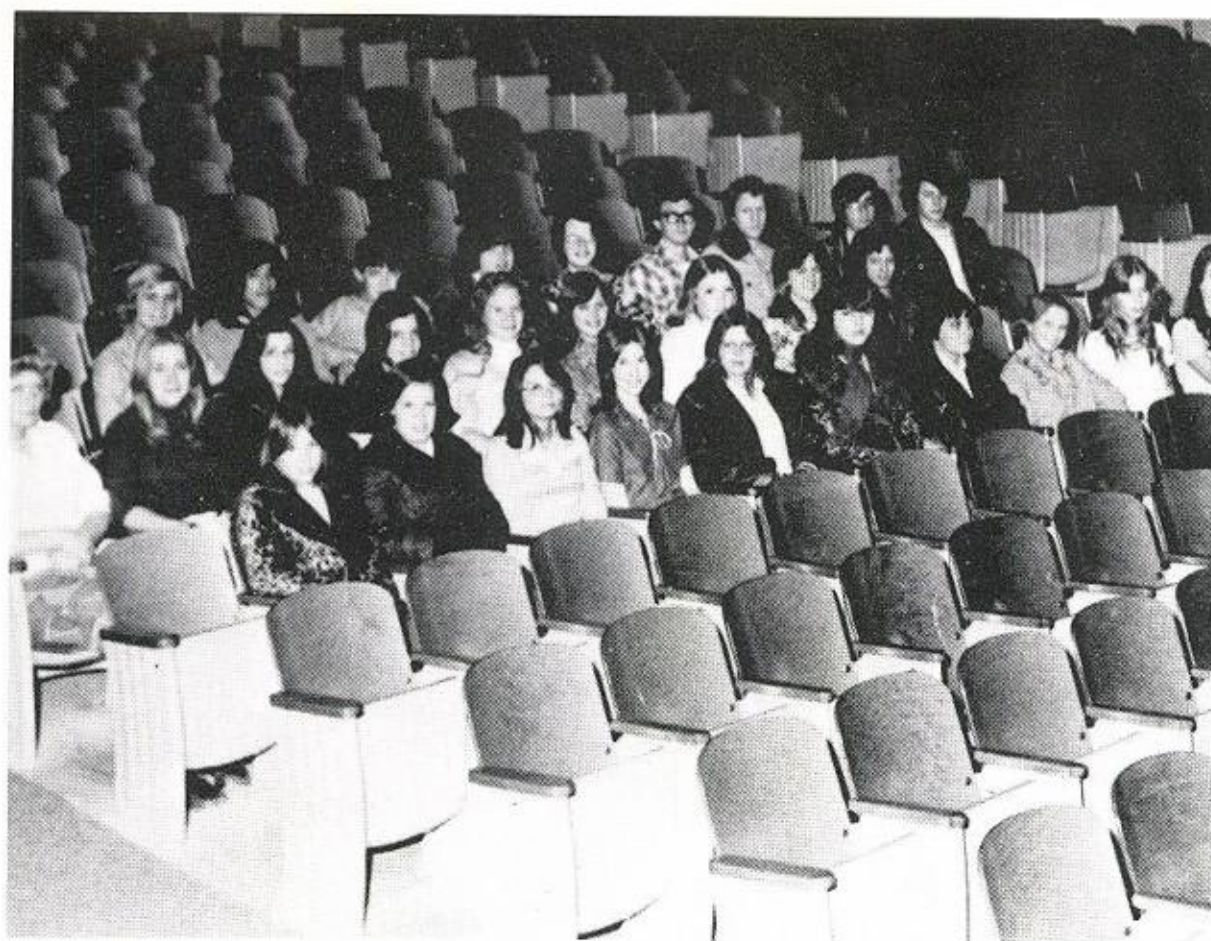

Prosecution: Sure, everyone understands everyone and there is peace.

Language: NO! But we must CHANGE now if PROGRESS is to be made!

President: Carol McCauley, **Vice President:** Debi Wood and **Secretary:** Debbie Brown

Defense: I now call to the stand a Brewer Aca-
pella Choir member.

Prosecution: How can Choir bring about
CHANGE in Brewer?

Choir: We have CHANGED the school's atti-
tude toward choir in many ways; one example
is that we have involved teachers in a concert.

Prosecution: So, what has that done?

Choir: For one thing, we've gained support from
teachers and students like never before!

Prosecution: What else have you done?

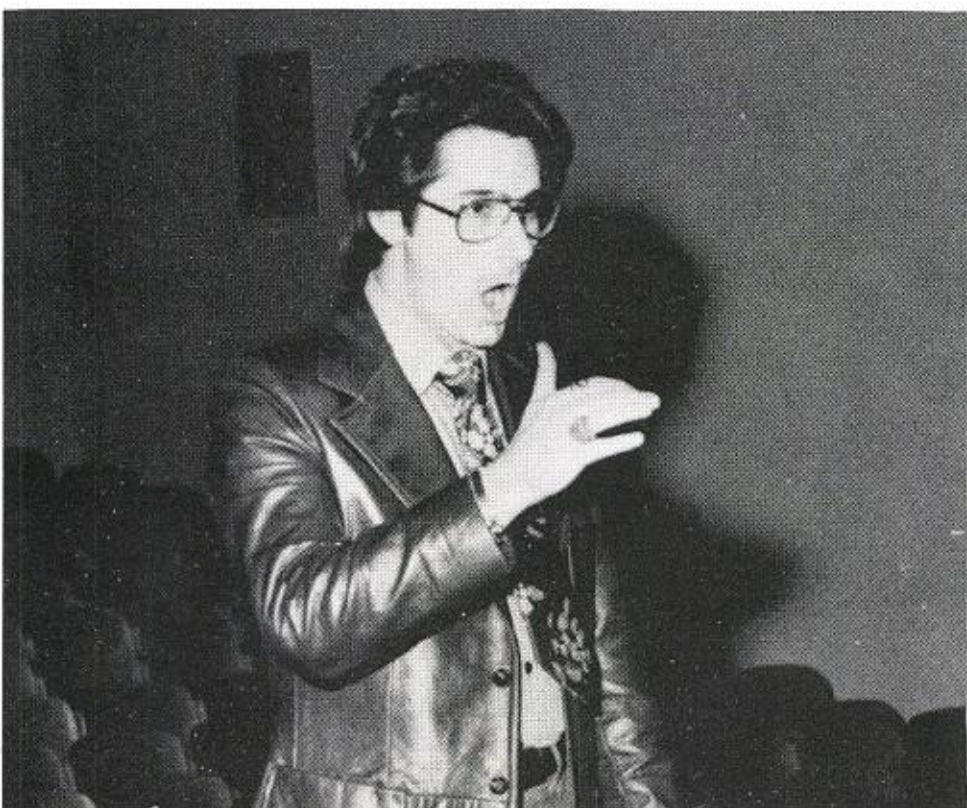

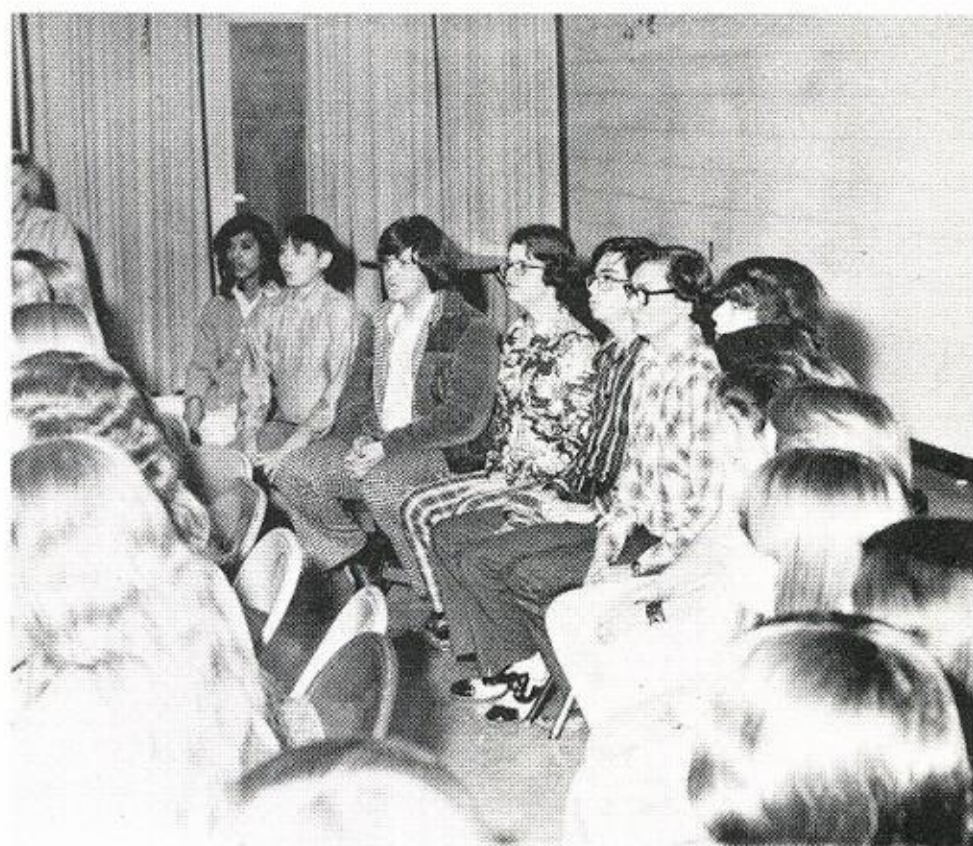

Choir: We CHANGED old tradition by using
new and different styles in our songs.

Prosecution: Oh, COME ON

Defense: No further questions, Your Honor.
Choir, we commend your actions and thank
you for your testimony.

President: Mark Huitt, **Vice President:** Delores Rhine, **Secretary:** Cheryl Huxford,
and **Treasurer:** Barbie Tyson.

**"Sing, Sing A

"Rhinstone Cowboy"

Prosecution: My next evidence concerns Rodeo Club. . . .

Uh, before I ask any questions, will you take the tobacco from your mouth?

Rodeo Club: Sho', but I just worked up a good spit.

Prosecution: Let's get on with it! I'll get to the point. Why was Rodeo Club started?

Rodeo Club: This here organization was made so we could be in them there rodeos, and ride those husky critters . . .

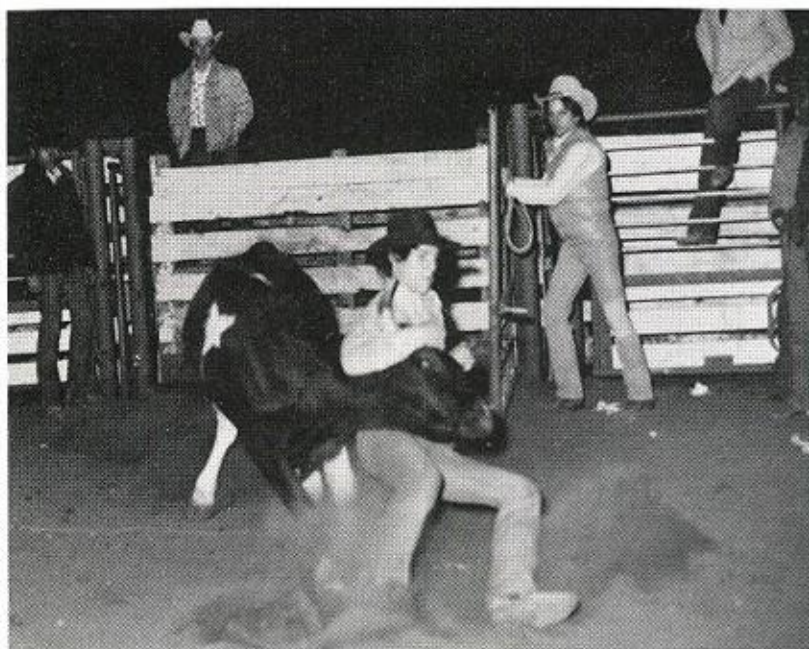

Prosecution: What! Your club just rides bulls?

Rodeo Club: I can see you'ns in law don't know nuttin' 'bout us here "cowboys" . . . We is startin' our own rodeo, and some of us is goin' to th' district finals!

Prosecution: Judge, his manners are atrocious!

Rodeo Club: Well, suh, th' feelin's mutual! . . .

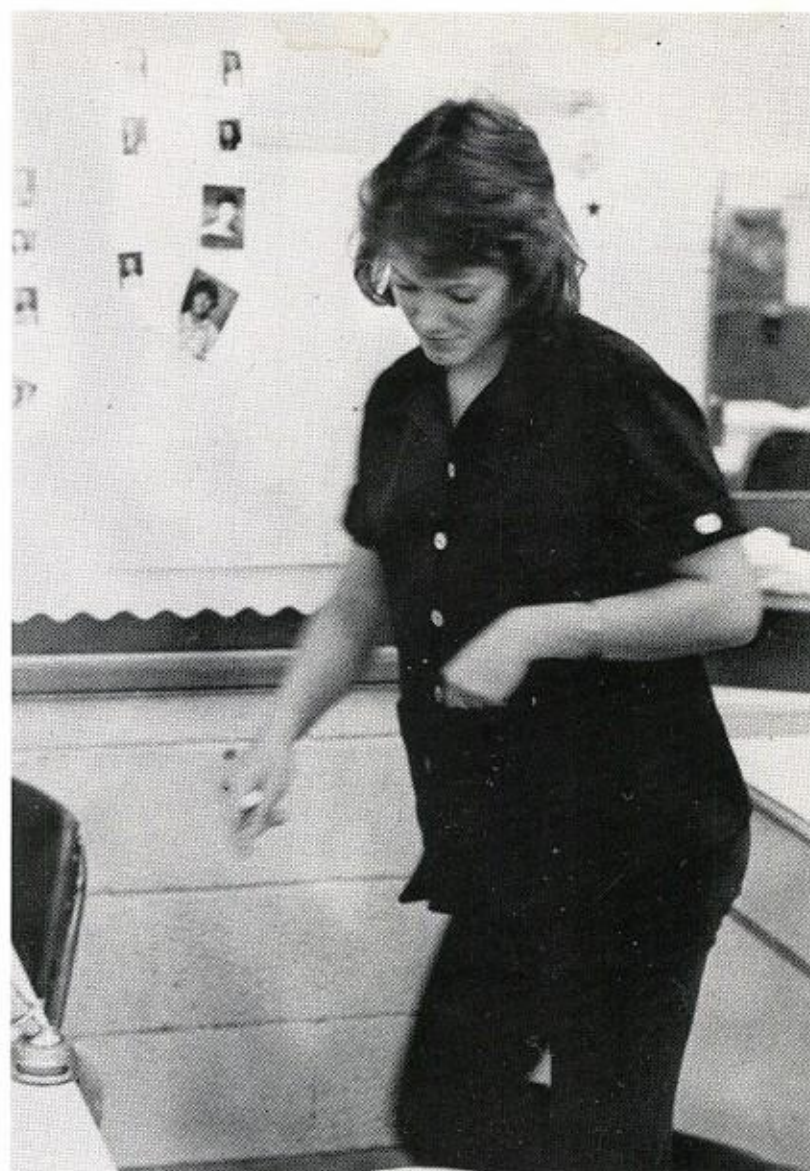

Judge: No progress is being made, move on!

President: John Bowman, **Vice President:** Gary Pamplin, **Secretary:** Linda Melton, and **Treasurer:** Joe Smith.

"We Wanna' Do Some-

thing Freaky To You!"

Judge: What happened to your hair?

Cosmetology: Did it myself, original, huh?

Defense: The Cosmetology Department of Brewer has helped many students become beauticians. What other CHANGE can be made?

Cosmetology: Many students and faculty do not view Cosmetology as a class that builds careers. They think the class is just an easy credit ...

Prosecution: Well, that's what it is!

Cosmetology: NO IT'S NOT! We enter contests, and give excellent, inexpensive haircuts.

Defense: Thank you, I can see what your group is doing about CHANGE.

Prosecution: Yeah, we all can ... (Ha! Ha!)

Judge: Oh, shut up, Prosecution!!

Pres: Cheryl Forns, **V.P.:** Cindy Benfer, **Sec:** Jackie Ross, **Treas:** Janice Hudson, **Reporter:** Sherry Melman, **Sgt. at Arms:** Patty Browning, **Par:** Wanda Thompson.

L to R: Pres: Alan Stanley, VP: Rick Sutton, Sec: Cheryl Keeton, Treas: Robert Boatman.

"Day By Day"

Defense: My next witness should be here soon. He just got off work.

DE: Here I am. Sorry I'm late!

Prosecution: Never mind! Just tell the court what DE is.

DE: It's Distributive Education. DE helps develop skill in marketing and distribution

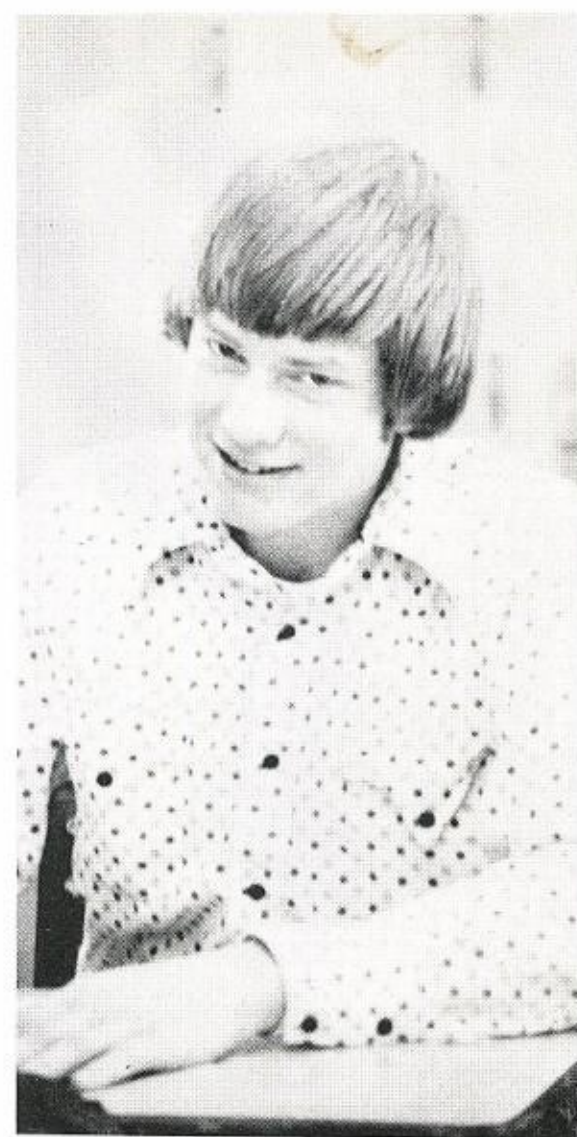

Prosecution: Brewer is just concerned with vocational programs?

DE: Of course not! We take necessary courses. It's just that DE will make us productive members of society. We'll always be thankful to Brewer for this.

Prosecution: How sentimental! Obviously this witness is too prejudiced to give objective testimony.

DE: Hey, wait a minute . . .

Prosecution: Witness dismissed!

"Pick Up The Pieces!"

Prosecution: I will prove how worthless Brewer's class is by speaking to an ICT member ... What is ICT?

ICT: ICT is Industrial Cooperative Training. Its purpose is to get us jobs via school, which gives us training in technical fields.

Prosecution: What has our school system come to? Have we stopped teaching reading, math, and science? Is school completely vocational now?

ICT: No! School readies us for life! Students not only learn little at school, but talk back to elders. What manners! Witness is dismissed!

L to R: Pres: Kenny Stewart, VP: Rusty Hearne, Sec: Peachie Green, Treas: Chuck Petrik, Par: Joe Smith, Sgt. at Arms: Mark Ball, Reporter: Mark Branning.

"Hot Rod Lincoln"

Pres: Doug Wiley, Vice Pres: Randy Parker, Sec: Mary Blake, Treas: Albert Cronk, Rep: Joey Thompson, Sgt. at Arms: Roger Ray, Par: Kenny Umholtz, Sec: Randy Mawery.

Prosecution: My case against Auto Mech. is like Paint and Body—

Defense: I object! This is Auto Mech., NOT Paint and Body!

Judge: Objection sustained.

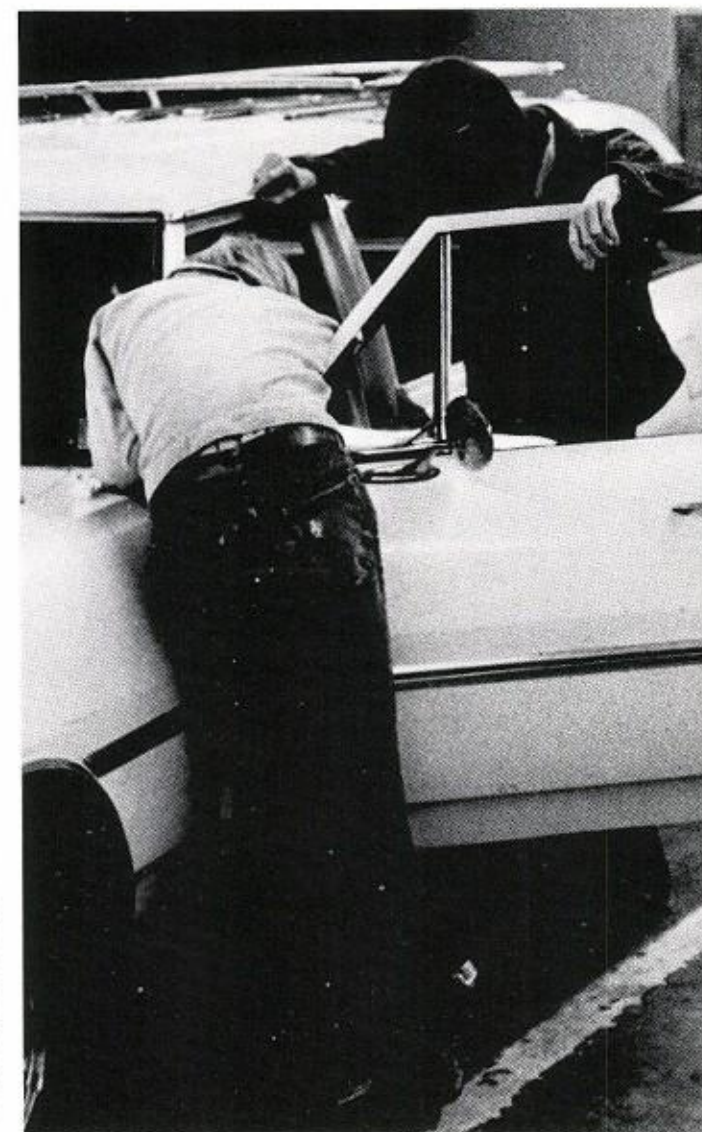

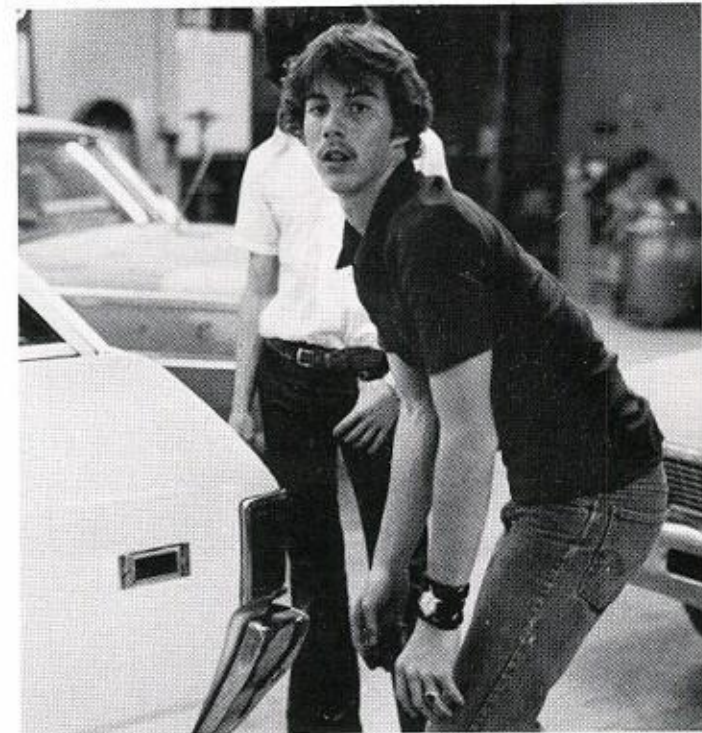

Prosecution: SORRY! As I was saying, Brewer's Auto Mech. class is not bringing about any PROGRESSIVE CHANGE. This class is useless!

Auto Mech.: You're ridiculous! This class finds students interested in mechanics and provides knowledge necessary for this vocation.

Prosecution: Your Honor, I will not be addressed in this manner any longer. I've had enough!

Defense: Good, why don't you quit?

Judge: All right, you two! Move on.

Pres: Jimmy Jaynes, Vice Pres: Chuck Shoe, Sec: Ricky Brandon, Rep: Dale Daus, Sgt. at Arms: Nolan Fontenot, and Par: Hoyt Easterwood.

Judge: Proceed Prosecution.

Prosecution: I charge the Paint and Body Department of Brewer with wanting CHANGE. These classes have no apparent value except

Paint and Body: You have no right to say that

Prosecution: Wait! Let me finish. As I was saying, the only apparent reason for this organization's existence is to cost Brewer more money, and give students a "good" reason to get out of school work.

Paint and Body: That is NOT true! We are here for vocational purposes. This class gives us experience for our future

Prosecution: How can this class give you experience?

Paint and Body: Through working with automobiles and machinery we become skilled in mechanics, thus enabling us to get a good job in the future.

"Paint Your Wagon"

"If I Were A Carpenter ..."

Pres: Gene Merrill, Treas: Marty Johnson, Rep: Kenny Brooks, Sgt at Arms: Sam Hunt, Par: James Danford, and Sec: Allen Snowden.

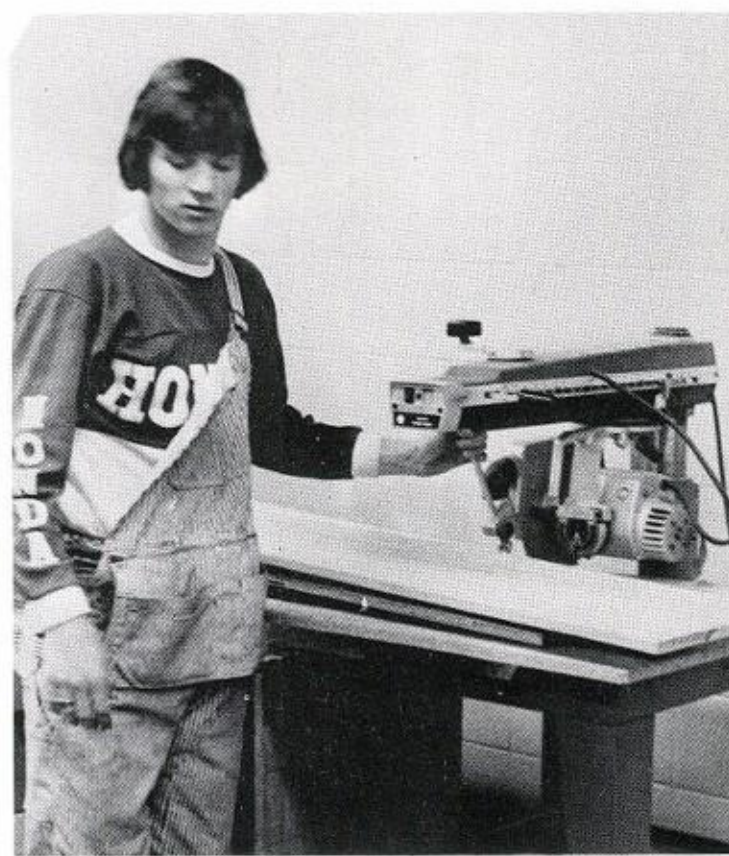

Judge: Proceed Prosecution.

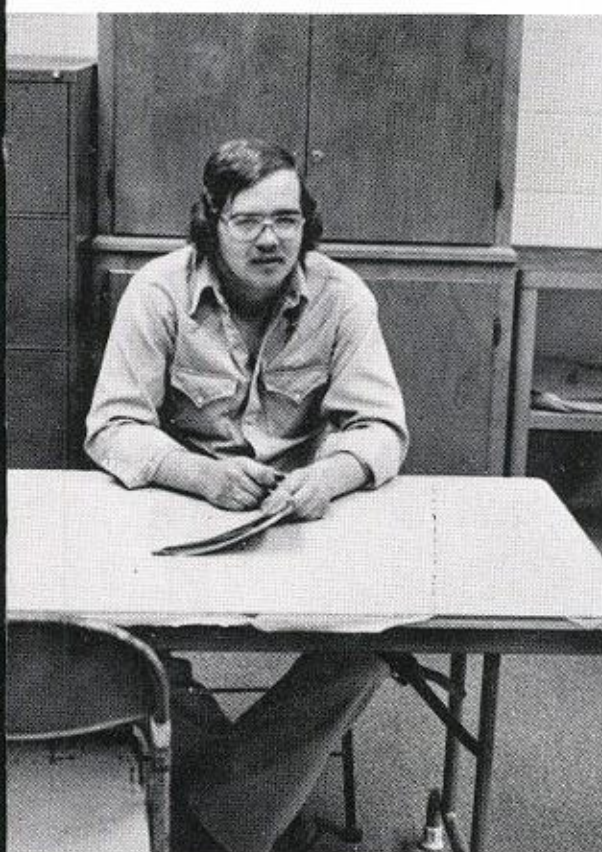

Prosecution: The evidence to be shown will prove students in Building Trades learn nothing but how to hit a nail with a hammer. Now I realize progressive education is supposed to cater to students, but . . .

Building Trades: Hey man, that's not true at all! This class teaches carpentry. We are building a house, and when finished, the money collected for payment will go to Brewer. The vocational training for the future.

Prosecution: I can't believe that! The administration thinks a class such as this is worthwhile?

Judge: Prosecution, refrain from your own personal opinion.

"Bridge Over Troubled Water"

Prosecution: (laughing) Brewer's CVAE says they have a purpose. HA! They're not CHANGING at all! All they do is talk.

CVAE: (angry) You've got to be kidding! CVAE develops skill in many job areas.

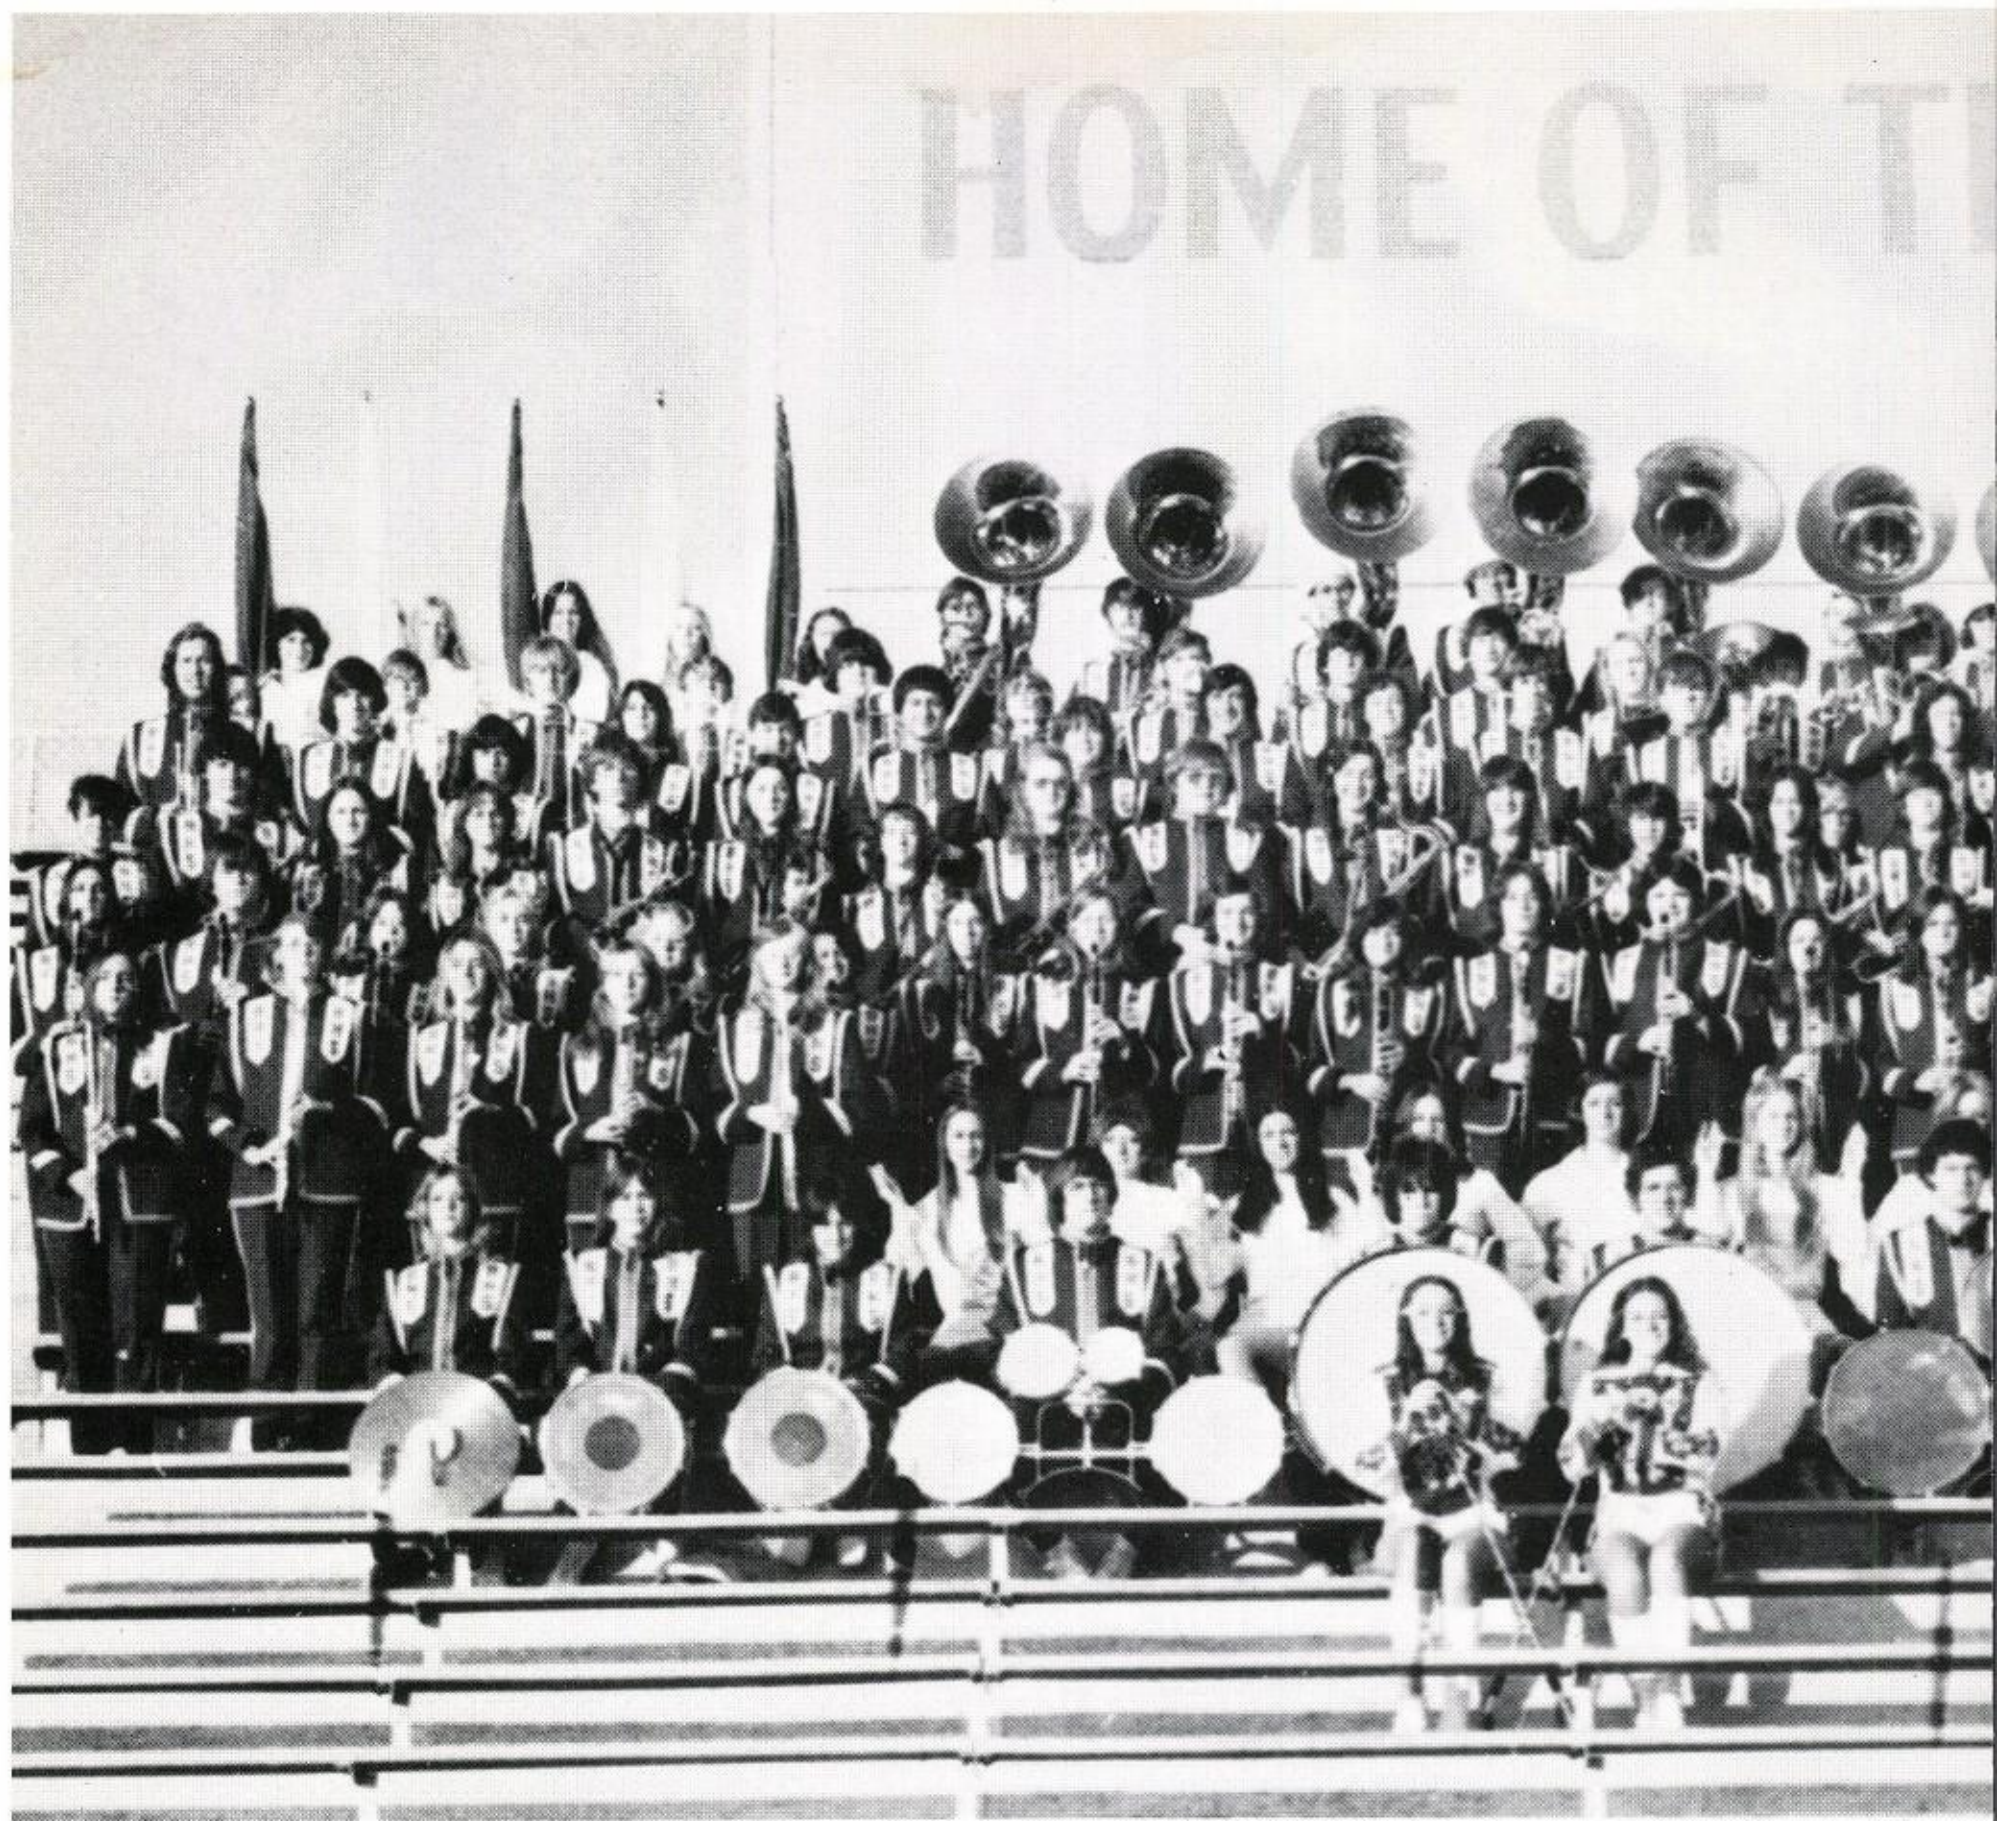

Prosecution: So? What about CHANGE?

CVAE: (excited) We've CHANGED by using better teaching methods.

Prosecution: (sarcastic) Oh joy! Let's move on, I might get excited!

Pres: Cody Taylor, **Vice Pres:** Skipper Wilson, **Sec:** Karen Taylor and **Treas:** Jimmy Burnett, **Sgt. at Arms:** Jackie Faulkner.

1975-1976

Award Winning Brewer Bear Band

Prosecution: The Brewer Band is a great activist in CHANGE. Instead of the usual half-time performances, the Brewer Band works into its regular marches: dances, freeze drills, and solos. These CHANGES haven't brought about any reward at all!

Band: They certainly have! In every performance we receive a standing ovation.

Prosecution: But what have you got to show for this CHANGE? ... NOTHING!

Band: We have to! The band has been asked to play in Mexico City. Very few bands are asked; I would say that is something to show!

Prosecution: But why all this CHANGE?

Band: We CHANGED our performances so we wouldn't bore the audience with dull marches, and we also CHANGED the image of the Band. Most people think Band is an easy credit, but that's wrong! We work hard on our routines and music. If our performances are entertaining, our image will CHANGE.

Prosecution: That doesn't matter in the least!

Band: Oh, but it does! To entertain is the whole idea of music. Music isn't something you keep to yourself. You share it!

Prosecution: Share music? That's ridiculous!

Band: Can't you think? Don't you enjoy music?

Prosecution: Of course! It adds to my day.

Band: You've proved my point! Music adds to everyone's day! We've CHANGED to make our performances entertaining.

Judge: Prosecution, I suggest you review your case completely before coming to court.

Judge: Where have our courtroom flags gone?

Prosecution: Our next witness stole them!

Flag Corps: We did not. We were only practicing a new routine.

Judge: Will the Flag Corps representative please take the stand?

Prosecution: Why was a Flag Corps established? It is not necessary to the school and it only serves to waste money that can be used for other purposes. Uniforms must be bought, time spent practicing. Only a waste of time! ...

Flag Corps: Will you give me a chance to tell the court what we do? The Flag Corps assists the Band and Drill Team during half-time performances. Flag Corps is a CHANGE this year that reflects Brewer's pride in the school and outside school activities.

Prosecution: Oh, I'm through!

Judge: Flag Corps dismissed! Don't forget to replace the flags!

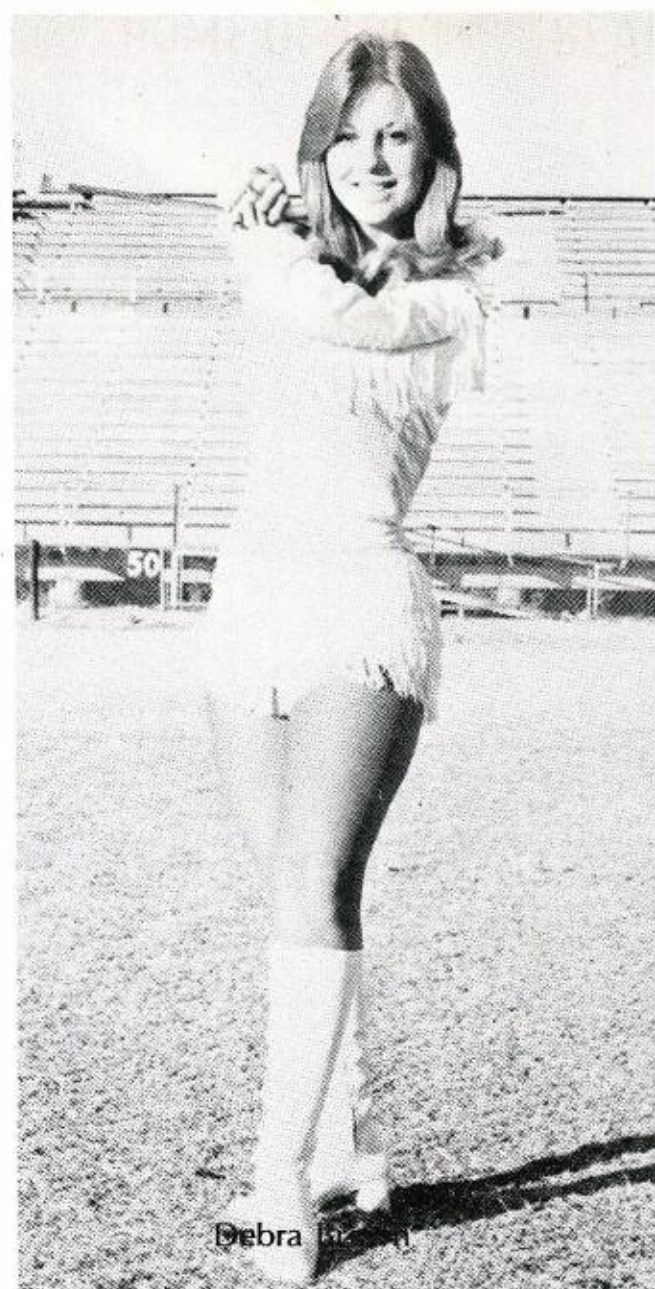

"You Sexy Things!"

Judge: Please take the stand, Majorette.

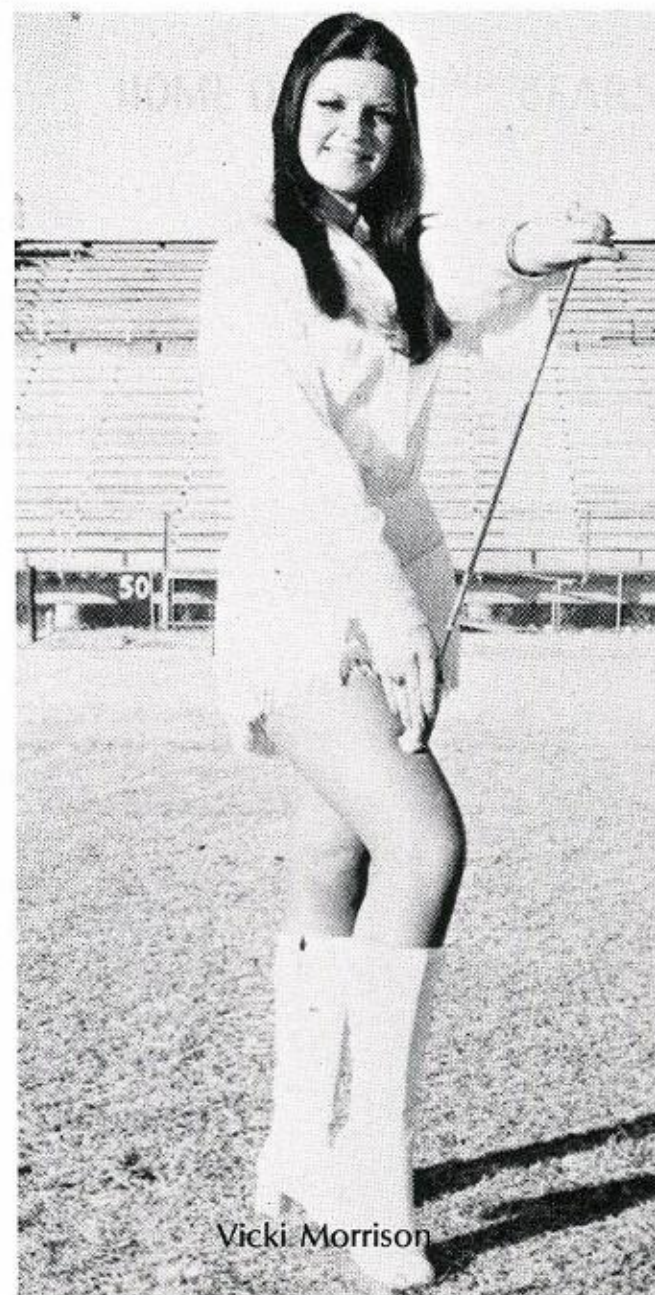

Defense: As a Brewer Majorette, how do you feel the Majorettes can cause CHANGE? People see you as only being decoration for the Band.

Majorette: In the past, the Majorettes have only been for entertainment; this is still true today, but now we have additional activities. We have CHANGED by encouraging spirit at pep rallies and other school activities. Our routines are not the traditional military style of the past, but are modern dance routines performed to popular tunes. By being entertaining and contributing more to school activities, we are CHANGING past opinions of Majorettes.

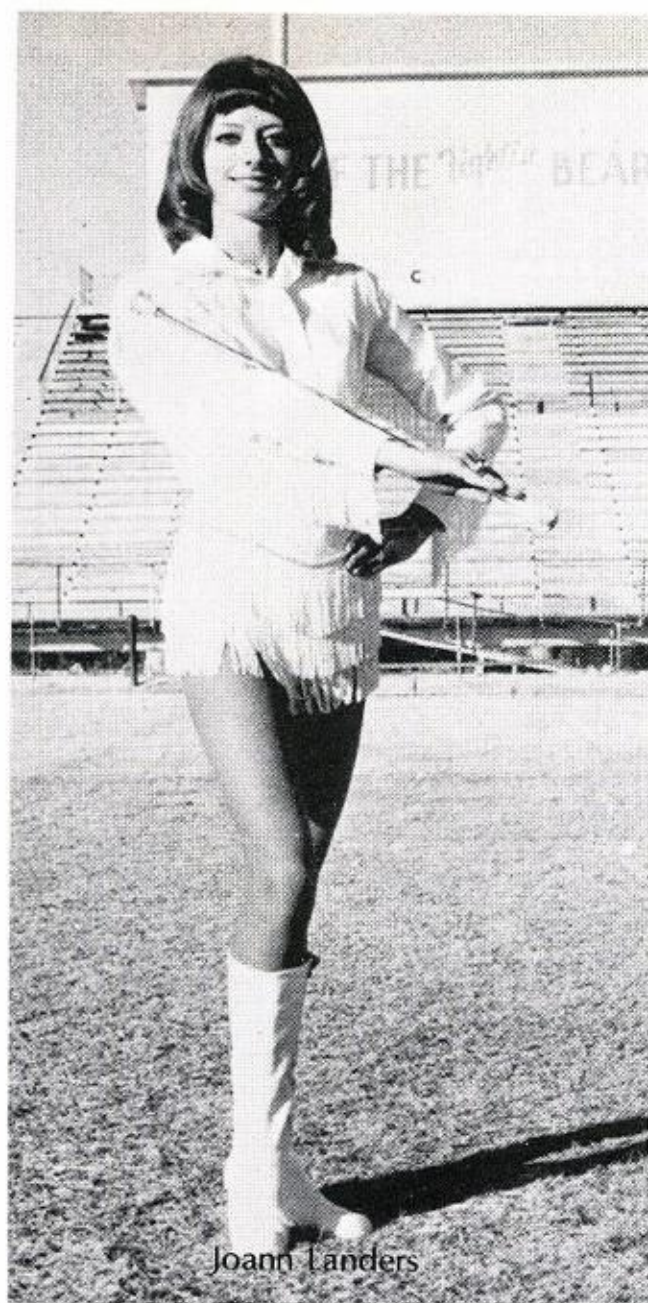

Defense: I can see you are trying to CHANGE past attitudes that seem wrong. I commend you for this.

"Do A Little Dance!"

Judge: What's that marching sound I hear?

Defense: Our next witnesses have arrived. Will the Drill Team spokeswoman come forward? Now, then, what do you do to promote CHANGE at Brewer?

Drill Team: Well, we can be seen performing at the half-time of every football game, and for the first time in the history of Band and Drill Team, we are actually friends. We perform together in our half-time shows and support each other in spirit and pride.

Defense: What routines do you perform?

Drill Team: Here, I'll show you! 1 ... 2 ... 3 ... 4 ... 5 ... 6 ... 7 ... 8 ...

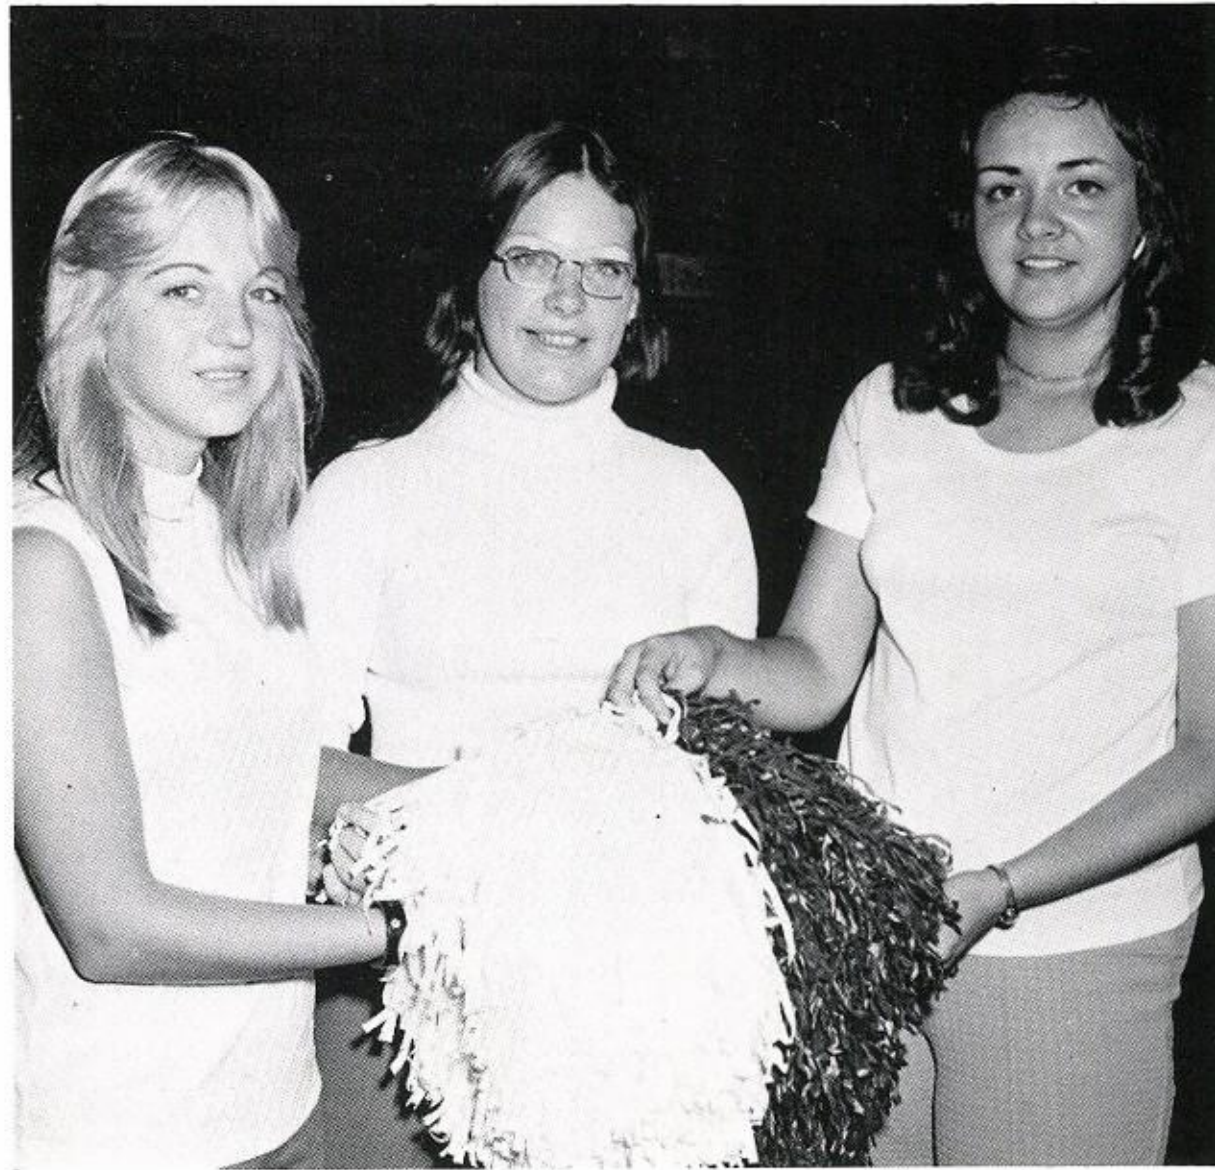

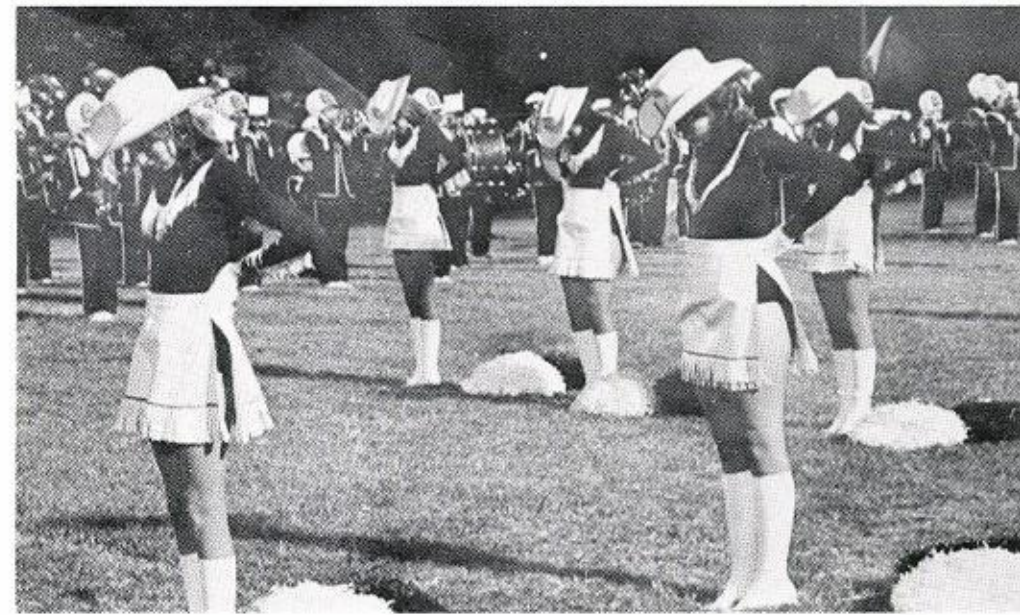

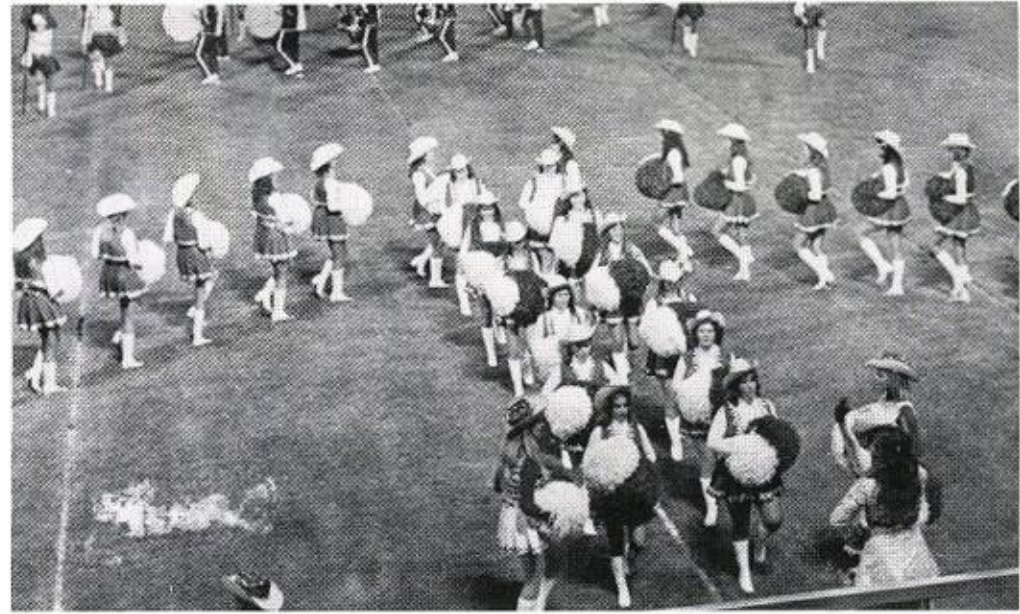

Judge: Order in the court! That is enough! Continue questioning, counselor.

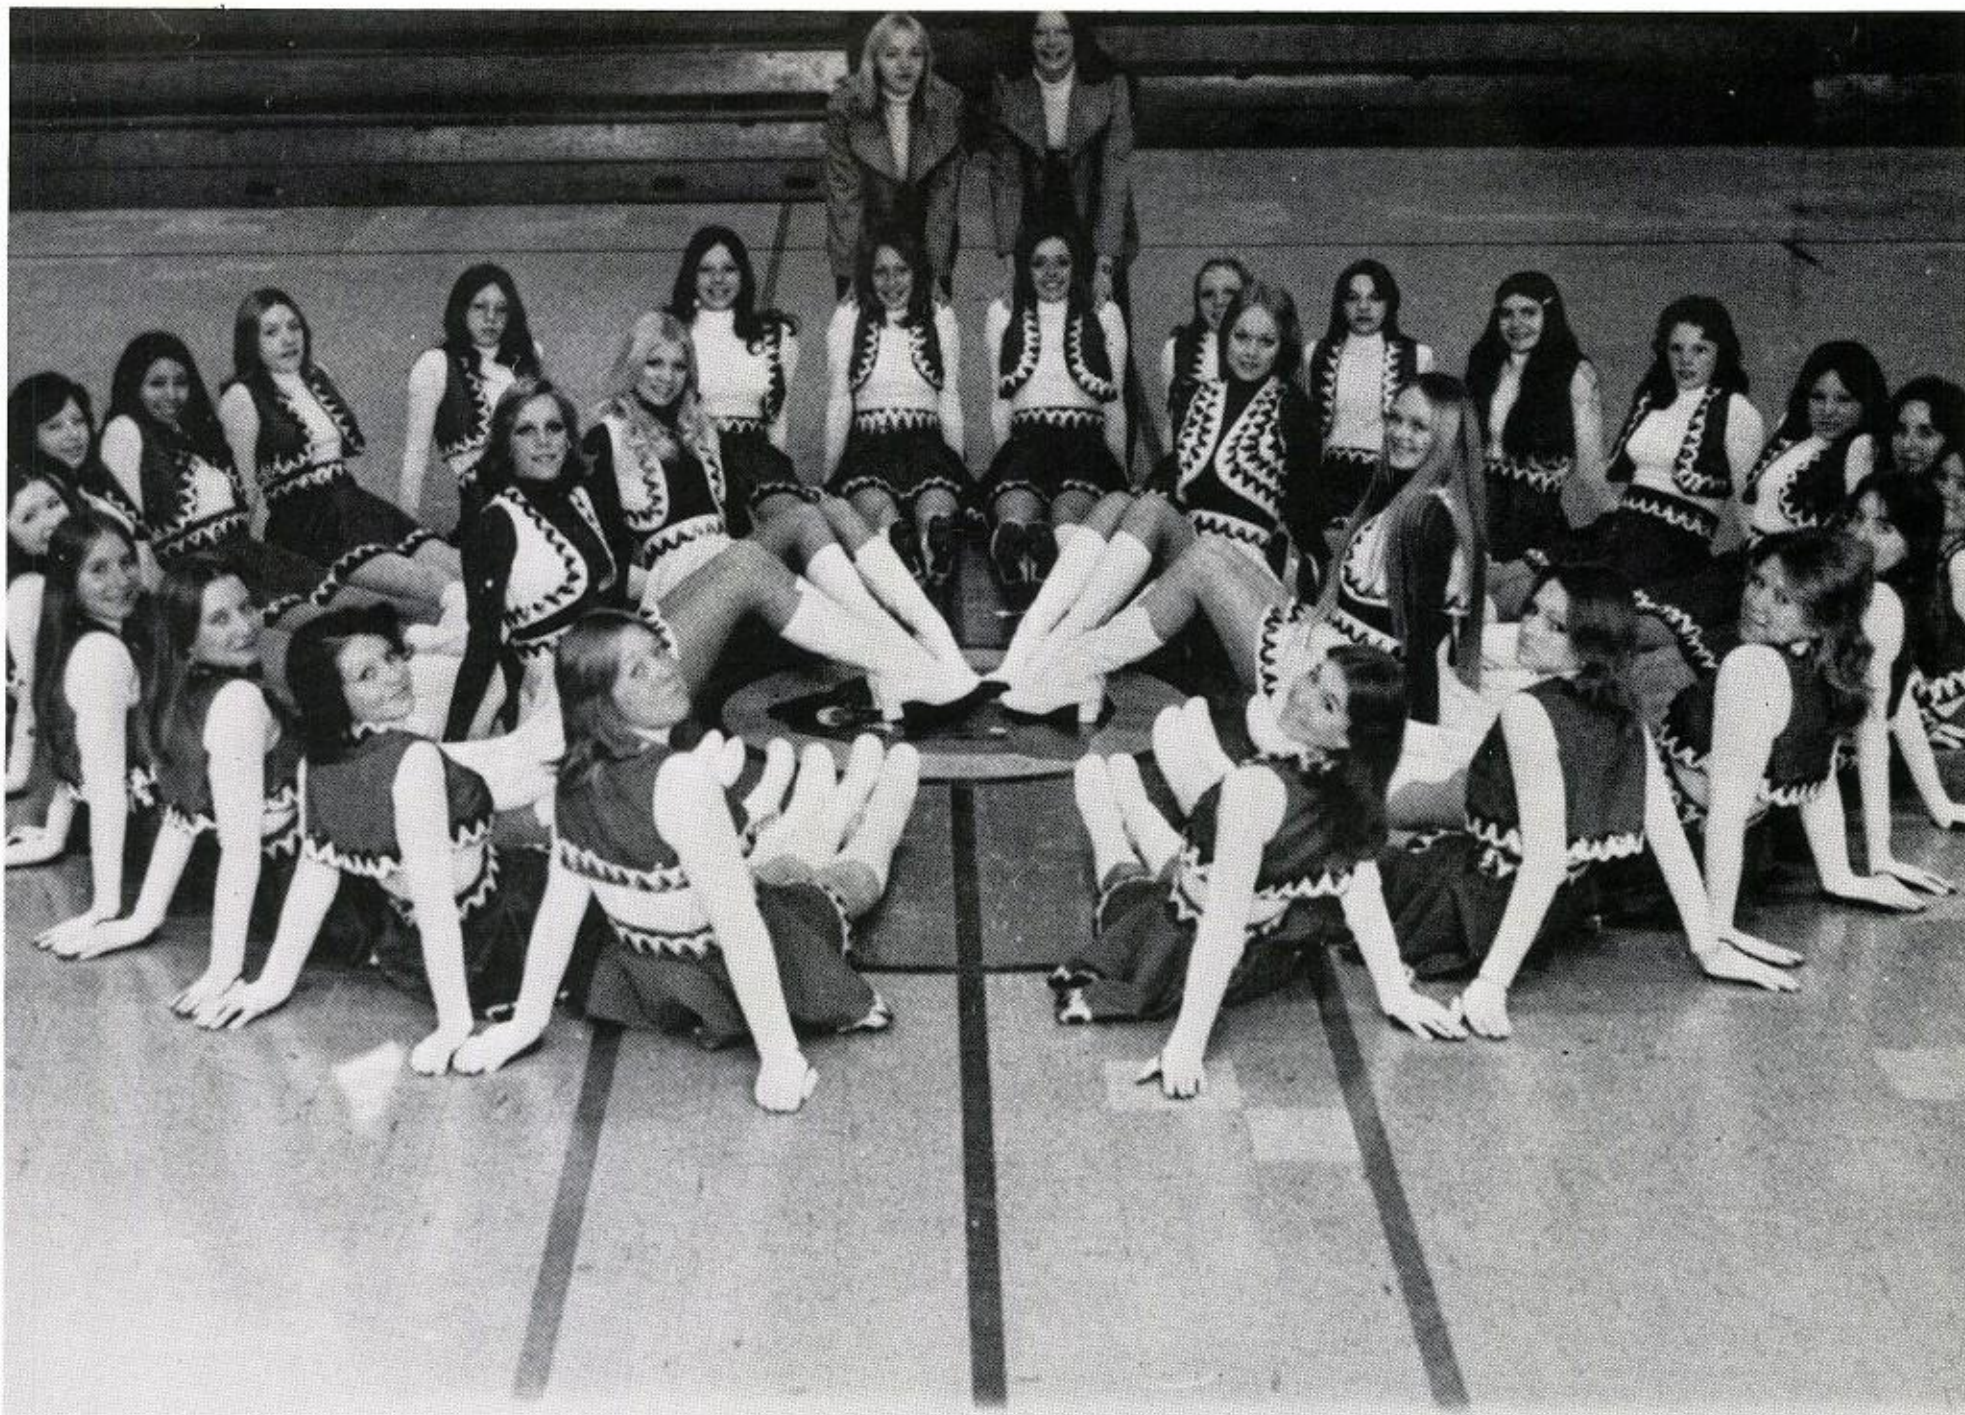

Drill Team: We perform on White Settlement Day, and other community events. We promote school spirit and work hard to make others see the spirit we hold for Brewer. We learn new routines and use flags, tamborines, and other props to CHANGE our shows ...

Prosecution: And don't forget the cock-eyed dances you perform! What CHANGE do these erotic dances bring about?

Drill Team: Those "dances" are routines, and are NOT erotic! What do you expect us to do, routines of dark ages? IM-POSSIBLE! Everyone is always CHANGING some way, so we must CHANGE to keep up with CHANGE about us!

Prosecution: I can take no more of this preposterous talk! Let's move on!

Cheerleaders: Two bits! Four bits! Hey

Judge: Order! Cheerleader, take the stand.

Defense: As a Brewer cheerleader, do you feel CHANGE is needed?

Cheerleader: There is little spirit in athletic events. No one cheers except for the band, drill team, and a few students. We would like to see more spirit in Brewer's students.

Prosecution: Why does Brewer need spirit? School is only for educational purposes!

Cheerleader: Why should the court have a jury? You're making all the decisions!

Defense: I object! He is badgering my client!

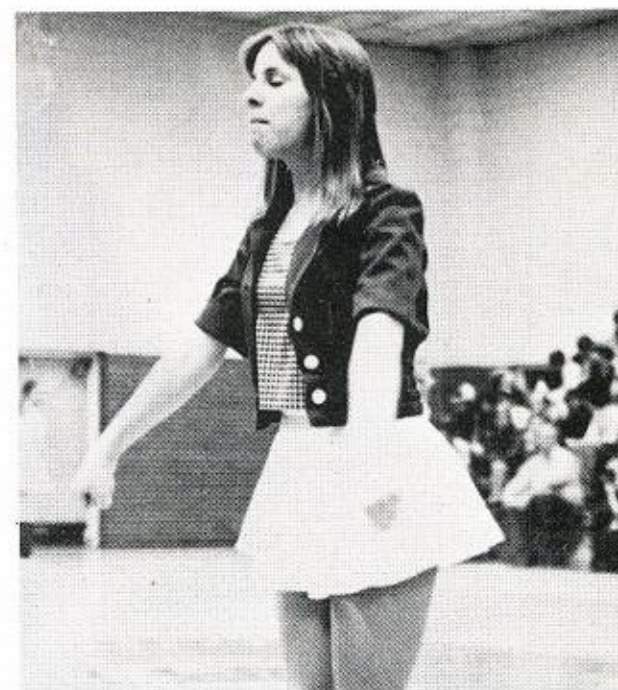

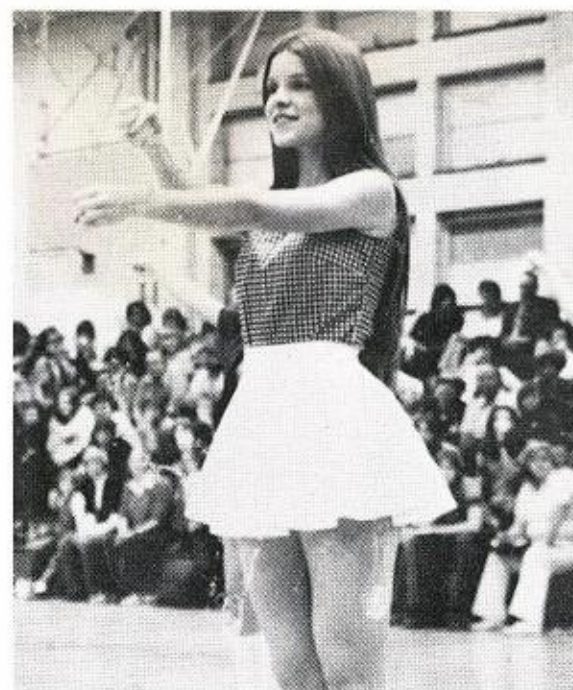

Judge: Overruled! Both of you cut out the snide remarks!

Prosecution: The Brewer Football Team states they have brought about CHANGE. I say Hogwash! What CHANGE have you brought about?

Football: What CHANGE have we brought about? Oh, come on, everyone knows we have to CHANGE in every game

Prosecution: Good grief! What for?

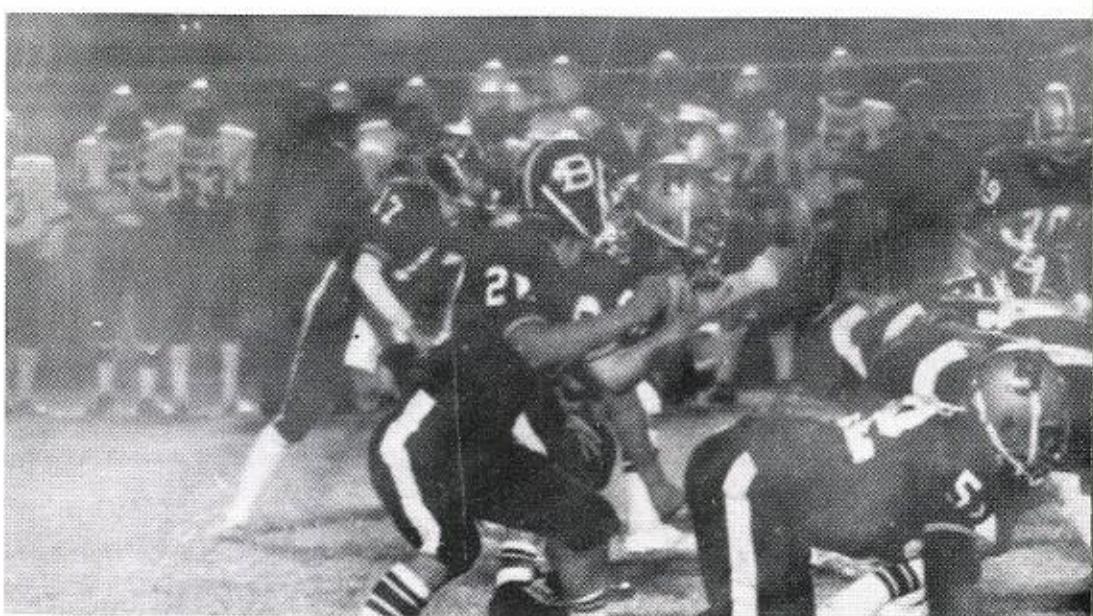

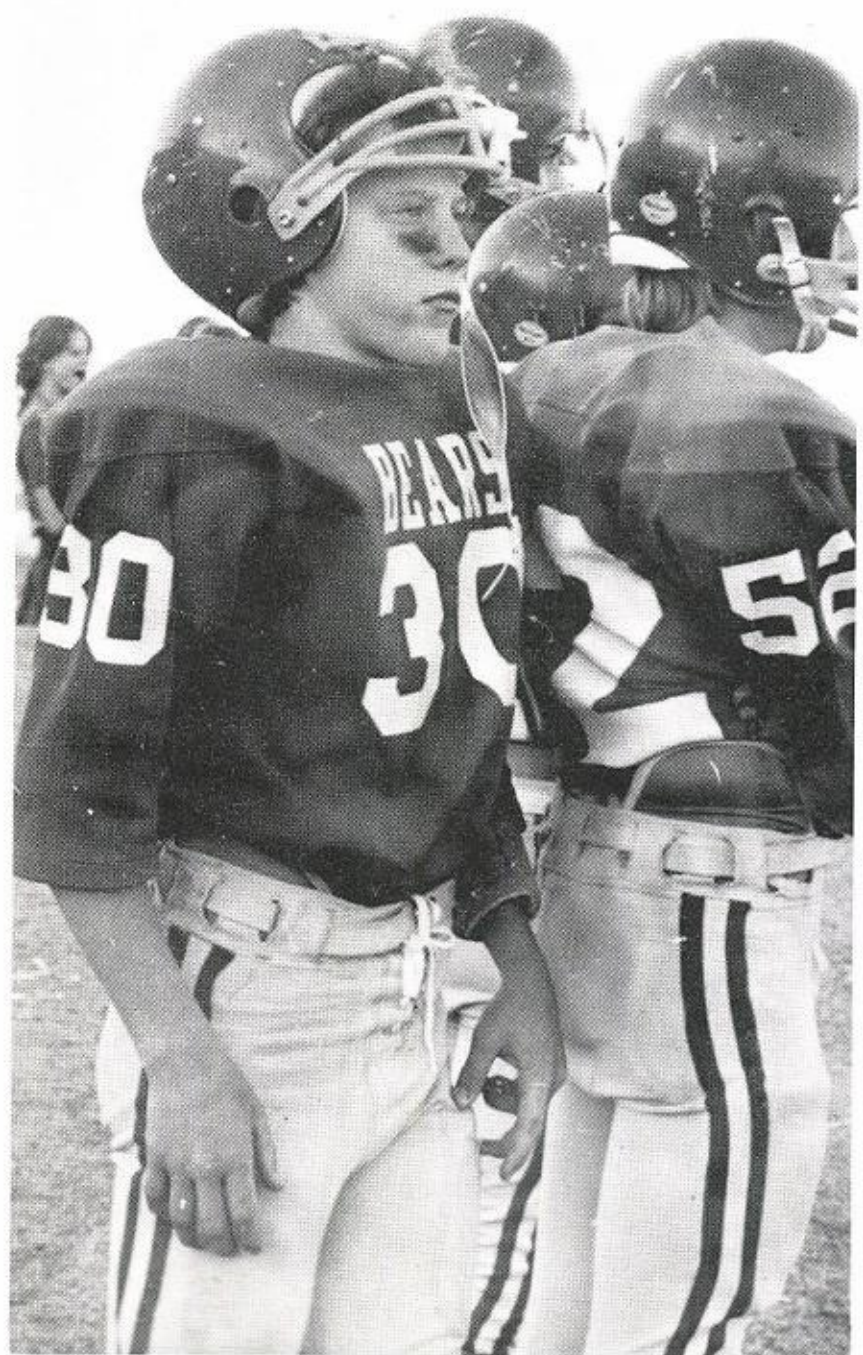

Football: (impatient) Each team is different, so every game must be approached from a different state of mind.

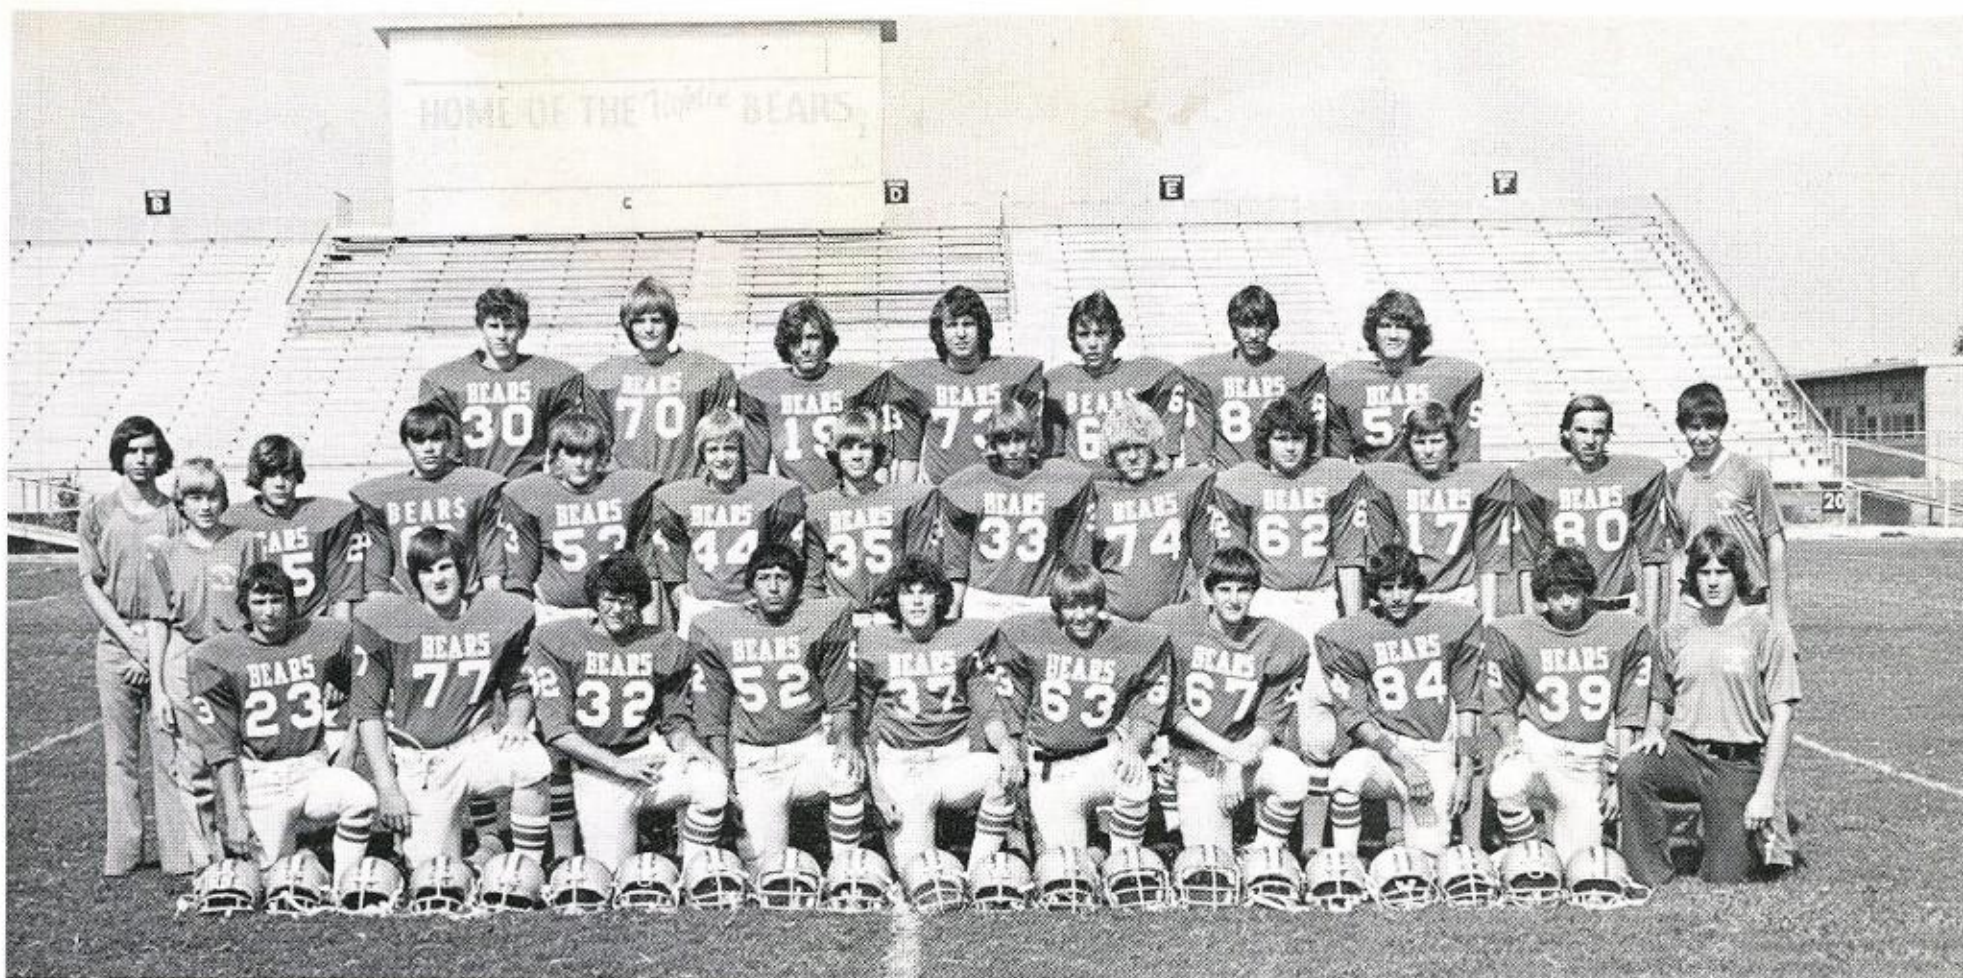

Prosecution: Don't you think using the same plays all the time will insure a winning team?

Football: NO! It takes hours of practice and the study of various plays. For the first half of the season we were undefeated in our district. Why? Because we CHANGED our strategy and because of enthusiasm and backing from the student body. With their support we will continue to improve and make everyone proud of our football team.

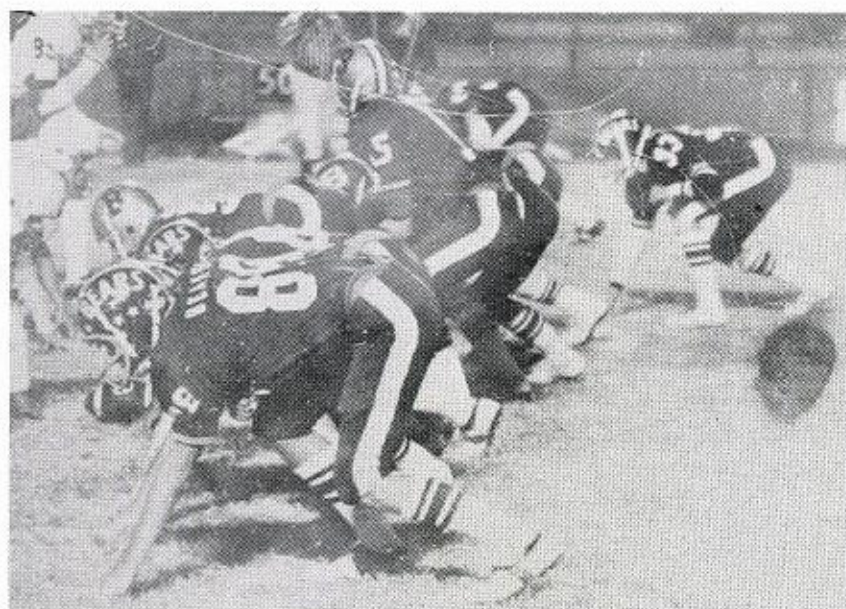

Prosecution: (sarcastic) How sentimental! Let's move on, I might get all choked up.

Basketball: We have not! Don't underestimate our capabilities! We've got a good team, like last year, but we've CHANGED because we've learned alot. We've perfected our plays to prevent embarrassing defeats.

Prosecution: I have also found Brewer's team wanting unnecessary CHANGE. (Sarcastic) Do you actually think Brewer needs a new gym? That is the craziest thing I've ever heard!

Basketball: (Interrupting) I think you're crazy! We need a new gym, and we are in the process right now. Plans are being made to enlarge the gym ... I Think you need to re-view your case.

Judge: Order in this court! Jury, SIT DOWN! You cannot play basketball with the girls.

Prosecution: Would the team please sit down and send a representative to the stand? ... Are you ready? Brewer Girls' Basketball team is accused of wanting unnecessary CHANGE, but you deny it. How can you, it's as plain as the nose on your face!

Basketball: You're uncouth! Everyone knows our gym is not in top condition—we need a wood floor badly. After hard work and proving ourselves worthy of this, we are getting the new floor.

Prosecution: (Impatient) I don't care about your new floor! How has the team caused CHANGE?

Basketball: (Angry) We're a winner. You know how? We pay for it, with our sweat, blood, pain, and tears! We cause CHANGE by putting our entire self into basketball—we work!!

Prosecution: Alright! Don't get so excited! You can just bounce out of here just like you came!

"Get Down!!!!"

Prosecution: Evidence presented against the Boys' Track Team is like that of Girls' Track: but for court proceedings, I will go on ... What good can Track possibly do for necessary CHANGE?

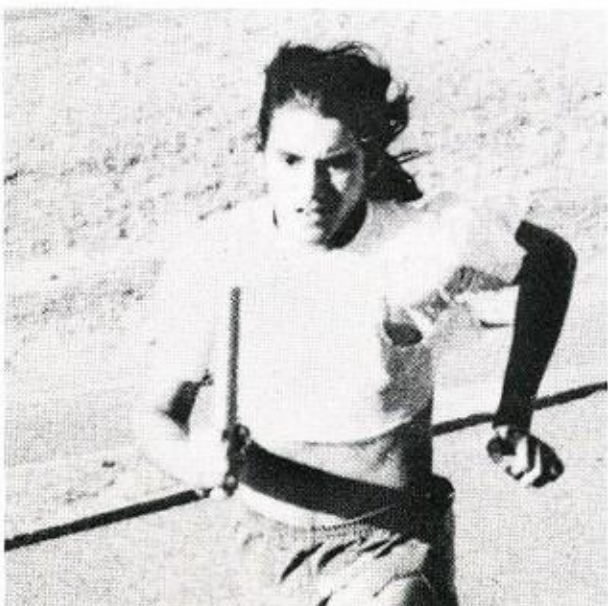

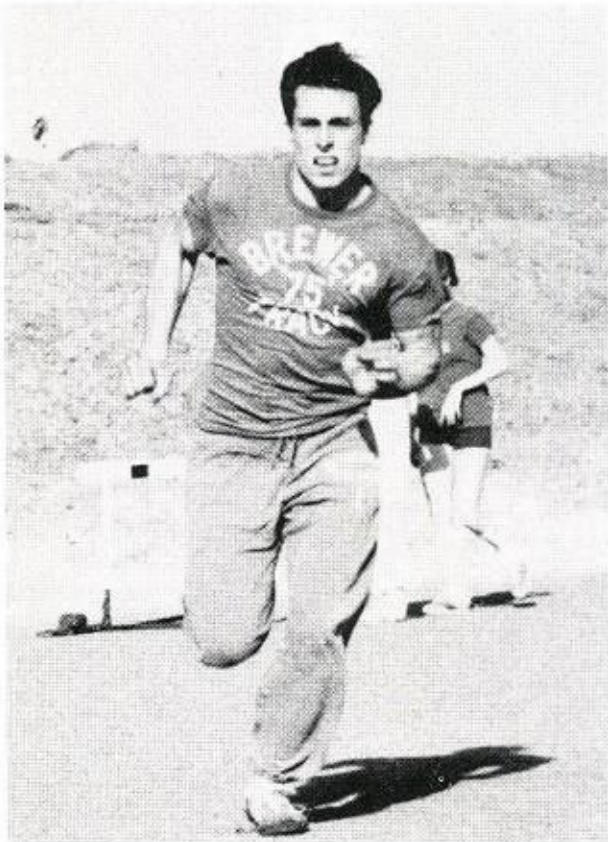

Track: We are "revolutionizing" the 75-76 Boys' Track Team by updating our fundamentals in track and field.

Prosecution: (Hateful) I can't believe you actually think Track is producing necessary CHANGE!

Track: (Angry) But we are producing necessary CHANGE! ... By winning! For example, one Track member went to state. We develop pride in Brewer.

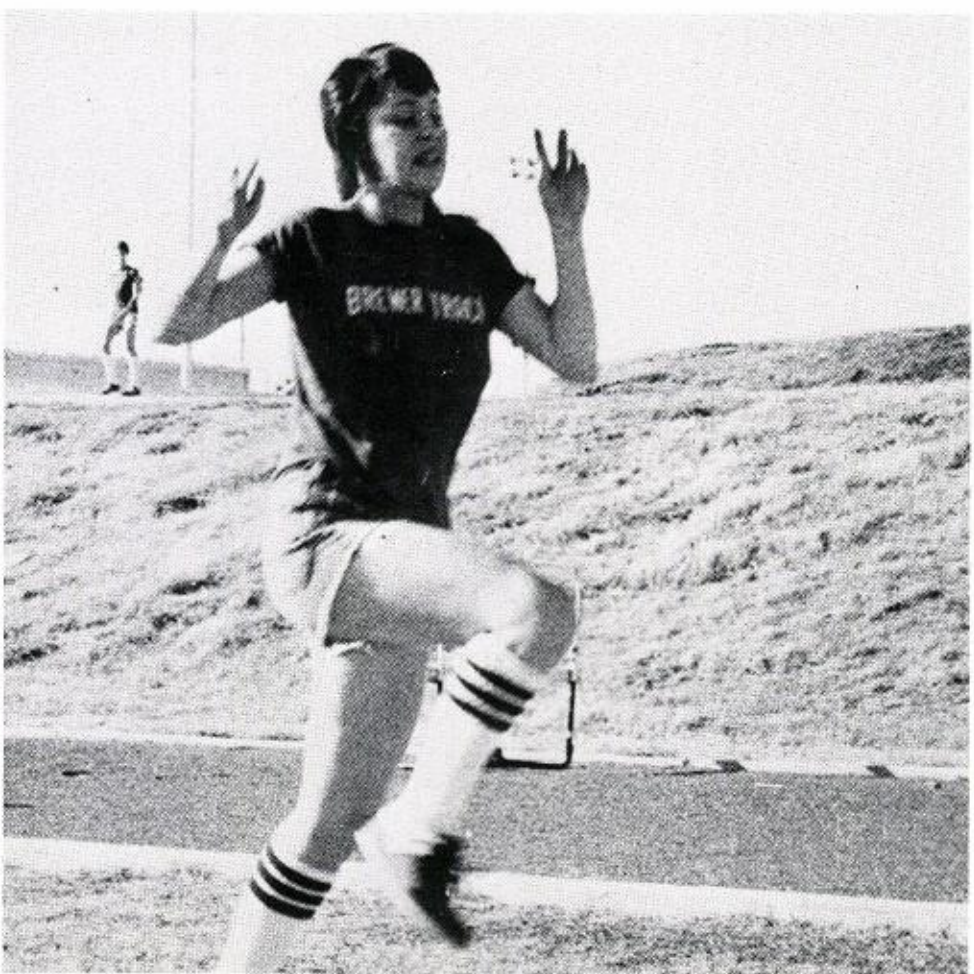

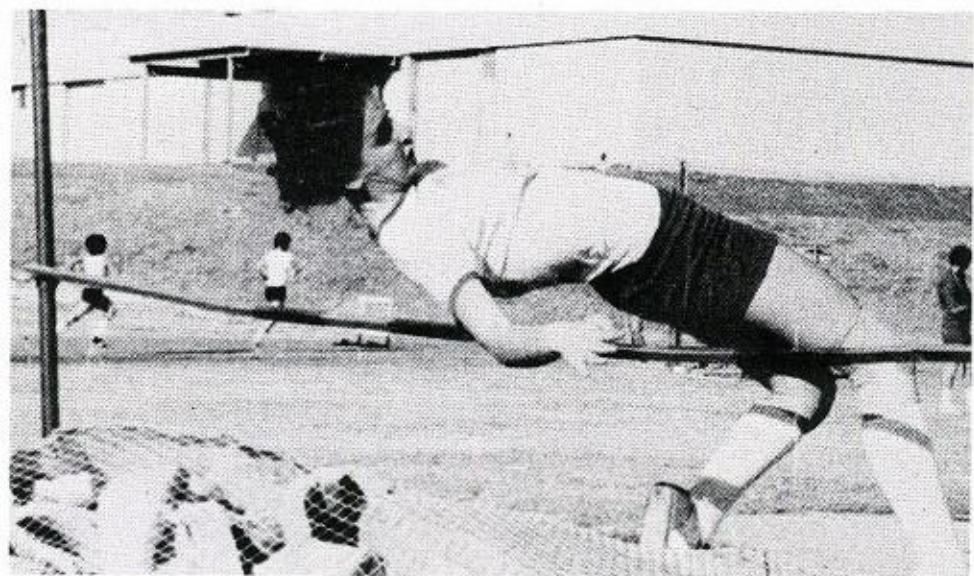

Prosecution: (Exasperated) Lud! Please leave this trial is becoming a complete flop!

Track: Well, that's your problem ... I've got to "run"!

"Day Dreamer"

Prosecution: It sounds like a herd of elephants are coming. What's happening?

Track: I decided to bring the whole team. After all, we have to stick together.

Prosecution: Can you "run" up to the stand?

Judge: Let's leave off the puns.

Prosecution: Yes, Your Honor. Will you tell me What CHANGE you are causing?

Track: I've got to hurry. I've got a meet. I'll tell you the most important CHANGES we cause. First of all, we have a super team. We do fantastic in all our meets. Even better, one of our girls made it to the state meet! That goes to show you how good we really are!

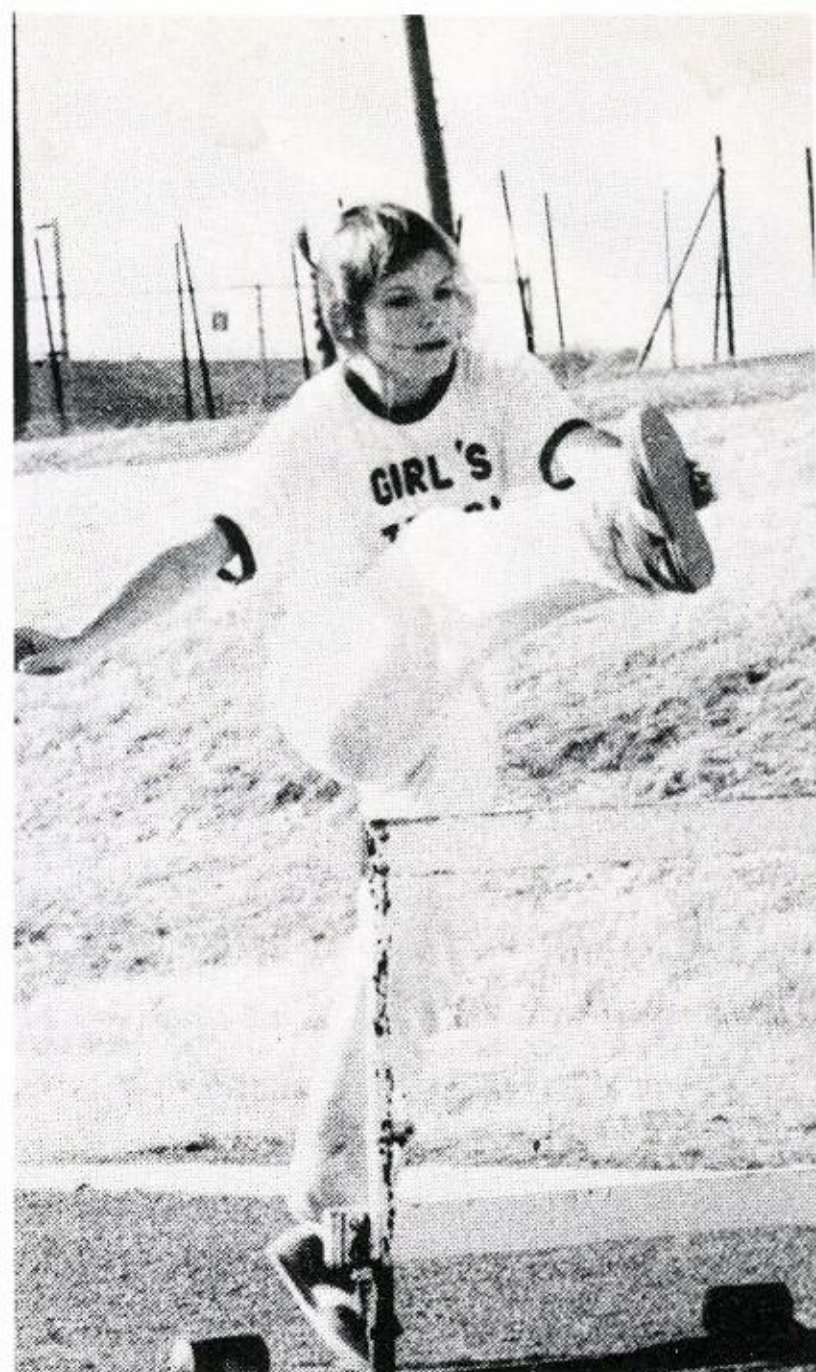

Defense: What good does track do?

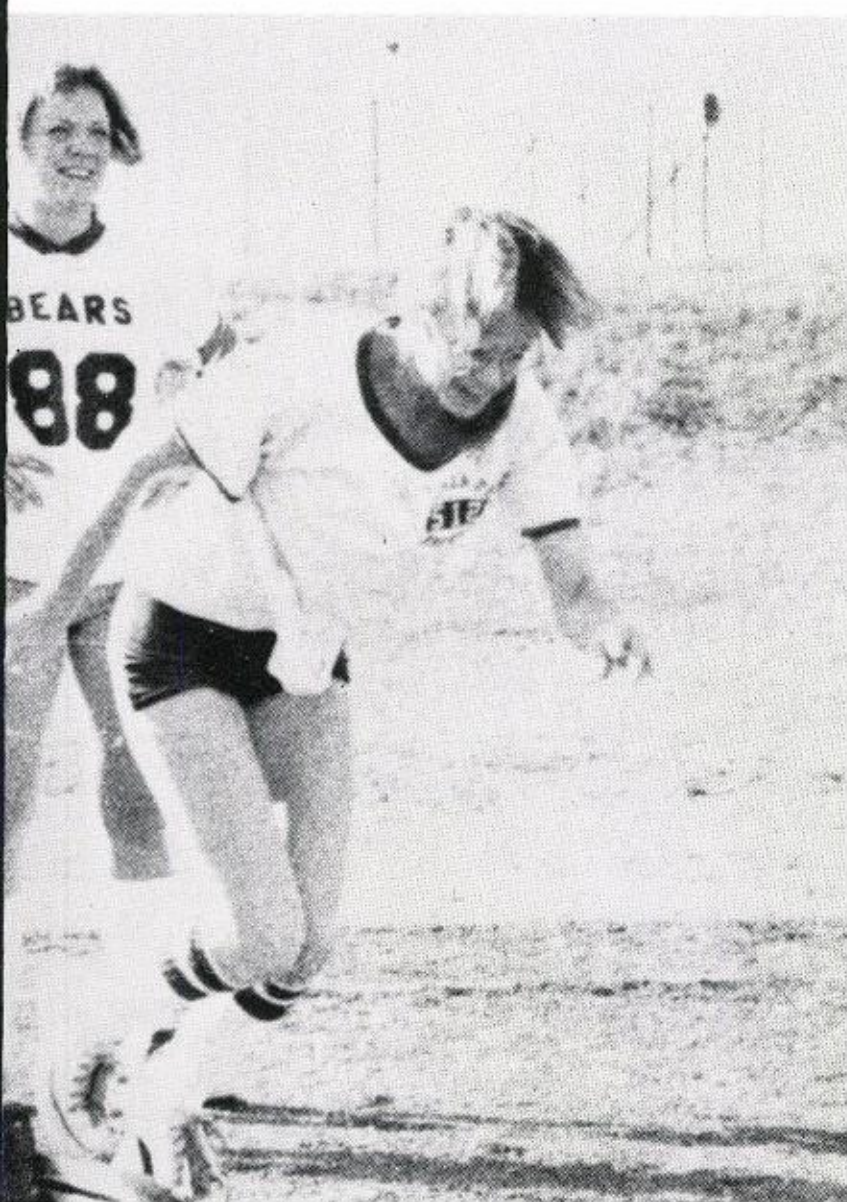

Track: (Excited) Well, it gives the students of Brewer pride in their school, which is badly needed.

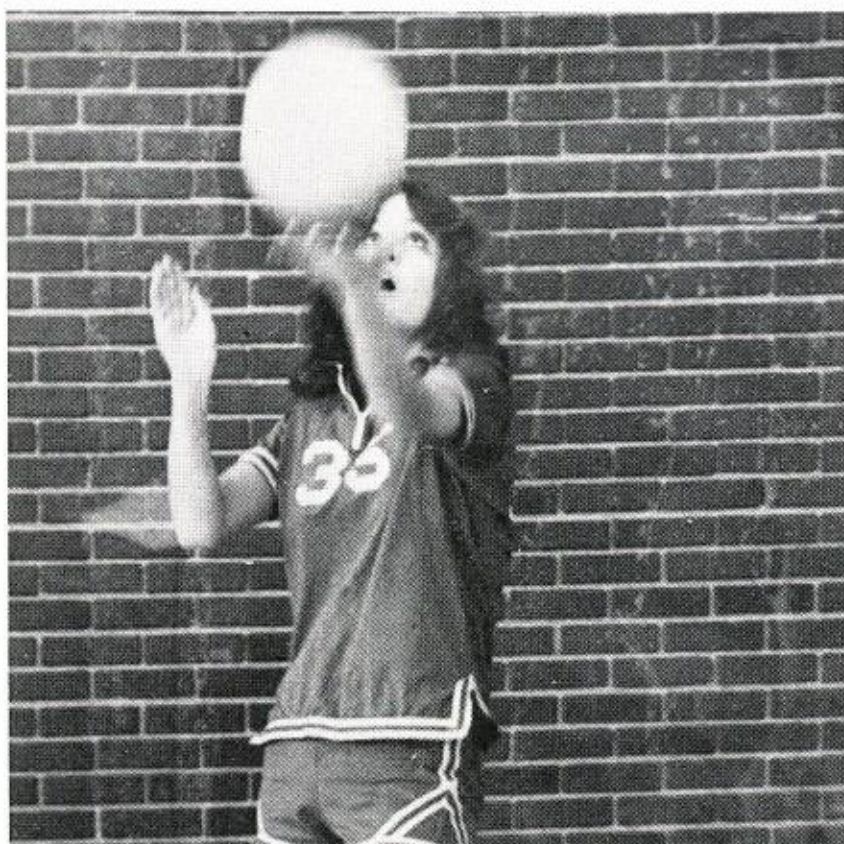

Defense: Very well, you may step down.

Track: Thanks, I guess I'll be hurdling along!

"Racing with the clock . .

Prosecution: For further evidence against Brewer, I wish to speak to a volleyball representative. From personal studies I find your team does nothing for CHANGE!

Volleyball: That's foolish! We certainly do CHANGE! Volleyball is considered a spring sport, but not so this year. Volleyball was the first sport.

Prosecution: So that's no major issue . . .

Volleyball: It sure is! The order of our sports has been CHANGED . . .

Prosecution: I'm really not interested. Tell me something about the team itself.

Volleyball: We've made much PROGRESS this year concerning our ability. We sacrifice many hours of hard work, and time to make a winning team.

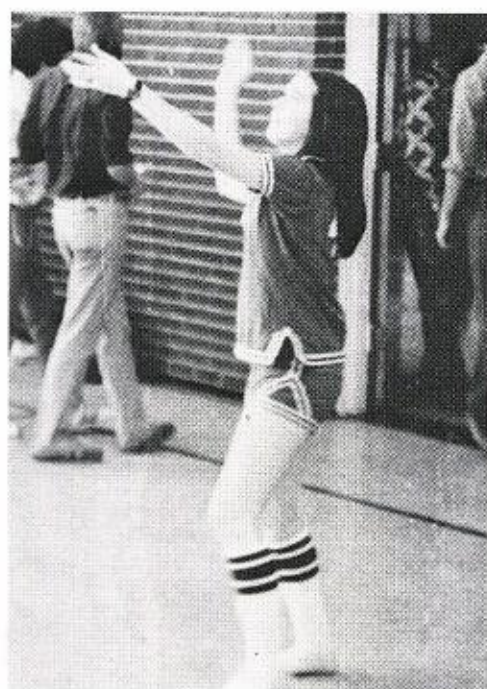

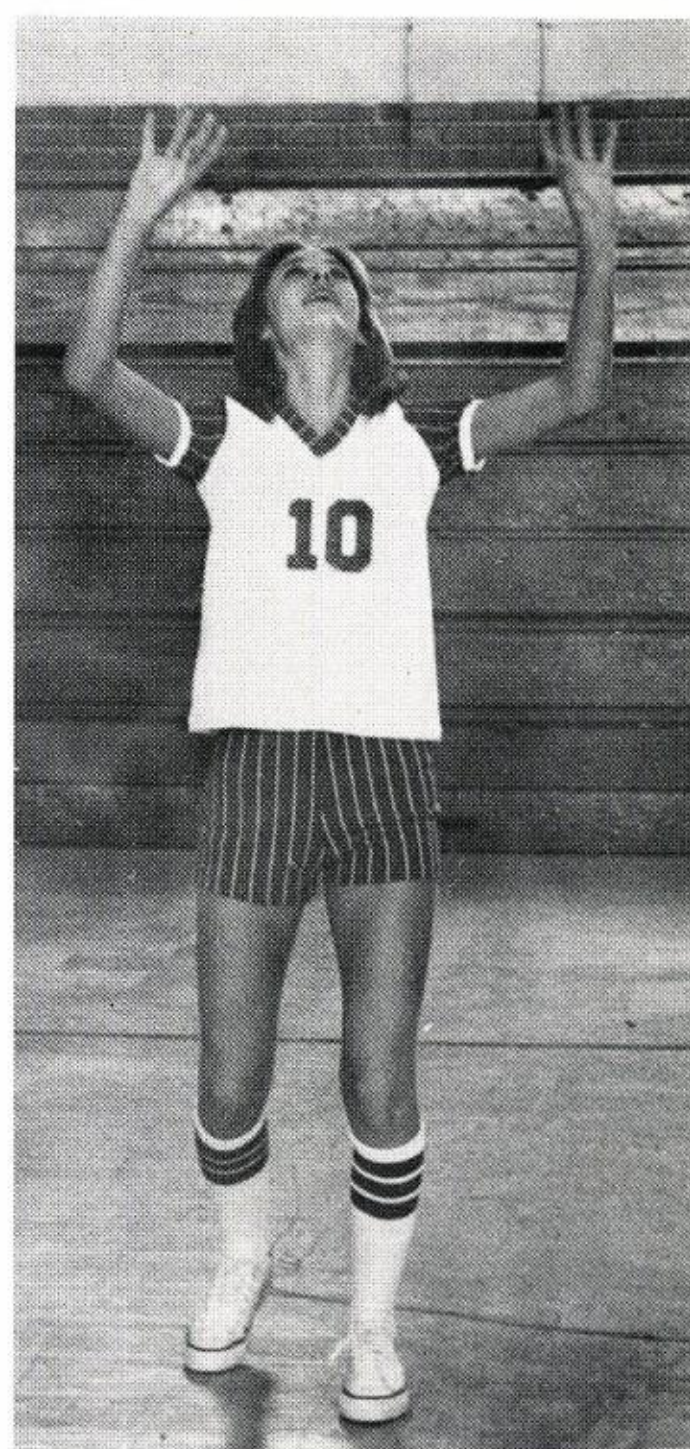

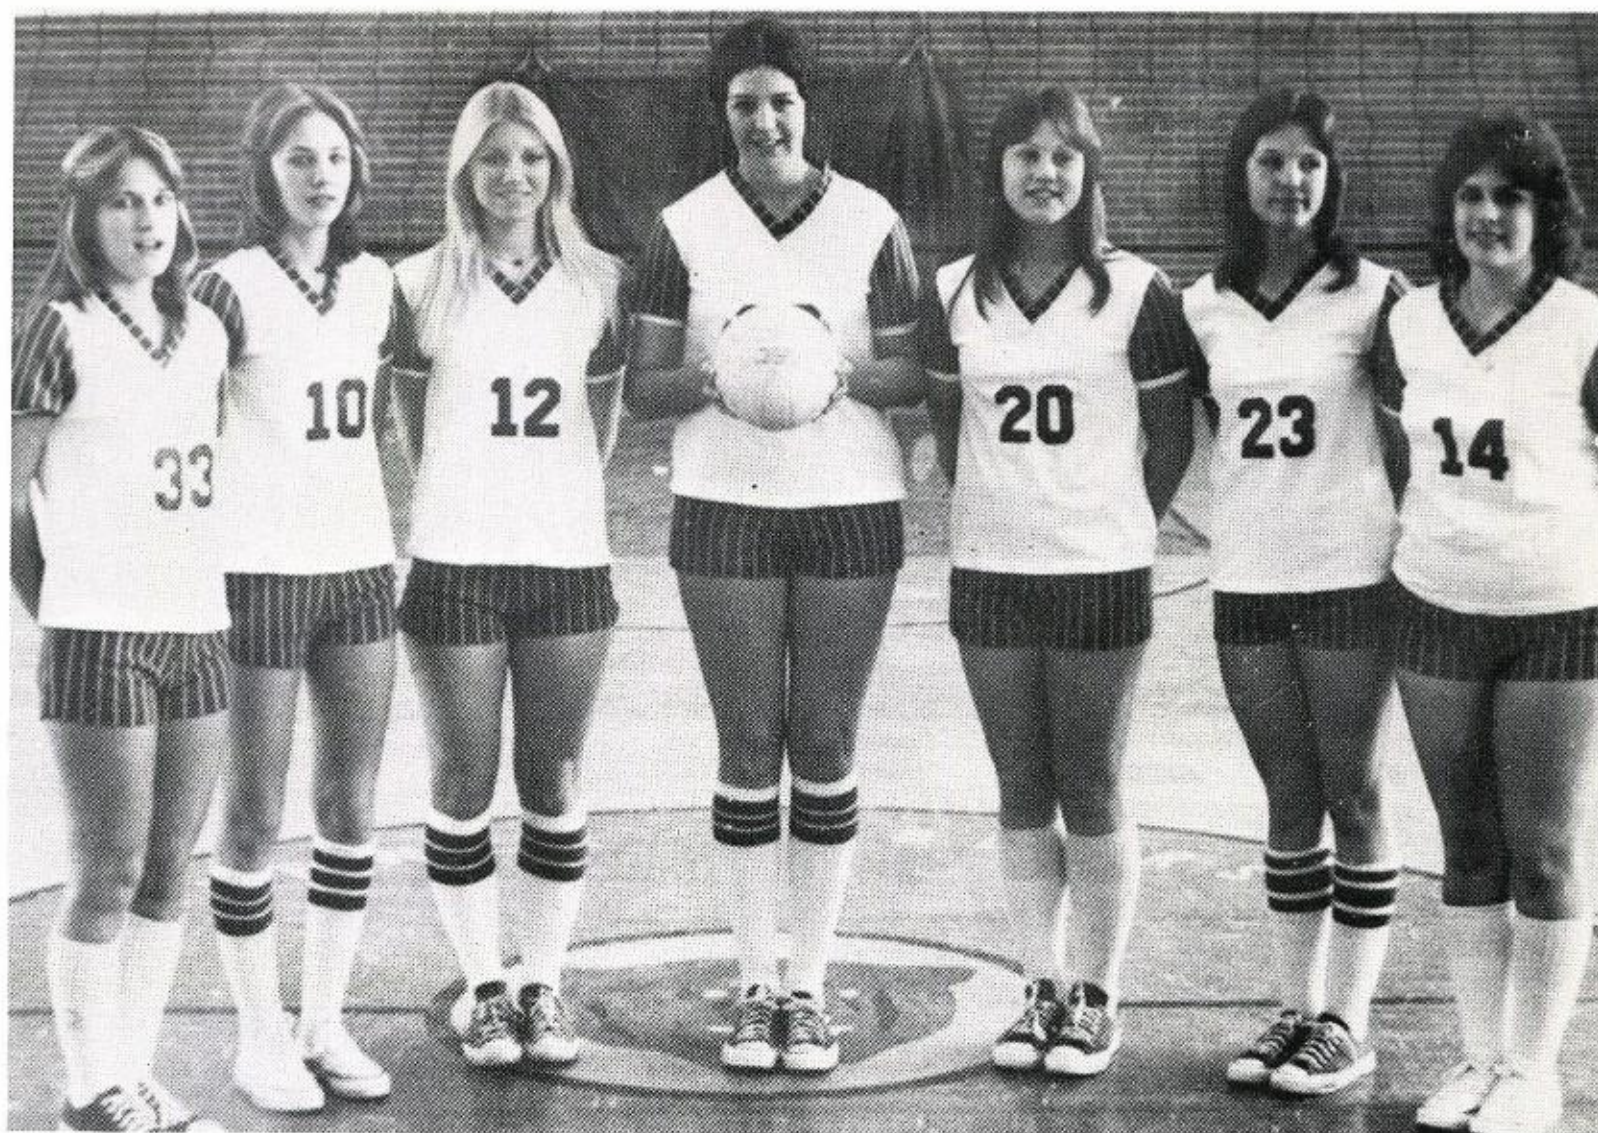

Prosecution: (Laughing) It doesn't take anything special to play volleyball. All you do is hit the ball!

Volleyball: I don't have to listen to this. How dare you "SPIKE" me!

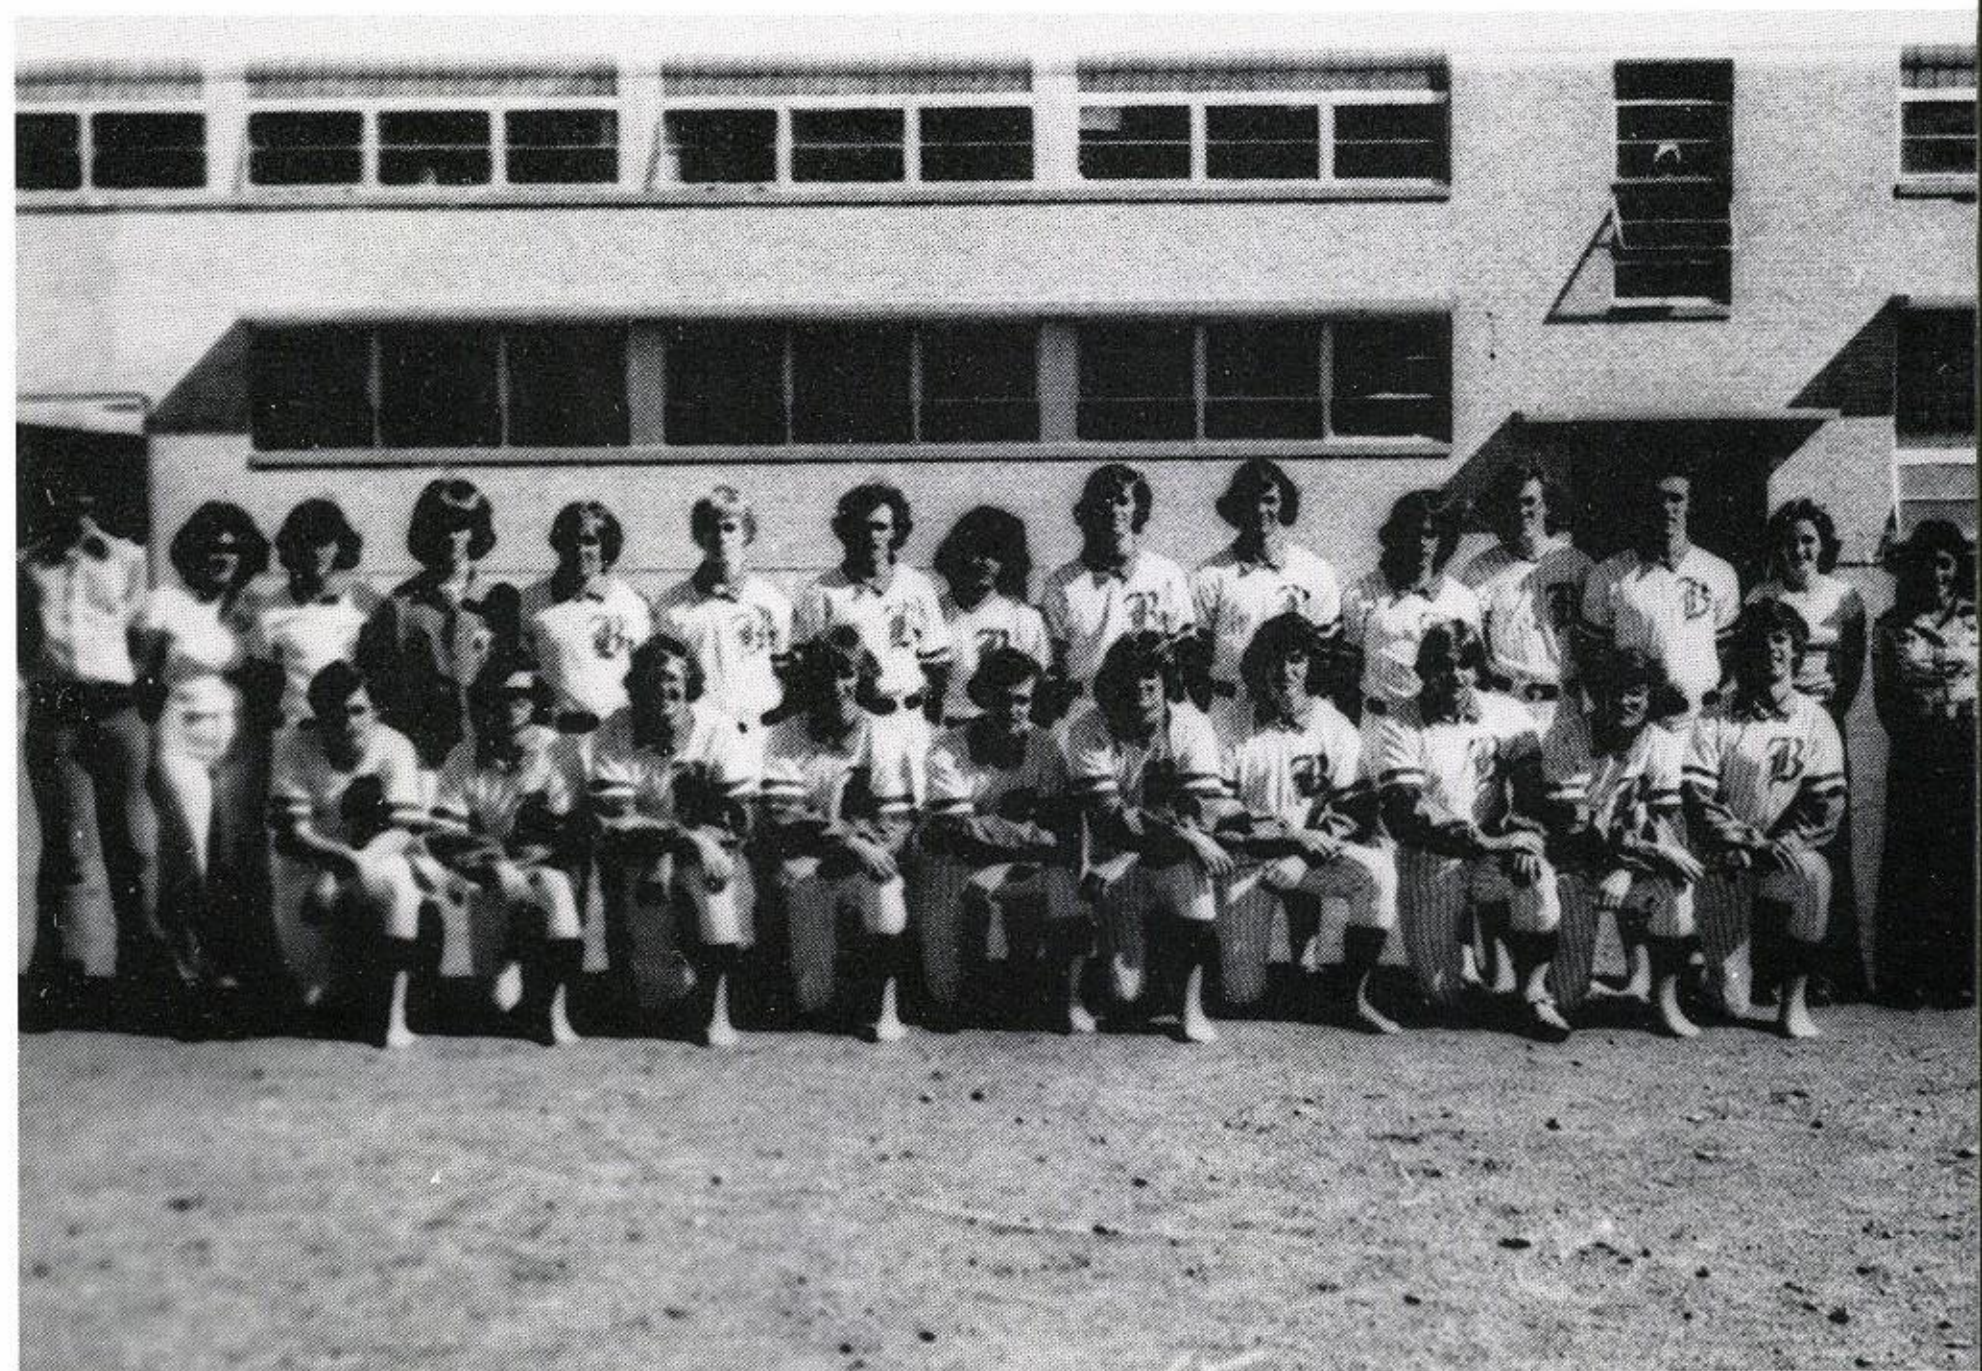

.."

"Saturday Nights Alright For Fighting ..."

Prosecution: Why in the world do you think Brewer Baseball Team has caused CHANGE? It should be obvious that nine players on a baseball field cannot cause CHANGE.

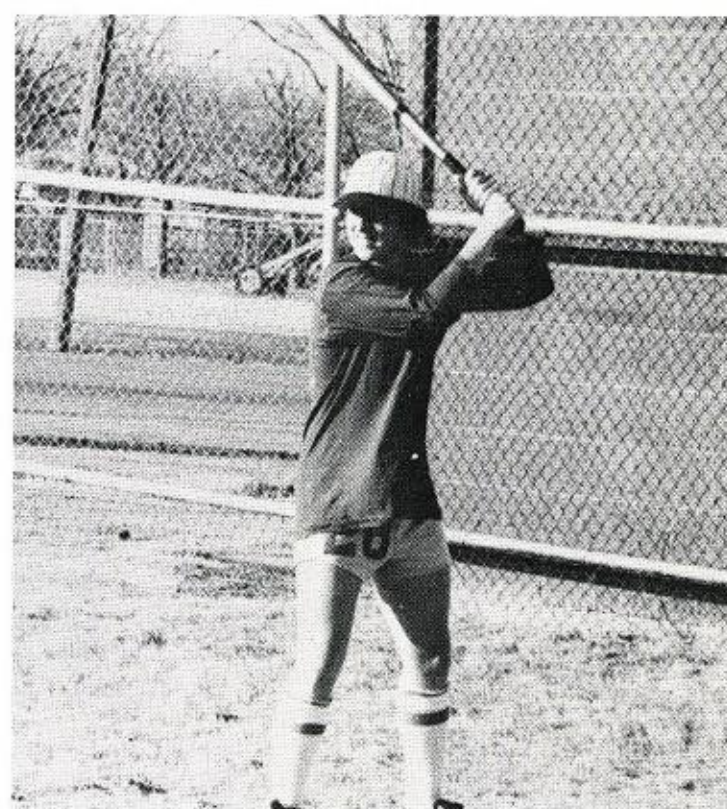

Baseball: Sure we can! Baseball involves more than just hitting and catching a ball.

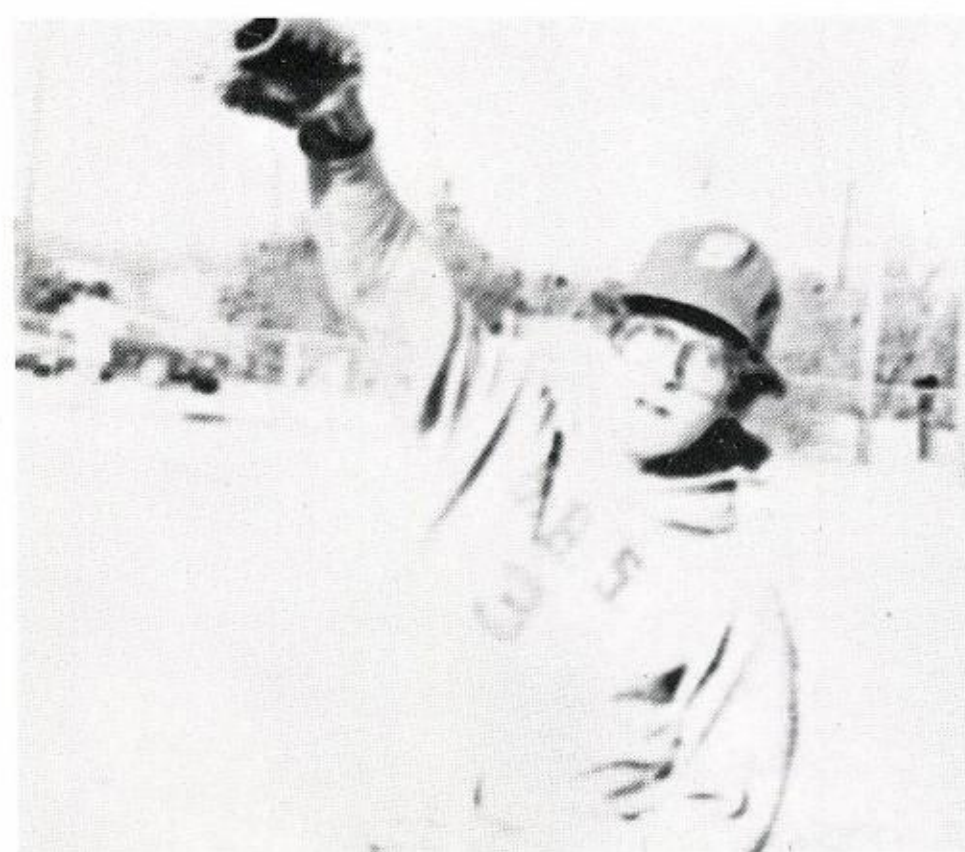

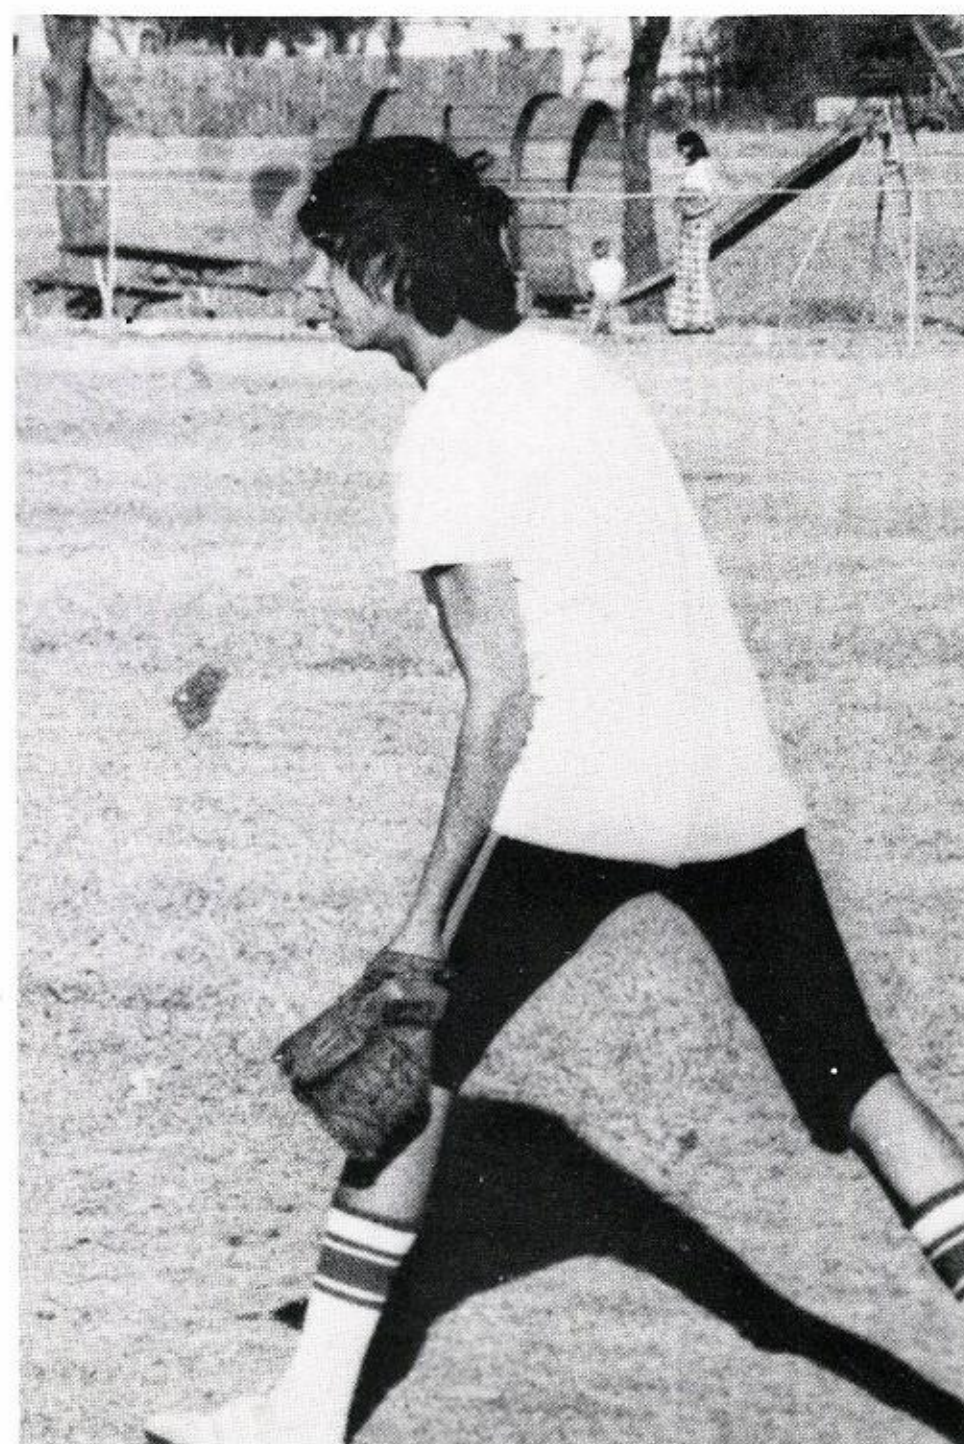

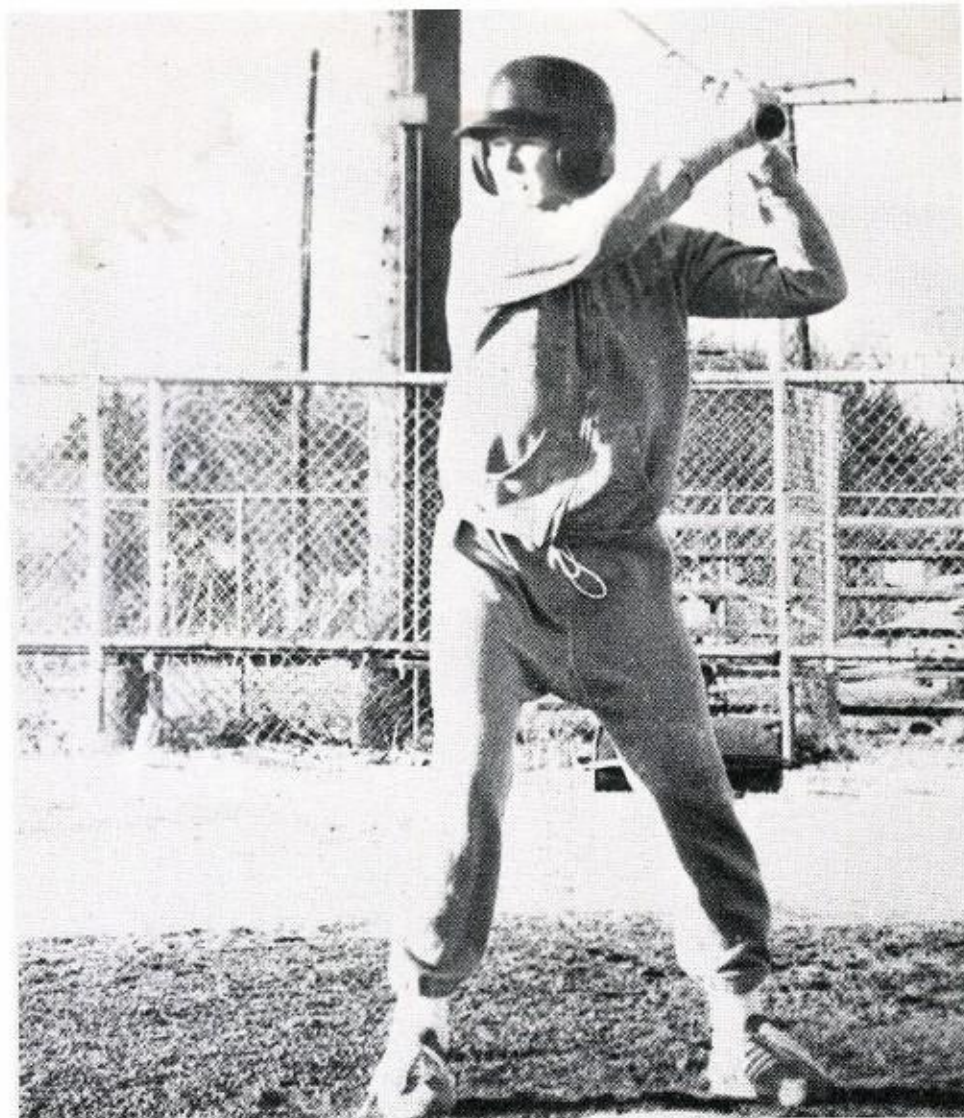

Prosecution: (Disgusted) Oh really, you can't cause CHANGE?

Baseball: (Angry) We CHANGE everyday. We learn new tactics in our bunting, batting, pitching, fielding, and sliding. We are another winning team in the Brewer High School Athletic Department.

Prosecution: Oh, La-Ti-Da! I find his arrogance humiliating. Let's please move on.

"Fly Away"

Judge: Where's the witness, Defense? These delays annoy me!

Defense: Just a slight delay, Your Honor. His day to testify fell on tournament week.

Golf: Here I am!!

Judge: (Impatient) Please leave your golf bag at the door! Let's get on with it.

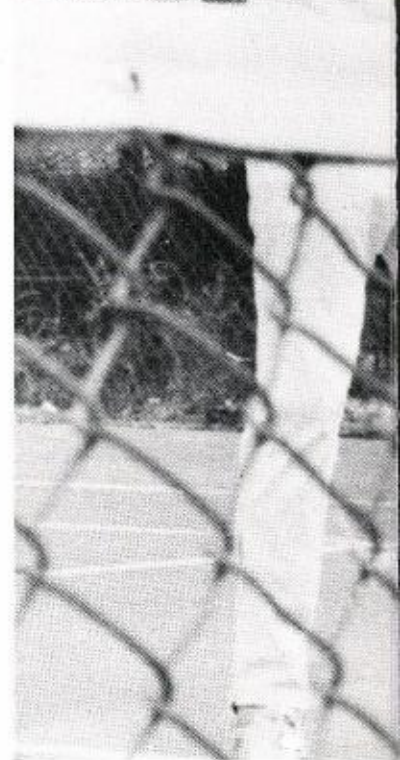

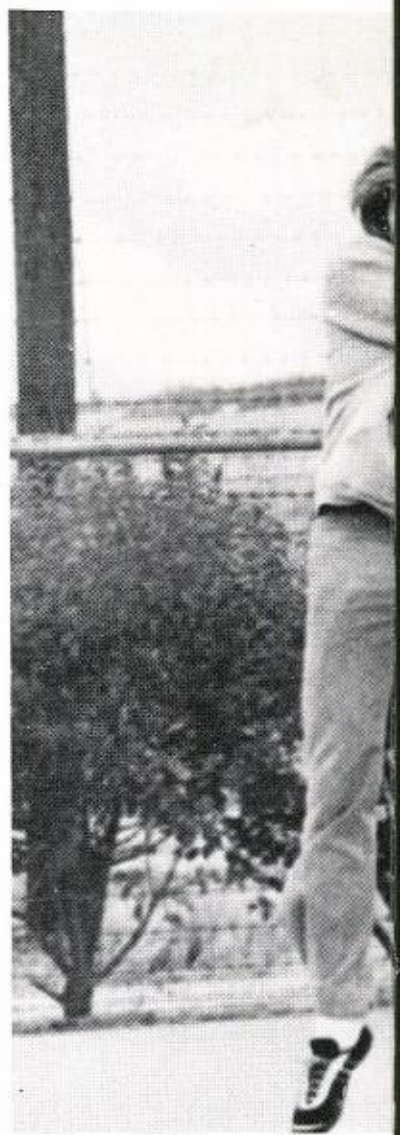

Defense: Please tell the court how golf helps you in school.

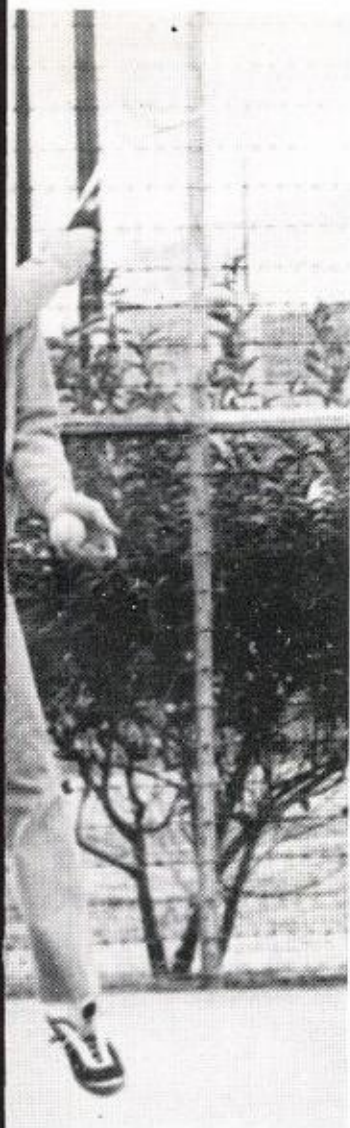

Golf: Sure! In a round about way, a student's health determines his ability to successfully study. I have found golf the best way to get my exercise, and empty my mind in preparation for studies. We've even CHANGED this year by becoming involved in more tournaments.

Defense: Very good. I'm sure the court can see the necessity and value of this sport. Witness dismissed.

Judge: (Rude) Don't forget your golf bag!

Golf: Oh, I won't, sir.

Prosecution: My next evidence concerns Brewer's Tennis team. This organization has not CHANGED in the least.

Tennis: (Insulted) How absurd! We are just in our beginning stages of CHANGE. For example, we have a new coach. Our coach is teaching us new ways to participate in tennis.

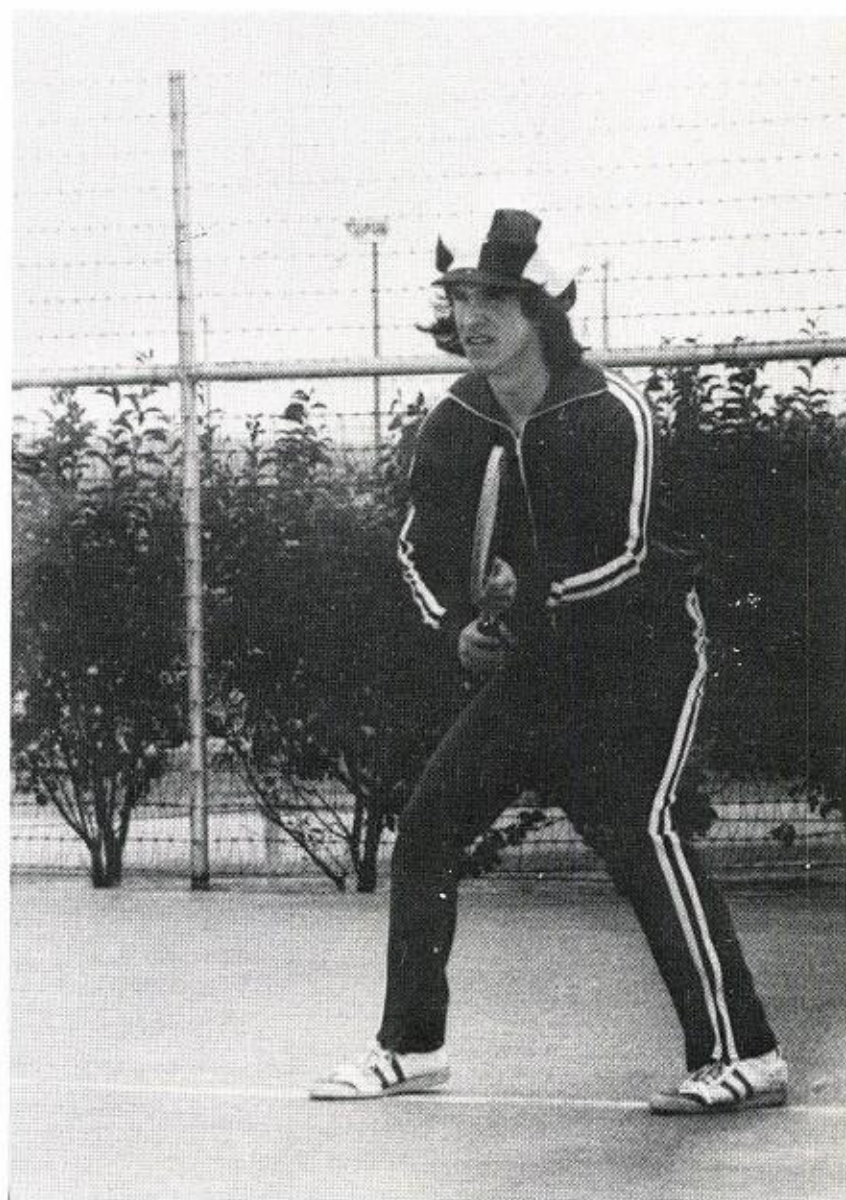

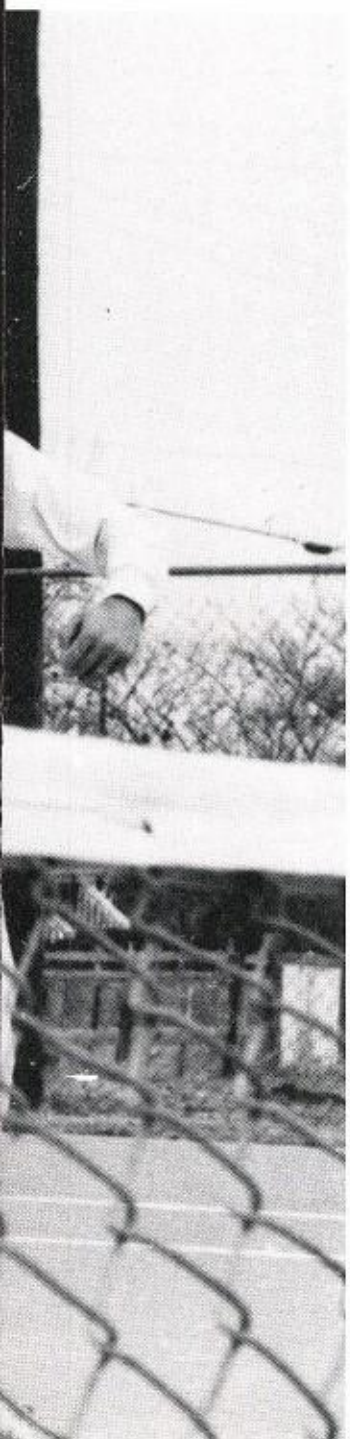

Prosecution: (Bored) Well, don't you do anything else?

Tennis: We have matches with other schools, and then go to district matches. The more matches we are in, the better we become ... My backhand and forehand can improve

Prosecution: (Impatient) Who cares about your backhand and forehand! I request we move on ...

Tennis: Yeah, this fool is just making racket!!

We're getting ready for your generation.

In the years ahead you'll need more electricity than you're using right now because there's a lot to be done. Like new jobs, more efficient homemaking, health care and cleaning up the environment. Right now Texas Electric is building new lignite coal and nuclear-fueled power plants that will help make sure you have the electricity you're going to need.

“Let’s Do It Again ...”

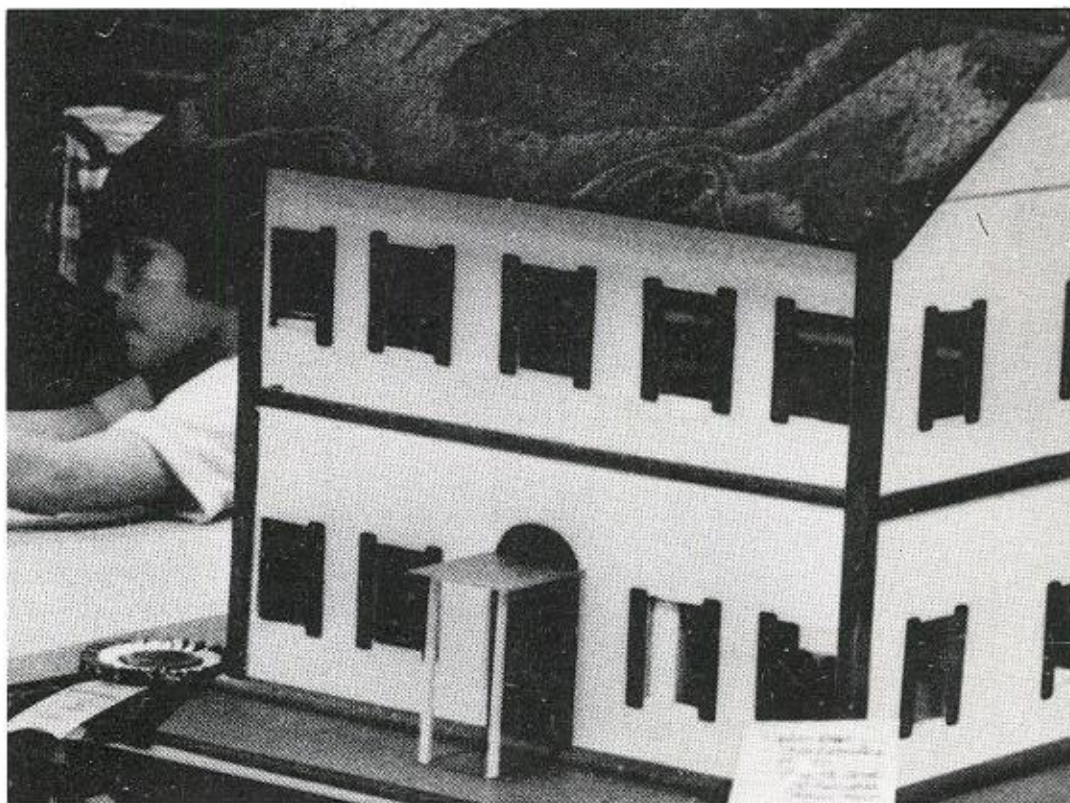

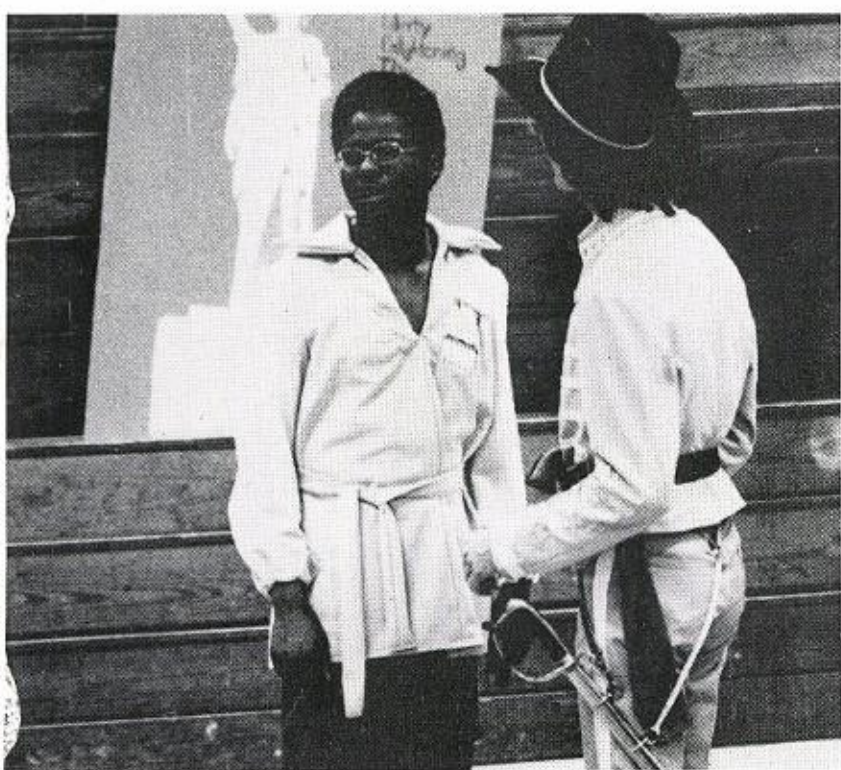

Judge: After hearing all of the presented evidence, do the co-defendants have anything to add in their behalf?

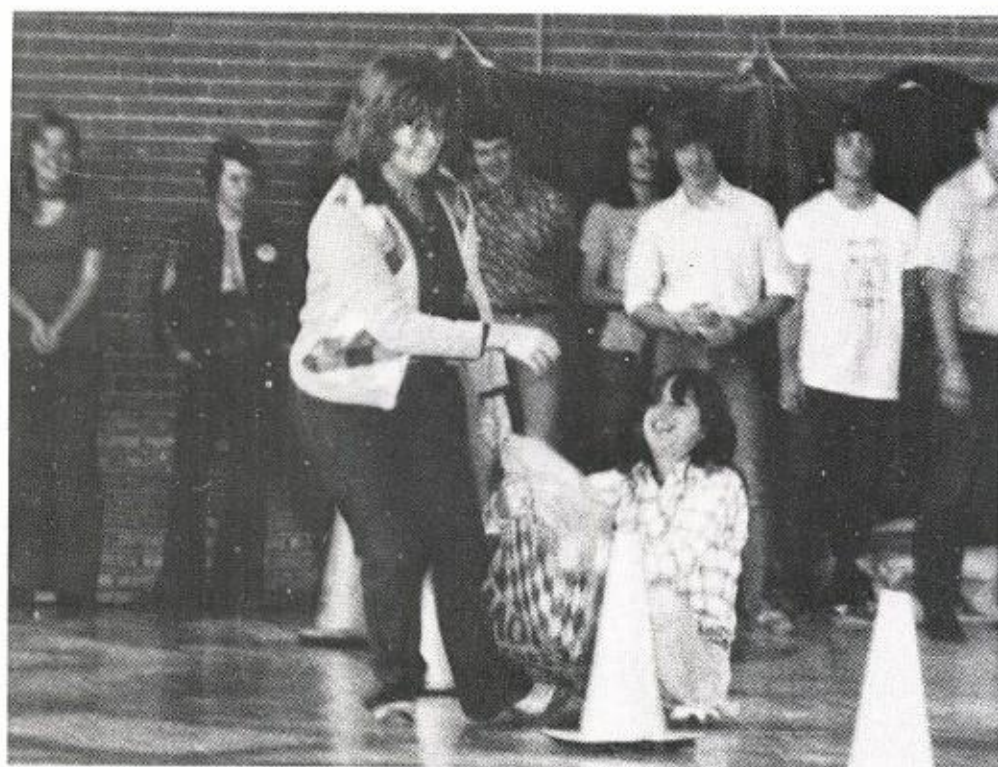

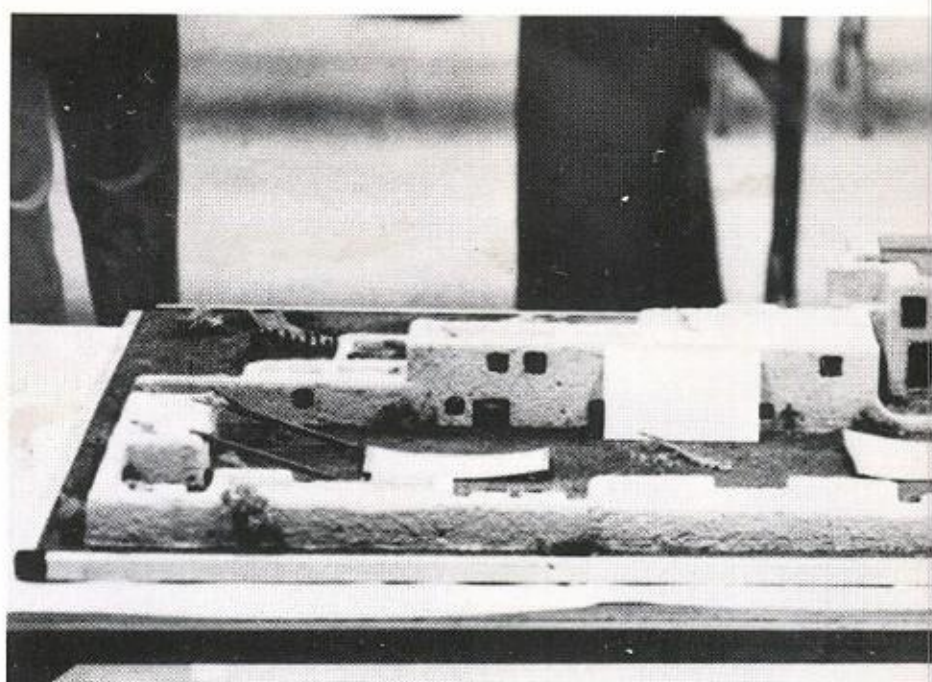

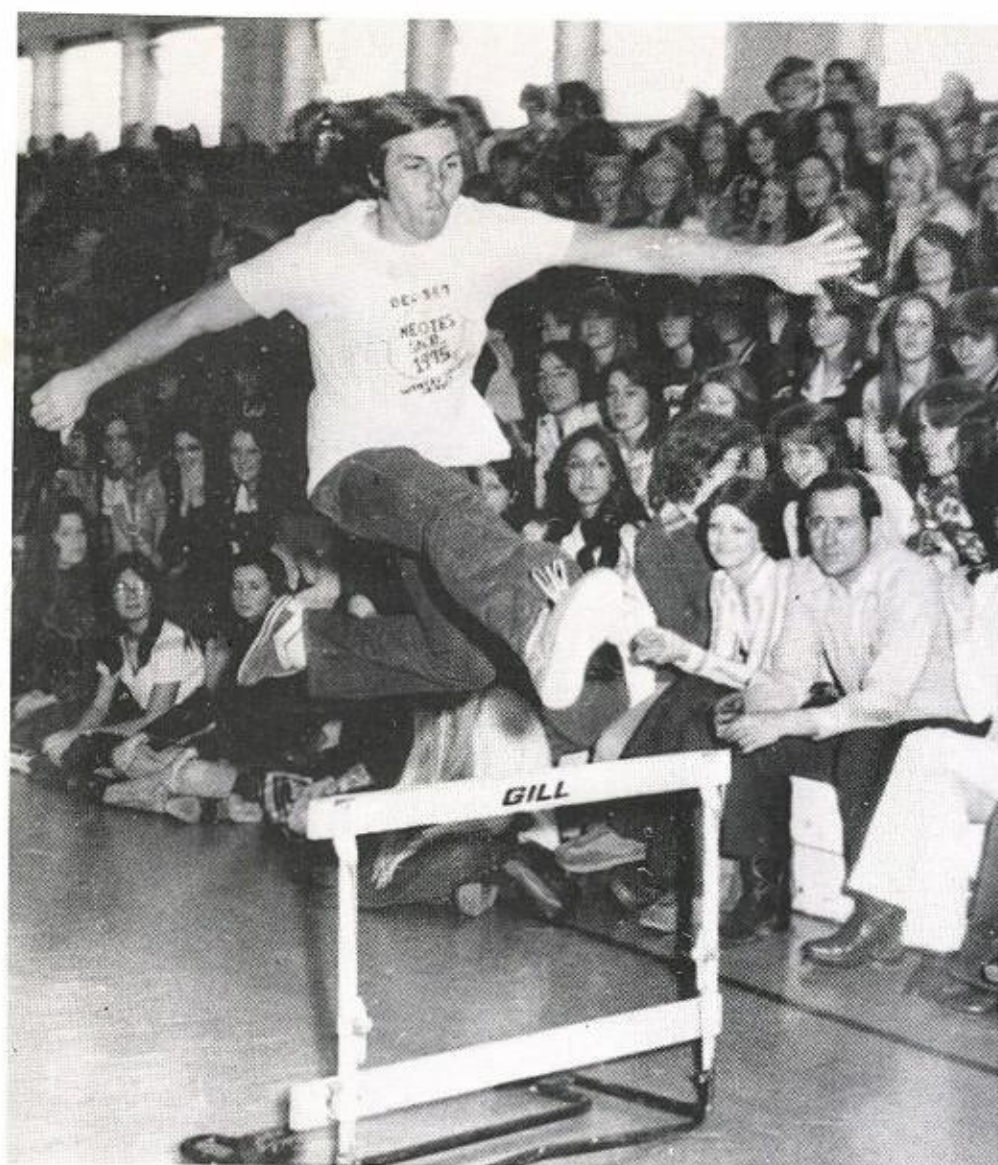

Co-defendants: We most certainly do!

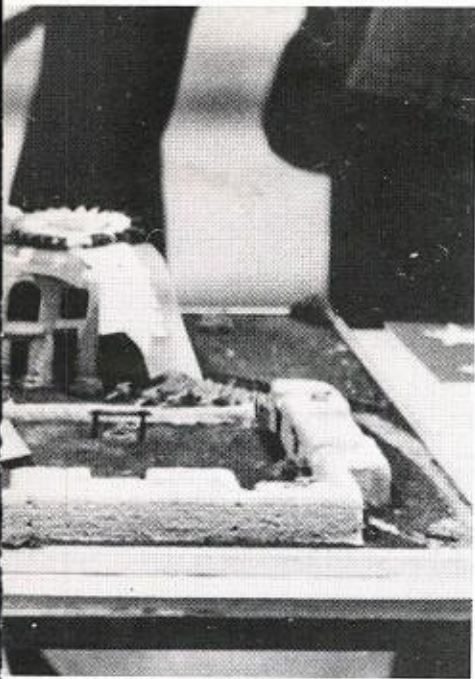

Judge: Very well, proceed.

America: I would like to say that I totally disagree with the charges brought against me! I am innocent! Two hundred years ago when my people fought for freedom, their actions were justified. If my people hadn’t declared independence and brought about CHANGE, I would not be the self-governing nation I am. This CHANGE WAS NECESSARY! As for advancements of technology, I realize my land is not as beautiful as it once was, and is scarred by PROGRESS, but CHANGE has to be made. I am now one of the most prosperous nations in the world. The people in my land live more comfortable than any other nation. I ask you to consider the way things were, and the way they are now. You will see that the CHANGE was not only necessary, but that conditions are definitely better as a result of CHANGE.

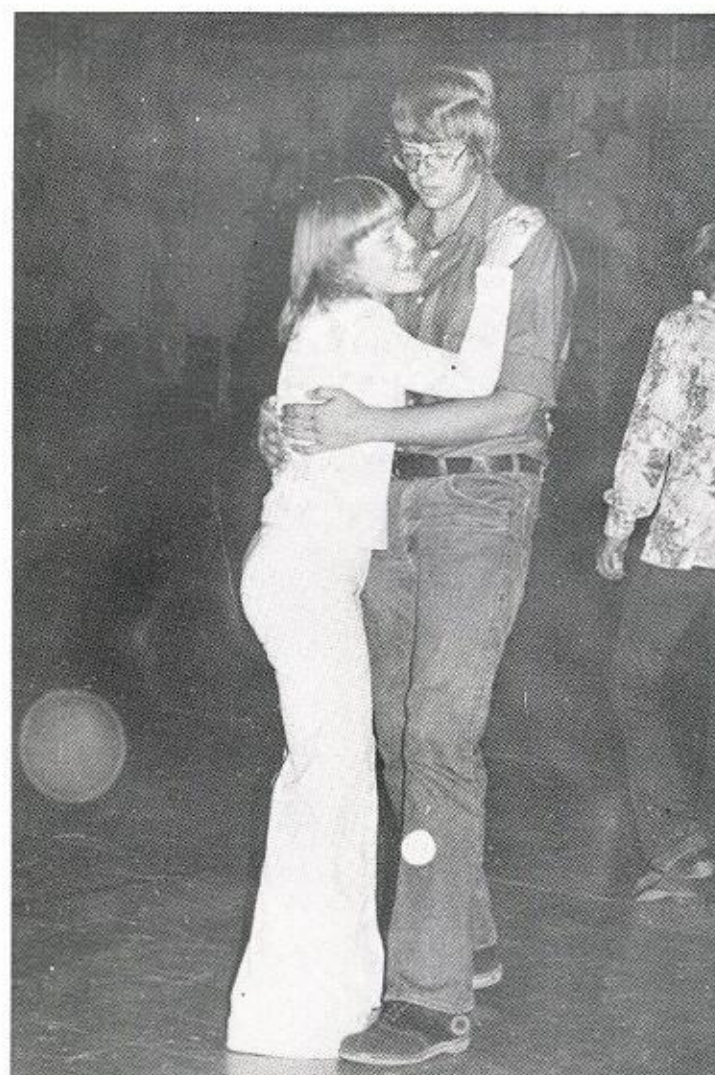

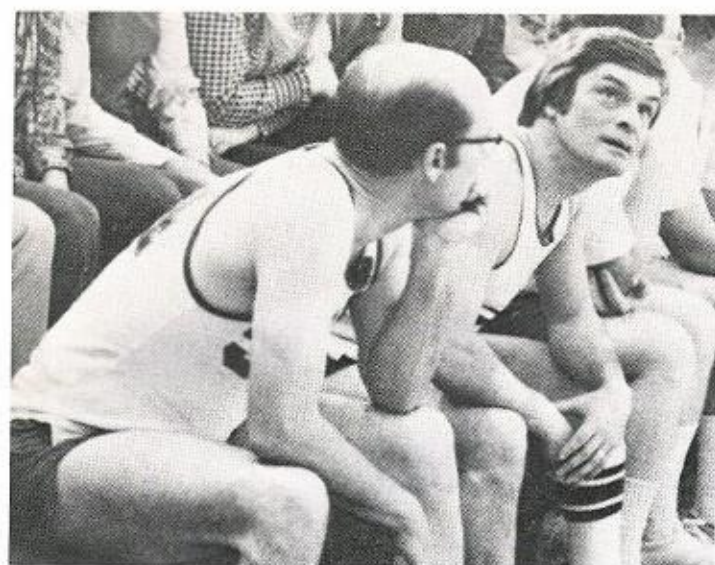

White Settlement: The evidence presented against me is preposterous! I agree I have CHANGED from the early frontier settlement I once was, but how long could I have stayed that way? People cause CHANGE, and when my people came to me searching for a place to live and work, I CHANGED. This CHANGE was necessary! I have not CHANGED as rapidly as I did in my younger years, but things are certainly better as a result of CHANGE! Instead of a lawless, chaotic city, my citizens live in peace. All of this has been brought about by CHANGE ... necessary CHANGE!

Brewer: As stated earlier by the other co-defendants, I am not guilty! The Prosecution is correct in accusing my people of wanting CHANGE. My students are constantly seeking ways to CHANGE. They refuse to conform! However, the Prosecution is incorrect in stating my students want unnecessary CHANGE. If my students did not seek and demand CHANGE, everything would remain the same year after year. My students only want CHANGES for the betterment of me, and they are necessary. Speaking for the Defense, we rest our case.

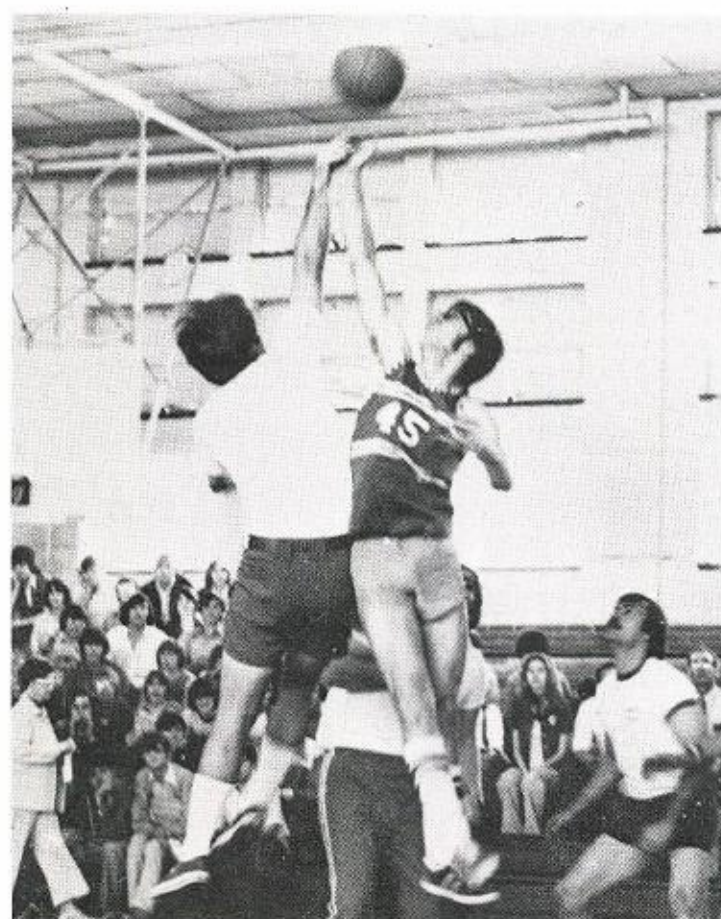

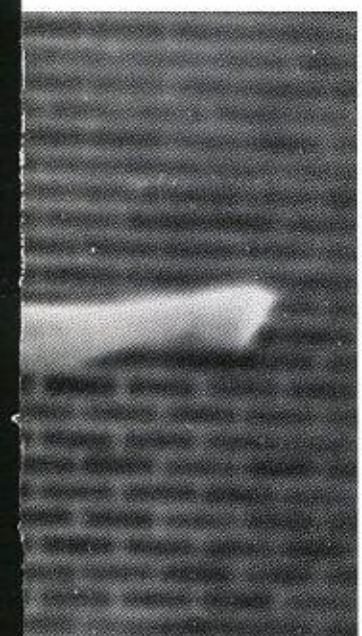

Judge: Ladies and gentlemen of the jury, you have heard the cases of both the Prosecution and Defense. The decision of whether the co-defendants are guilty or not guilty is up to you. This courtroom will recess while the jury goes into deliberation.

Jury Chairman: Your Honor, there is no reason for the court to have a recess. We have unanimously reached the verdict.

Judge: Very well, what is your decision?

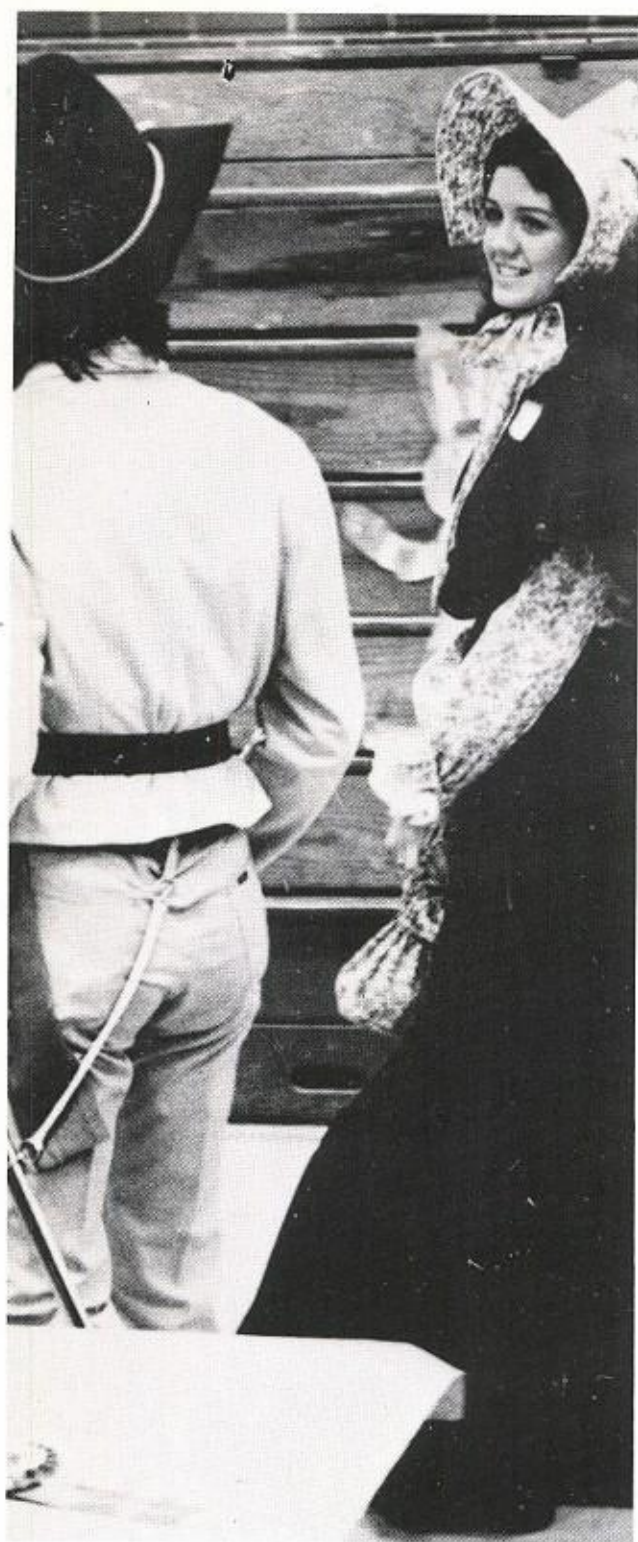

Jury Chairman: We find the co-defendants of America, White Settlement, and Brewer High School ...

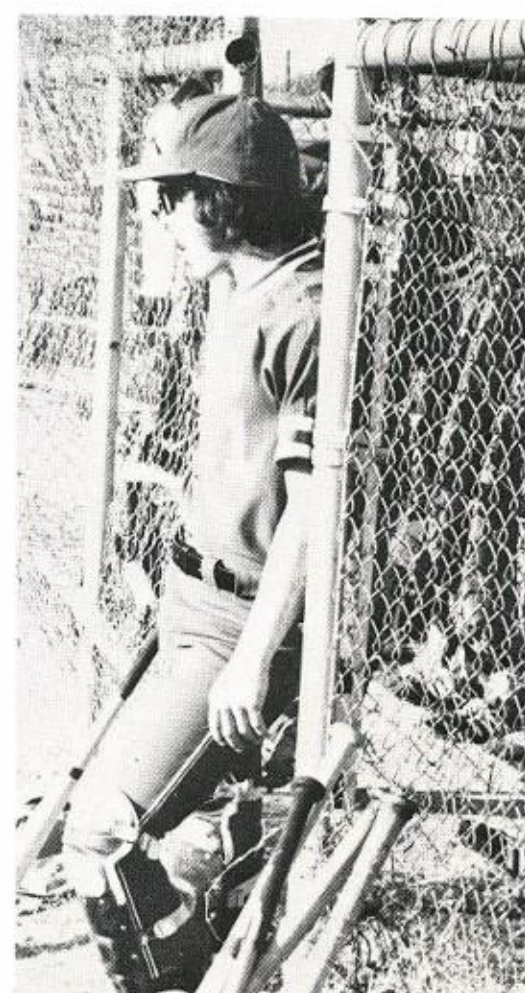

"School's out"

We, the Annual Staff, in keeping with the Bicentennial theme, dedicate the 1975-76 Brewer Bear Tracks to the Spirit of '76 ... the Bicentennial Seniors. The Seniors of '76 have become a united class through their activities over the past four years. They have been a close-knit class through trials and tribulations they have been forced to accept. They have banded together in protest of unnecessary CHANGE brought upon them. The Seniors have joined together in efforts to carry out CHANGE, some successful, some unsuccessful. For example, time after time, the Seniors attempted to regain the privilege of going on a Senior Trip. However, the requests were continually denied. Even though many obstacles have confronted them, they remained the united class as in the happy times. They will remain the united class of '76 ...

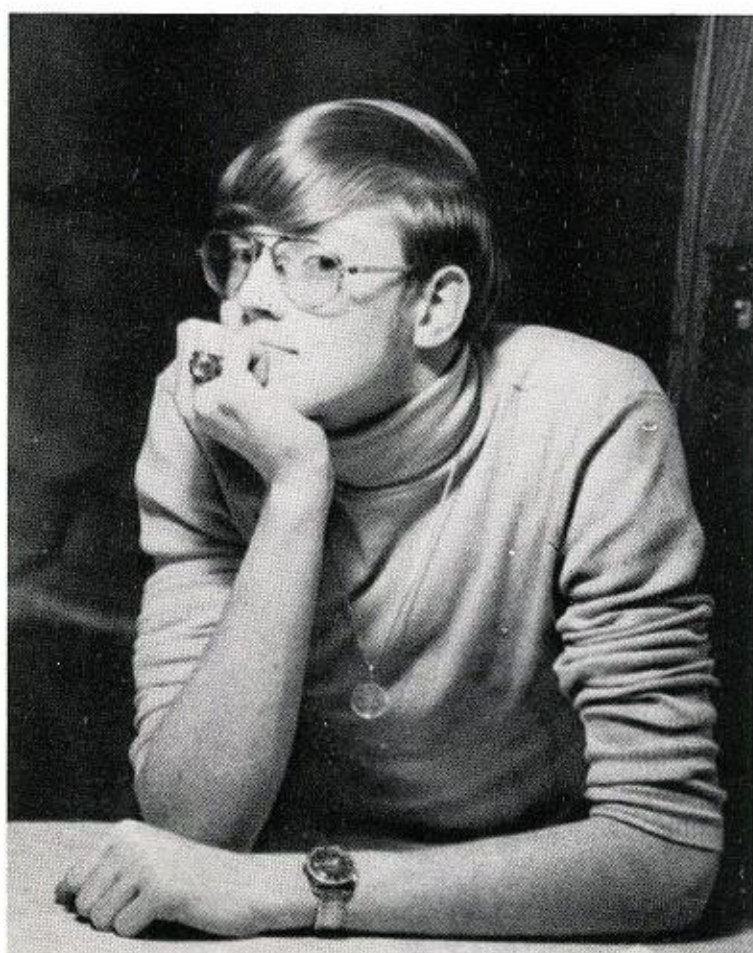

FOREVER!

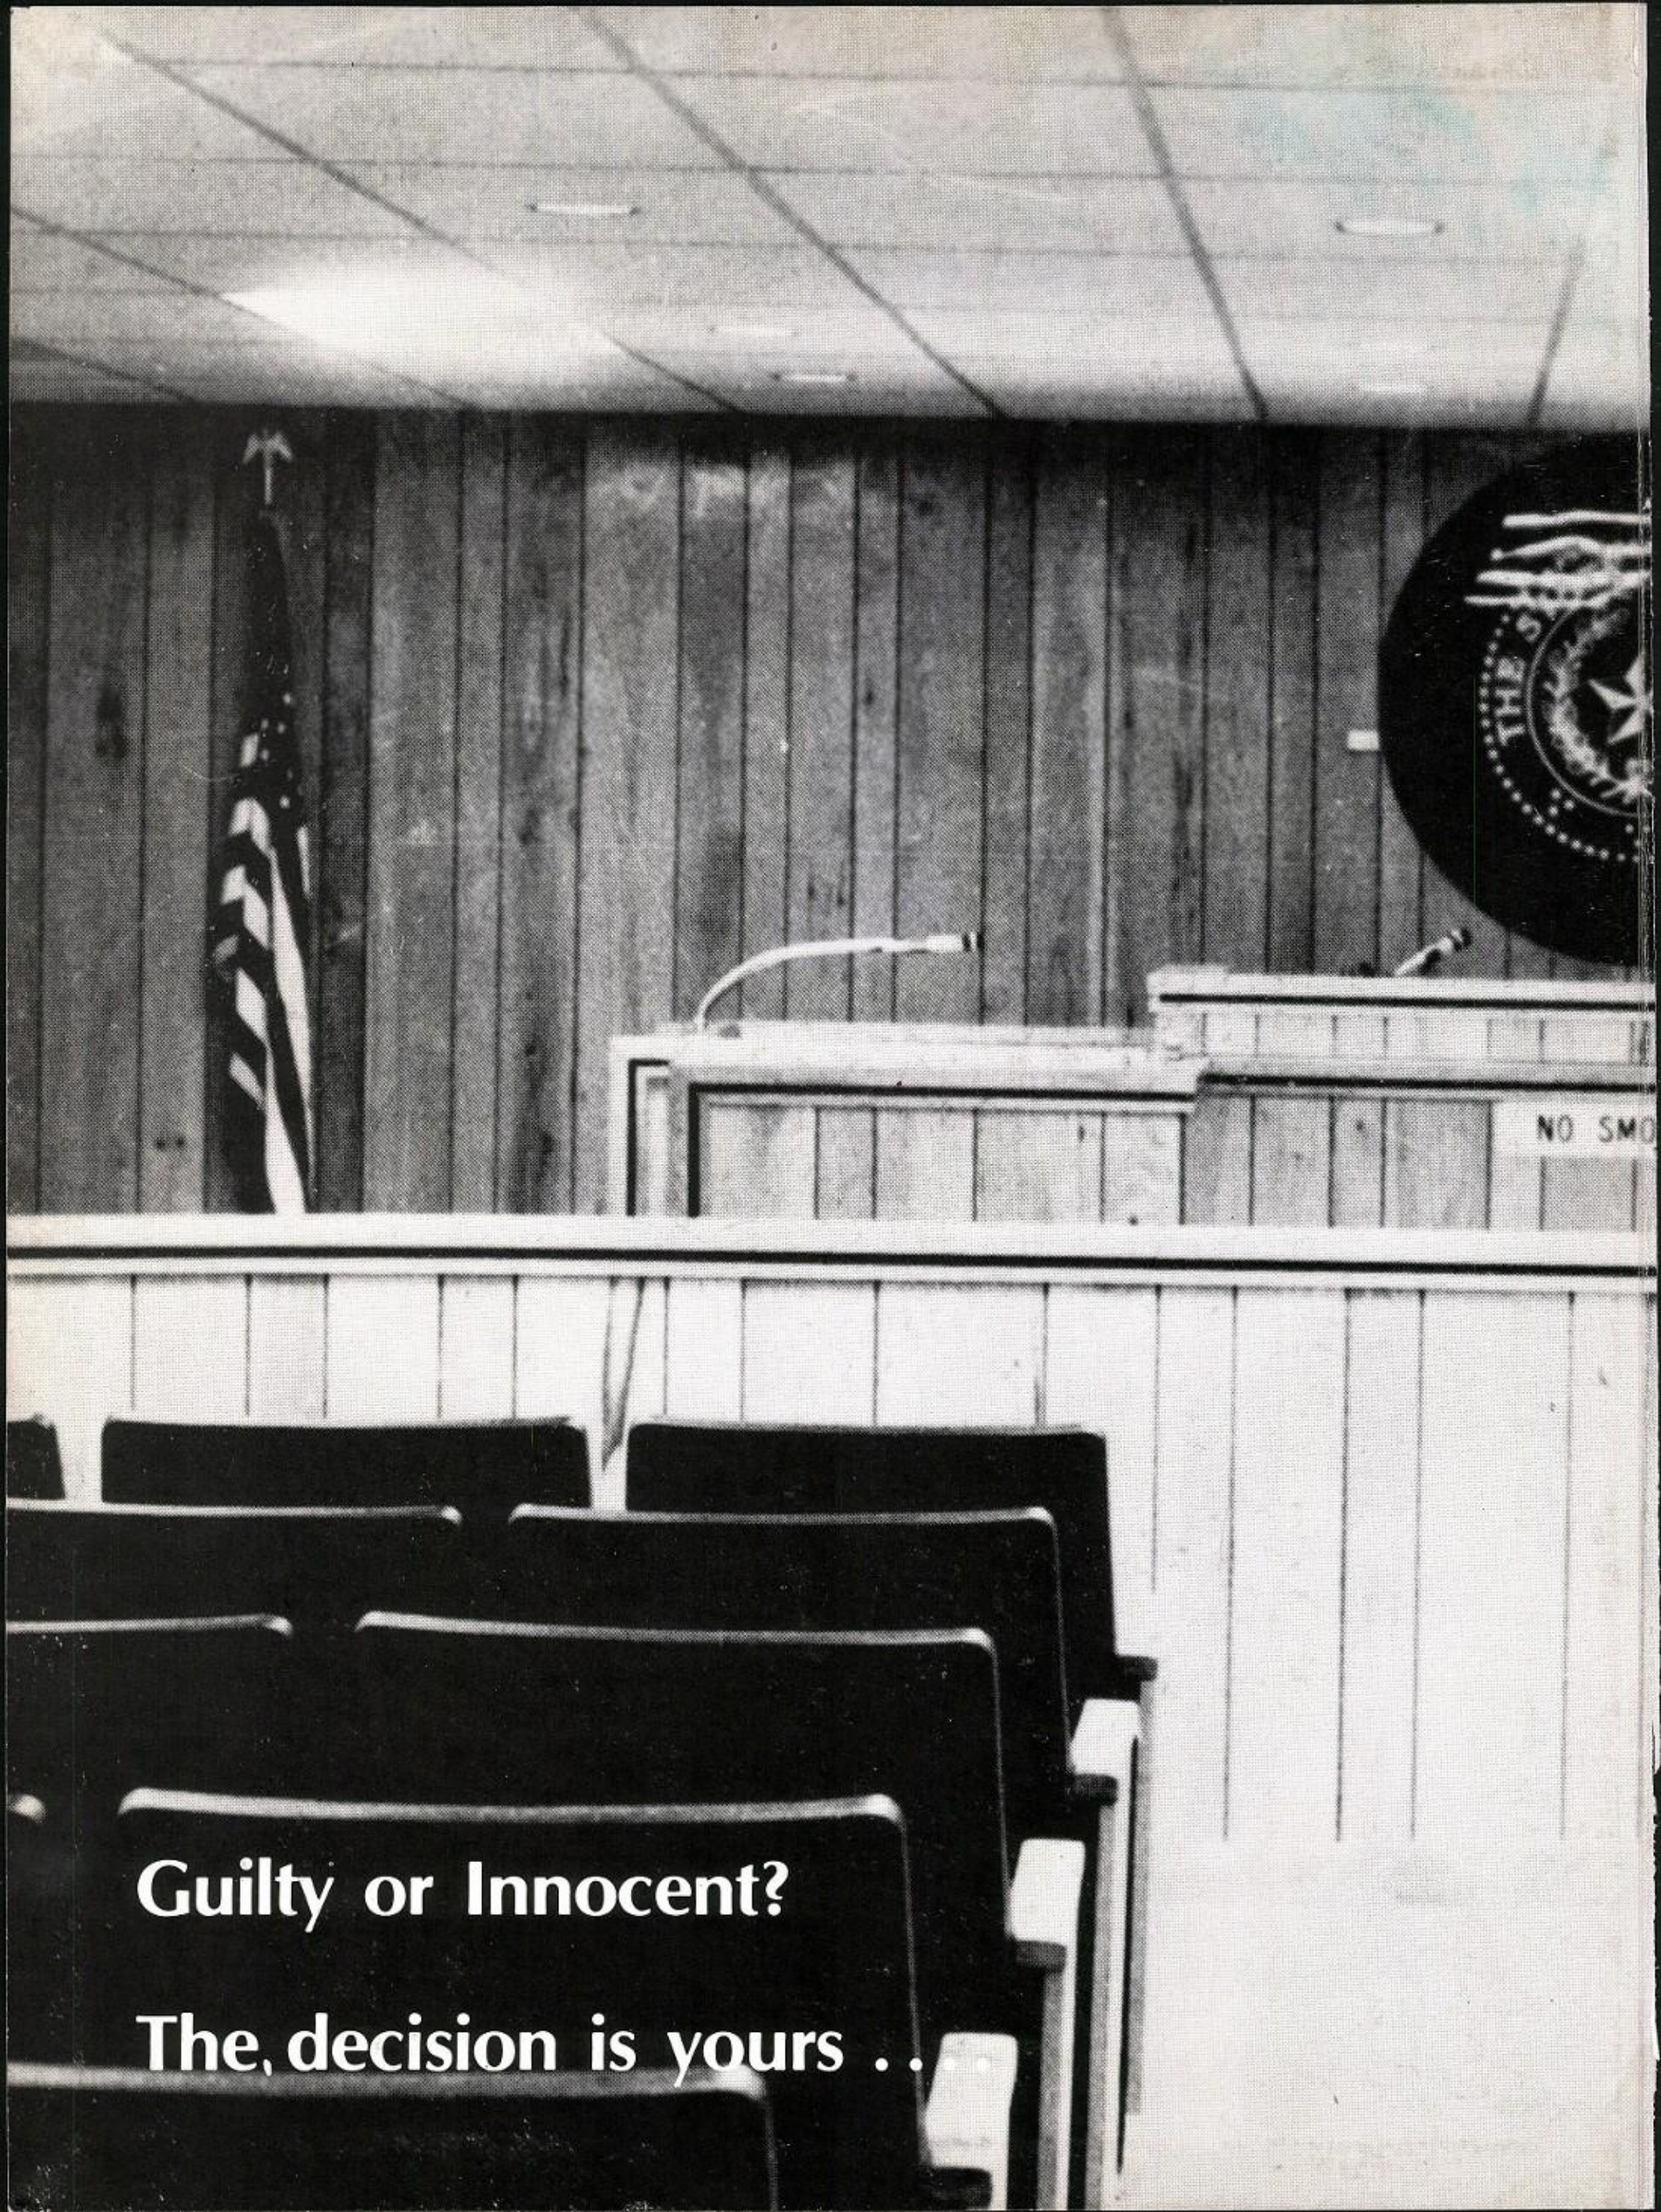

"Be Thankful For What You Got!!"

Throughout the course of the year, several students have expressed their personal desire for a Bicentennial Yearbook, chiefly the Seniors. Of course, I realize our reasons for wanting such a book, since we are the ONLY Bicentennial Seniors ever to graduate from Brewer High School. A Bicentennial Yearbook had first entered the staff's mind early in the summer of 1975. After many hours of stars and stripes, and Betsy Rosses, and many fireworks, the Yearbook staff had come to a reasonable conclusion. We agreed to have a Bicentennial Yearbook, yet it would indirectly be related to the Spirit of '76 and still deliver the theme we intended to present. Nevertheless, the difficult part was over, and the staff went to work. We spent the majority of the summer selling ads, and when school began, we had deadlines to meet by preparing photographs, copy, and layouts into an outstanding book. Many annual meetings, late hours, and school activities have been sacrificed to compile the most unique volume of the **Bear Tracks** ever published at Brewer High School. Therefore, I would like to extend my greatest appreciation to my staff, as they did an outstanding job in performing most of their own assignments in order to produce such a fine edition of this book. Also, many thanks to our esteemed sponsor, Ron Stubblefield. In closing, I wish to say, along with my staff, if you did not enjoy the contents of this year's annual, TELL IT TO THE JUDGE!!!

Mr. ED.,
Glenn Cole

Guilty or Innocent?
